PROPOSED REGULATIONS REGARDING  
MILK TANKERS

In order to protect public health, it is proposed that new Regulations be made, with the objective of ensuring that milk tankers are constructed and maintained at all times so as to achieve the highest practicable standard of hygiene, and are not used for the transport of offensive or unsuitable products.

A Regulatory Impact Statement has been made available to the public and written comments have been considered. The Minister for Agriculture and Rural Affairs has decided that the potential benefits to the community of adopting the proposed Regulations (with some amendments arising from public comments) outweigh the potential costs.

Copies of the proposed Regulations (as revised) are available from: Director, Dairy Quality Assurance Services, Department of Agriculture and Rural Affairs, P.O. Box 500, East Melbourne, Telephone: 651 7858.
