PUBLIC MEETING OF PUBLIC SERVICE BOARD TO DISCUSS INTRODUCTION OF NEW OCCUPATIONAL CATEGORY FOR CLERICAL OFFICERS, BOARD ACTIVITIES 1981-82 AND DEVELOPMENT OF THE PERSONNEL FUNCTION IN GOVERNMENT DEPARTMENTS

A notice of the Board's next Public Meeting appeared on page 1170 of the *Victoria Government Gazette* No. 45 dated 18 May 1983. The following item has been added to the Agenda for that Meeting:

DEVELOPMENT OF THE PERSONNEL FUNCTION IN GOVERNMENT DEPARTMENTS

For the information of persons who may be interested in attending the Meeting, an outline of the matters to be considered at the Meeting is set out below. Full discussion papers will be sent to persons who notify their intention to attend.

1. Introduction of a new occupational category for Clerical Officers

This Public Meeting will discuss a proposal for the development and introduction of a more appropriate structure to encompass Clerical Assistant and related work.

The proposal seeks to establish a 7-level structure and to incorporate approximately 5000 positions from 180 related 3rd Division Categories including the CA category. In addition there are a large number of positions currently classified in the lower levels of the Administrative category which could be transferred to the Clerical Officer structure over time.

Particular features of this structure include broadbanding and the identification of functions which will be the major province of Clerical Officers. This means that Clerical Officers will have expanded career opportunities which will extend to the supervision of other Clerical Officers.

The class of work to be undertaken essentially involves the provision of a range of general administration, clerical and office support services. Some of the principal functional areas which have been identified for inclusion in this class of work include registry, reception and attendant duties, office equipment, messengerial and mailing, and aspects of records processing in areas such as finance, data preparation, personnel and stores.

The discussion paper addresses many of the essential issues of this proposal including classification procedures, rates of pay, entry requirements and translation procedures from current classifications.

2. Public Service Board Activities 1981/82

This item has been listed to provide an opportunity for general discussion of a report on Board activities and policy developments during 1981/82.

3. Development of the Personnel Function in Government Departments

In recent years initiatives have been taken to improve the management of human resources in the Victorian Public Service. Against a background of rapidly changing priorities in Government, the development of new policies and the requirements for the implementation of these policies there is a need for further development of the personnel management function with particular emphasis on that function within departments.

The proposal explores priorities for the further development of personnel management in the Public Service.

To ensure that seating is available and that papers can be distributed, those wishing to attend are requested to reserve a place via the Secretary, Public Service Board (Telephone notifications and enquiries (03) 651 1373).
