Conditions of Contract for General Stores

1. For the purposes of these contracts the word "Government" shall mean the Government of the State of Victoria; and the word "Treasurer" shall mean the Treasurer of the said State.

2. Except where definite quantities are specified the Government will not be bound to order from the contractor all the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the estimated quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates. The Government reserves the right to purchase otherwise than from the contractor articles of any of the several kinds enumerated in the schedule, the purchase of which is, in the opinion of the Tender Board, necessary in order to meet special circumstances or special requirements.

3. Under this contract goods may be ordered by any Department of the Commonwealth, but it shall be optional on the part of the contractor to supply.

4. Supplies must be of the kind ordered and of the particular manufacture accepted under contract. In the event of the tender having been accepted for goods manufactured within Australia or within any other part of the British Commonwealth, all such goods supplied shall, if required by the Government, bear evidence that they are of the particular manufacture tendered for and, in addition, the contractor may at any time during the currency of the contract be called on to furnish a statutory declaration as to the country of origin of the goods supplied.

5. Except where otherwise stated in the schedule, the value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., shall be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. The contractor must provide, without extra charge, whatever labour may be required in the packing of stores.

6. Except where otherwise stated in the schedule all orders for supplies will emanate from the Departments requiring the goods, which shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for same to the officer authorised to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted and return the order to the contractor, who will attach it to his claim for payment.

7. Supplies ordered for delivery in the Melbourne District are to be delivered free of all charges (whether cartage, freight, &c.) and, for the purposes of this contract, the Melbourne District will include a radius of 32 km from the Elizabeth Street Post Office. For supplies outside that radius and goods must be delivered free or free on rails at Flinders Street or Spencer Street Railway Stations as required.

8. Arrangements as to time of delivery and inspection of goods will be made by the officer ordering the supply.

9. Orders must receive prompt execution; in the event of the goods not being delivered within forty-eight hours after the specified delivery date shown on the order, it will be competent, after obtaining approval of the Tender Board, for the officer named in clause 8, or the head of the Department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

10. Delivery will not be deemed to have been made until the goods have been approved of. In the event of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as provided in clause 9.

11. The contractor will be required to furnish his account in the prescribed form as soon as possible after the delivery of the goods, the account to be accompanied by the receipted delivery orders on which it is based. Where practicable, the use of more than one account form for each Department or sub-Department must be avoided. The rates and the quantities quoted in the orders cannot be increased.

12. The acceptance of the supplies shall be subject to the approval of the officer authorised to take delivery of the stores, or such other officer as shall be named in the schedule. The contractor may, however, claim a survey on any goods objected to; but in that case, he must, within twenty-four hours after the objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such deficient or defective stores may be returned to the contractor.

13. The members of Boards of Survey will be appointed by the Treasurer of the State for the time being, and the decision of the Board is to be considered as final. If the Board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as provided in clause 9.

14. A refusal to execute orders, irregularity in the quantity or quality of the supplies, delay in delivering or replacing them when required, or non-compliance with the terms of clauses 16 and 17 of these Conditions respecting the forwarding of consignment notes, &c., will subject the contractor, upon report from the Tender Board, to such mulct not exceeding five hundred dollars as the Treasurer may direct, and the amount may be deducted as provided in clause 9. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay to terminate the contract forthwith and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period of not less than twelve months from the date of such disqualification.

15. All goods forwarded under this contract outside the Melbourne District shall, where railway facilities are available, be forwarded by rail, and all consignments shall bear the number of the consignment notes under which they are forwarded and also the name of the contractor by whom consigned, on a legibly-written business label.

16. When the contractor is required to make delivery of goods at a railway station for transmission by rail for any Department excepting Departments of the Commonwealth he shall obtain a receipt for the goods on a Victorian Railways consignment note as an authority for the Railways to act as agent for, and charge the freight to, the Department as shall be named therein. In all instances the contractor shall consign goods at Railways' Risk and state the order number and description of goods on the consignment note. Should the goods thus forwarded be rejected the contractor must bear the cost of replacing such goods for which service the Department must not be charged any additional freight costs. Any infringement of this condition will subject the contractor to such mulct as is provided in clause 14.

17. In the event of loss through failure on the part of the contractor to comply with the conditions of clause 16 the contractor will be held responsible and the amount of the loss incurred thereby will be deducted as provided in clause 9.

18. Should the order on the contractor specially provide that the goods of a fragile character, or such as are liable to suffer loss by leakage, shall be consigned at the risk of the Railways Commissioners, under special freight conditions, the contractor shall in such instance provide, in writing on the consignment note, an intimation to that effect, failing which, in the event of loss, he shall bear the whole cost of replacing the goods, the amount thereof to be deducted from the contractor's account or from the security money.

19. The contractor is not at liberty to transfer his contract under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. Should it be found during the currency of the contract that the contractor has not conformed to the condition of advertisement which stipulates that if a tenderer be a member of a firm and such firm be interested in the contract, the tender shall be in the name of the firm, and not in that of the individual—then the Treasurer may, on the recommendation of the Tender Board, determine the contract and forfeit the security money.

20. The contract entered into under these conditions is not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works or by the State Rivers and Water Supply, Forests, and Electricity Commissioners, or the Country Roads Board, or for the Railways Department, or for supplies for Technical Schools, or for connexions and fittings for Drills and Batteries, or by any article being made at and supplied for the use of any Government establishment, or by the consumption of the surplus stock of any Government establishment.

21. Notwithstanding anything to the contrary contained in section 152 of the Customs Act 1901-71, it is hereby expressly provided that upon any alteration of the duty collected

affecting the goods included in this contract, the contract price shall not be altered, and the contract may be terminated at the option of either party by two months' notice, in writing, from the first day of the calendar month next ensuing and within the period for which the contract is made. The contract for the unaffected items shall remain in full force and effect. Any notice to be served under this condition shall be deemed to have been duly served if sent to the contractor in a registered letter to his last-known place of business or abode.

22. The foregoing provision shall not apply where the contract is for definite quantities of imported goods to be delivered at stated times, as stipulated in the schedule, and any alteration in the duty of Customs or Telegraphic Transfer rate of exchange affecting the goods included in such contract shall be to the accounts of the Government; adjustments to be based on the F.O.B. and C.I.F. prices of the goods, respectively, and the Telegraphic Transfer rate ruling at the time of delivery of the goods.

23. *Under no circumstances, other than those mentioned in clause 21, will the contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.*

24. Every person engaged in the service tendered for in this schedule shall be paid such wages and employed subject to such labour conditions as are or may be determined by any Federal Arbitration Court Award or any State Wages Board determination.

25. The contractor will be held liable for any damage to Government property occasioned by the contractor or any person engaged by the contractor during the performance of any service required under the contract.

AVAILABILITY OF SUPPLIES.

As numerous contracts are subject to Force Majeure, or other special conditions regarding availability of stocks, raw materials, etc., the penal provisions of clause 9 of the Conditions of Contract are not to be enforced by Departments without reference to the Tender Board.

AGREEMENTS.

Where the name of the supplier opposite any item is shown with the sign (A), no contract has been executed: requirements of such items are to be purchased from the supplier named, under Tender Board Agreement.

9. In the event of goods forwarded by rail or sea not being removed within reasonable time, and in accordance with the Railway or Harbor Trust Regulations relating to same, the contractor shall be held liable for charges applicable and the amount may be deducted as provided in clause 5.

10. Claims for detention shall only be considered in the event that the contractor is subjected to unreasonable delay. The cause of the delay must be accepted before payment will be made.

11. The contractor must have an office located within the Melbourne and Metropolitan District.

12. Goods shall be delivered to one specified location at the site of delivery required by the Department requiring his services. Where a number of Government Departments occupy one building, delivery is to be made to a specified location for each Department.

13. No services performed under these contracts shall be deemed to be of a special nature, provided that the contractor be given reasonable notice that his services shall be required and no increase in the contract rates shall be permitted.

14. All vehicles in which the goods are carried must be in thorough working order, and, if required, provided with good waterproof covers.

15. The contract shall not be considered broken, infringed, or vitiated by the Government performing the service or arranging for the carrying out of the same otherwise than by the contractor or in the event of urgency or emergency.

16. The contractor is not at liberty to transfer his contract under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

17. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor may be held liable for any loss which the Government may sustain in consequence of such failure.

18. A refusal to execute orders, irregularity or delay in delivering the goods when required, or failure to produce delivery dockets, weighbridge tickets or consignment notes on delivery in accordance with clause 7, or any breach of Railway or Harbor Trust Regulations, will subject the contractor, upon report from the Tender Board to such mulct as the Treasurer may direct, and the amount may be deducted as provided in clause 7. It will also be in the power of the said Treasurer upon such refusal, irregularity, or delay, to terminate the contract forthwith, and declare forfeit the whole or any portion of the security money; and, in addition, the contractor will be disqualified from tendering or holding any future contract or contracts for a period to be determined by the Board, such disqualification to date from the notification of acceptance of tender.

19. In the event of any dispute arising as to matters or things contained in the contract or Schedule the same shall be settled by the Tender Board, and the Board's decision shall be binding, final and conclusive.

CONDITIONS OF CONTRACT

FUNERALS OF DESTITUTE PERSONS (METROPOLITAN)

1. The services are to be performed upon an order signed by a member of the Police Force. Under the *Cemeteries Act 1958* (No. 6217), cemetery fees are not payable in the cases of poor persons buried upon an order signed by a justice, and in such cases the contractor's account for the burial will be correspondingly reduced.

2. No claim will be allowed under this contract for any burial respecting which the Contractor received or arranges for any payment whatever from the relatives or friends of the deceased; but in the event of friends or relatives desiring to have the deceased buried in private ground, while availing themselves of the Government funeral, they must, in such case, pay all the cemetery charges.

3. The funerals are to be of the most economical description consistent with propriety. A plain hearse for an adult, and a suitable vehicle for a child. In the event of any charge of neglect or impropriety in the conduct of funerals being established to the satisfaction of the Tender Board against the contractor the Secretary to the Tender Board may cancel the contract forthwith.

4. The body shall be taken direct to the Necropolis, or to the New Melbourne Cemetery, as the case may be and no more than one body shall be carried in the hearse at any time. Not more than one body shall be retained on the premises of the contractor. Any infringement of these conditions will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding \$100, as the Treasurer may direct, and the amount shall be deducted as in clause 15.

5. Coffins for funerals must be waterproof and sufficiently long, deep, wide, and substantial to bear the corpse and permit it to lie extended at full length. Coffins must be fastened down with screws. The contractor shall provide two inches of sawdust for the bottom of the coffin; a small block of wood to keep the head of the deceased in position and sufficient white calico to cover the body. Coffins to be properly lowered into the graves, and the graves filled up again.

6. In cases of burials of bodies which are, in the opinion of the Department ordering the burial, of a distinctly offensive character, such as of persons drowned and long in the water or such as are in a state of putrefaction from any other cause, or persons who have died from an infectious disease, such bodies shall, on certification of the officer ordering the burial in watertight coffins, hermetically sealed, such coffins to be provided by the contractor.

7. Bodies of deceased persons, with the exception of those provided for under clause 2, must be conveyed to the Necropolis, Springvale, for the burial should the death of such person take place in any region or area south of the Yarra River, and to the New Melbourne Cemetery, Fawkner, should the death take place in any region or area north of the Yarra River.

However, the Tender Board may on application by the contractor and subject to such conditions as it may determine, authorise the burial of bodies in a cemetery other than those specified.

8. The graves to be dug of the proper depth, and in conformity with the Necropolis and respective Cemeteries' Regulations.

9. In the event of the contractor failing to attend punctually to any order, the work will be otherwise performed, and the extra expense incurred, if any, will be charged to the contractor or deducted from the contract security money.

10. When burials are required to take place on Sundays the contractor must comply with the order without delay. Any additional charges by the Necropolis or cemetery authorities will be paid by the contractor who will be reimbursed on producing the receipt for payment.

11. The attendance of a Minister of the denomination as named in the order for the burial must, if practicable, be provided and the contractor must inform the Police of the hour when the funeral service will take place, so that the friends of the deceased may attend at the cemetery if they wish. The contractor will pay the Minister's fee for reading the burial service if claimed, and he will be reimbursed the amount on producing the Minister's receipt. The charge should be included in the account for the funeral.

12. However, should the religious belief of the deceased preclude the burial being carried out in conformity with the above clause as regards the attendance of the officiating clergyman, the friends of the deceased shall, if practicable, be notified by the Police with respect to the service. In the case of foreigners, the Consul of the country to which the deceased is reputed to belong shall also be notified by the Police Department of his demise in which case, when practicable the Consul may provide for such service as he may consider necessary.

13. Under no circumstances will the contractor be permitted to use any undue or improper influence with the friends or relatives of, or any other person connected or associated with, the deceased person for the purpose of obtaining any concession or privilege whatsoever in regard to the funeral of such person. Any infringement of this condition will, on report of the Tender Board, subject the contractor to the immediate cancellation of his contract, the forfeiture of the security money, and such other penalties as the Treasurer may direct; the decision of the Board as to whether any breach of this condition has taken place will be final and conclusive.

14. Accounts, accompanied by a certificate that the burial has been duly performed, are to be rendered monthly to the officer ordering the service and payment will be made by cheque by the Department of Management and Budget, Melbourne.

15. A refusal to execute orders, impropriety, neglect, or delay in conducting the funerals or any infringement of Clause 11, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding \$100, as the said Treasurer may direct, and the amount may be deducted from the contractor's account or from the security money. It will also be in the power of the said Treasurer, upon such refusal, impropriety, neglect, or delay, to terminate the contract forthwith, and forfeit the whole or any of the security money.

16. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure, and may be disqualified from tendering or holding any future contracts with the Government for a period to be determined by the Tender Board, such disqualification to date from the notification of acceptance of tender.

17. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

18. The contract shall not be considered broken, infringed, or vitiated by the Government performing the service, or arranging for the carrying out of the same otherwise than by the contractor in the event of urgency or emergency.

CONDITIONS OF CONTRACT

REMOVAL OF DEAD BODIES TO MELBOURNE CITY MORTUARY (METROPOLITAN)

1. The services are to be performed upon an order issued by a member of the Victoria Police Force.
2. The vehicles and such other plant employed in carrying out the contract must be suitable and ample to the necessities of a prompt and efficient service, and such vehicles and other plant must be maintained throughout the period of the contract in satisfactory condition of repair. Should complaint be made that the vehicles or plant employed in the service are unsuitable, inefficient, or otherwise unsatisfactory, the Tender Board upon investigation of the complaint may recommend that the contract be cancelled.
3. The contractor must be prepared to undertake any removals from the region or area contracted for at any hour and on any day when called upon by the Police. In the event of the contractor failing to attend punctually to any order, the work will be otherwise performed, and the extra expense incurred, if any, will be charged to the contractor. However, should any circumstances, make it necessary in any particular case that an immediate removal to the Melbourne City Mortuary be effected, the hiring of another vehicle for the purpose will not be an infringement of the contract.
4. When it becomes necessary to remove a dead body to the Melbourne City Mortuary, and the next of kin present or the legal personal representative of the deceased makes request in person to the Police to be allowed to employ the family undertaker to conduct such removal, the Police may at their discretion accede to such request, provided such removal is effected at no cost to the Government, and, under the supervision of the Police as in the case of a removal by the Government contractor. The contract is not to be considered as having been broken, infringed, or vitiated by such removal having been effected by other than the contractor.
5. Bodies to be removed to the Melbourne City Mortuary shall be conveyed in suitable covered vehicles. The contractor shall send two men for the purpose of removing the body to the vehicle, and from the vehicle to the Melbourne City Mortuary.
6. Every practicable precaution must be taken in order to prevent offensiveness from decomposition, but in no case of removal must any disinfectant be used without the authority of the medical officer performing the post-mortem examination.
7. Under no circumstances will the contractor be permitted to use any undue or improper influence with the friends or relatives of, or any other person connected or associated with, the deceased person for the purpose of obtaining any concession or privilege whatsoever in regard to the funeral of such person. Any infringement of this condition will, on report of the Tender Board, subject the contractor to the immediate cancellation of his contract, the forfeiture of the security money, and such other penalties as the Treasurer may direct. The decision of the Board as to whether any breach of this condition has taken place to be final and conclusive.
8. The account is to be rendered monthly to the officer ordering the service for payment by the Department of Management and Budget, Melbourne.
9. A refusal to execute orders, impropriety, neglect or delay in conducting the removals will subject the contractor, upon report from the Tender Board, to such mulct, (not exceeding \$100), as the said Treasurer may direct, and the amount may be deducted from the contractors account. It will also be in the power of the said Treasurer, upon such refusal, impropriety, neglect, or delay to terminate the contract forthwith.
10. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract the contractor will be held liable for any loss which the Government may sustain in consequence of such failure and may be disqualified from tendering or holding any future contract or contracts for a period of two years from the date of such disqualification.
11. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.
12. The contract shall not be considered broken, infringed or vitiated by the Government performing the service or arranging for the carrying out of the same otherwise than by the contractor in the event of urgency or emergency.

CONDITIONS OF CONTRACT

REMOVAL OF DEAD BODIES TO MORTUARIES (COUNTRY AREAS)

1. The services are to be performed upon an order issued by a member of the Police Force. The body will be removed to the place of mortuary specified in the order.

2. The vehicles and such other plant employed in carrying out the contract must be suitable and ample to the necessities of a prompt and efficient service, and such vehicles and other plant must be maintained throughout the period of the contract in satisfactory condition of repair. Should complaint be made that the vehicles or plant employed in the service are unsuitable, inefficient, or otherwise unsatisfactory, the Tender Board upon investigation of the complaint may recommend that the contract be cancelled.

3. The contractor must be prepared to undertake any removals from the police district or area contracted for at any hour and on any day when called upon by the police. In the event of the contractor failing to attend punctually to any order, the work will be otherwise performed, and the extra expense incurred, if any, will be charged to the contractor. Should any circumstances, however, make it necessary in any particular case that an immediate removal to a mortuary be effected, the hiring of another vehicle for the purpose will not be an infringement of the contract.

4. When it becomes necessary to remove a dead body to the mortuary, and the next of kin present or the legal personal representative of the deceased makes request in person to the police to be allowed to employ the family undertaker to conduct such removal, the police may at their discretion accede to such request, provided such removal is effected at no cost to the Government, and, also, under the supervision of the police as in the case of a removal by the Government contractor. The contract is not to be considered as having been broken, infringed, or vitiated by such removal having been effected by other than the contractor.

5. Bodies to be removed to a mortuary shall be conveyed in suitable covered four-wheeled vehicles. The contractor shall send two men for the purpose of removing the body to the vehicle, and from the vehicle to the mortuary.

6. Every practicable precaution must be taken in order to prevent offensiveness from decomposition, but in no case of removal must any disinfectant be used without the authority of the medical officer performing the *postmortem* examination.

7. *Under no circumstances will the contractor be permitted to use any undue or improper influence with the friends or relatives of, or any other person connected or associated with, the deceased person for the purpose of obtaining any concession or privilege whatsoever in regard to the funeral of such person. Any infringement of this condition will, on report of the Tender Board, subject the contractor to the immediate cancellation of his contract, and such other penalties as the Treasurer may direct; the decision of the Board as to whether any breach of this condition has taken place to be final and conclusive.*

8. The account is to be rendered monthly to the officer ordering the service for payment by the Department of Management and Budget, Melbourne.

9. A refusal to execute orders, impropriety, neglect, or delay in conducting the removals will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding \$100, as the said Treasurer may direct, and the amount may be deducted from the contractor's account. It will also be in the power of the said Treasurer, upon such refusal, impropriety, neglect, or delay to terminate the contract forthwith.

10. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure, and may be disqualified from tendering or holding any future contract or contracts for a period of two years from the date of such disqualification.

11. Contractors are not at liberty to transfer their contracts, under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

12. The contract shall not be considered broken, infringed or vitiated by the Government performing the service or arranging for the carrying out of the same otherwise than by the contractor in the event of urgency or emergency.

BURIALS OF DESTITUTE PERSONS (COUNTRY TOWNS, ETC.)

1. The services are to be performed upon an order signed by a member of the Police Force of Victoria.

2. In the event of the contractor failing to attend punctually to the order the work will be otherwise performed, and any extra expense charged to the contractor.

3. As under section 52 of the *Cemeteries Act 1958*, cemetery fees may be remitted for burials of paupers, these fees should not be included in the tender. The police will make the necessary arrangement with the cemetery trustees for the remission of the fees when required.

4. The funerals are to be of the most economical description consistent with propriety.

5. Coffins for funerals must be waterproof and sufficiently long, deep, wide, and substantial to bear the corpse and permit it to lie extended at full length. Coffins must be fastened down with screws. The Contractor shall provide 2 inches of sawdust for the bottom of the coffin; a small block of wood to keep the head of the deceased in position, and sufficient white calico to cover the body.

6. The conveyance to be provided shall be a hearse for an adult, and a suitable covered vehicle for a child. The body shall be taken directly to the cemetery and no more than one body shall be carried in the hearse at a time. Mileage will be payable the distance the corpse is carried to the cemetery, but when other than the local cemetery is selected, mileage will be allowed on the distance travelled by the most direct route, from the town in which the contract is taken, to the cemetery. No mileage will be paid for the return journey from the cemetery.

7. The graves shall be dug of the proper depth, and in conformity with the cemetery regulations. The coffins shall be properly lowered into the graves, and the graves filled up again. The attendance of a Minister of the denomination of the deceased, as named in the order for the burial, must, if practicable, be provided, and the contractor will inform the police of the hour when the funeral service will take place, so that the friends of the deceased may attend at the cemetery if they wish. The contractor will pay the Minister's fee for reading the burial services, if claimed, and he will be reimbursed the amount on producing the Minister's receipt. The charge should be included in the account for the funeral.

8. When burials are required to take place on Sundays, the contractor must comply with the order without delay. Any additional charge made by the cemetery authorities in such case must be paid by the contractor, who will be reimbursed on producing the receipt for the payment.

9. The cemetery at which the burial is to take place will be named in the order for the burial. The contractor is hereby bound to perform the service in any case, and to any cemetery within a circuit of 12 miles of the police station if called upon to do so by the police who, however, have the option of employing any other undertaker for the performance of any service which may be required at a greater distance than 5 miles from the police station of the township above named.

10. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

11. Accounts, accompanied by a certificate that the burial service has been duly performed, are to be rendered monthly to the officer-in-charge of the police station concerned, and payment will be made from the state Treasury, Melbourne, by cheque.

12. Under no circumstances will a contractor be permitted to abandon his contract. In the event of any charge of neglect or impropriety in the conduct of funerals being established to the satisfaction of the State Tender Board against the contractor, the Secretary of the Tender Board may cancel the contract forthwith.
