Subjects of Examination

The subjects to be examined (under Regulations 14 to 20) are the Assessment Projects set out below:

"Field Practice" — the making of a survey of a route or site nominated by the Board and the preparation of appropriate records.

"Practical Levelling" — the determination of elevation of points nominated by the Board and the preparation of appropriate records.

"Professional Practice" — an oral examination concerning the responsibilities and obligations of a surveyor in respect of professional practice, legislation, and the community.

Prerequisites to Examination

Under Regulation 16 prospective examinees in any of the above Assessment Projects must, at the time of the examination:

- (a) have completed the required course of training in surveying as prescribed in Regulations 3 to 9 and have submitted to the Board a certificate or certificates of training;
- (b) have been credited with a pass in or been exempted from the Practical Projects as prescribed in Regulations 10 to 13 — see below under Practical Projects; and
- (c) have lodged an application for examination as set out below under Applications for Examination.

Practical Projects

Prospective candidates for the examination in the above Assessment Projects who have not been previously credited with a pass in each of or been exempted from the Practical Projects as prescribed are required to submit to the Board for examination or re-examination any required Practical Projects at or before 12 noon on 3 August 1984.

Notwithstanding that the closing date for submission of Practical Projects is 3 August 1984, the Surveyors Board strongly urges prospective examinees to submit Practical Projects as least 8 weeks prior to that date (i.e. not later than 1 June 1984) so that they might have sufficient time to attend to any requisitions on the projects.

Applications for Examination

The Board will consider all applications for examination in the above Assessment Projects which have been lodged in accordance with Regulation 19(3) at or before 12 noon on 24 August 1984.

Where a prospective examinee has not met the requirements of Regulation 17(c) but has submitted Practical Projects (as indicated above) that person should submit an application for examination in the above Assessment Projects in the expectation of meeting the requirements of Regulation 17(c).
