PROPOSED REGULATIONS REGARDING NOISE LABELLING

In order to help prevent noise problems it is proposed that new Regulations be made requiring the noise labelling of new air conditioners, mobile air compressors and pavement breakers.

The objective of the proposed Regulations is to provide information about noise emissions from products so that users can make informed decisions when purchasing or using potentially noisy equipment.

A Regulatory Impact Statement has been prepared as required by the *Subordinate Legislation Act 1962*. The Statement concluded that the potential benefits to the community of adopting the proposed Regulations outweigh the potential costs.

Copies of the Regulatory Impact Statement and the proposed Regulations are available from:

David Watkins, Noise Control Branch, Environment Protection Authority, P.O. Box 315, East Melbourne 3002. Telephone: 651 4417.

Public comments and submissions are invited and should be lodged in writing at the above address by 10 October 1986.

Copies of the regulatory impact statement are available from the Racing and Gaming Division, Department of Sport and Recreation, 7th Floor, 140 Queen Street, Melbourne (telephone 67 8922). Written comments should be submitted within three weeks from today.
