NOTICE OF PETITION TO INCORPORATE
JOHN CURTIN MEMORIAL HOSTEL

The Chief General Manager of the Department of Health Victoria has received a petition signed by twenty-five contributors to an institution known as John Curtin Memorial Hostel in Creswick seeking that the institution be incorporated under section 46 of the *Hospitals and Charities Act 1958*.

The organisation will have for its objects:

- (a) To provide charitable relief to aged persons by providing permanent facilities for their daily accommodation and care within the institution, stipulating that, in premises, for which a grant under the *Commonwealth Aged or Disabled Persons Homes Act 1954* has been received, only aged or disabled persons as defined in that Act will be admitted.

At least 20% of the initial accommodation is to be made available for completely

charitable cases (i.e. persons in necessitous circumstances) and that as soon as practicable 50% of accommodation be made available for completely charitable cases.

- (b) Doing such other things which in the Committee's opinion will provide for the economic, social and recreational well-being of the residents.

If no counter-petition signed by an equal or greater number of contributors is lodged with the Chief General Manager at 555 Collins Street, Melbourne within one month after the date of publication of this notice the Governor in Council may by Order published in the *Government Gazette* declare the contributors for the time being to the institution to be a body corporate by the name set forth in the Order.

Historical Records of Victoria Communications, Trade and Transport

'Melbourne from Williamstown', in the early days of settlement.

Historical Records of Victoria - Volume 4 Communications, Trade and Transport.

The eagerly awaited and much sought after *Historical Records of Victoria - Volume 4* is now available. In keeping with previously published volumes the quality of volume 4 is first class. Titled **COMMUNICATIONS, TRADE AND TRANSPORT**, this volume of *Historical Records of Victoria* brings together all official documents which could be located in the important areas of communications, shipping, trade and transport, during the founding years of settlement.

The volume is divided into five main parts. Part I contains a good deal of previously unpublished information on early shipping, charting and Customs activities around Port Phillip Bay.

Part II outlines the first Government-controlled immigration schemes involving Port Phillip. Passenger lists and other details have been included wherever available.

Part III deals with the growth and control of the liquor trade, which was of great importance to Customs and other civil authorities.

Part IV depicts problems encountered by the first newspaper publishers, who had to contend with Government licensing in addition to other pioneering difficulties.

Part V shows the attempts made to organise satisfactory postal services, at a time when the district's need for better communications was increasing with remarkable speed.

To date there are four volumes in the HR V series and all have been painstakingly designed for optimum legibility, reading pleasure and durability. Typesetting, printing and binding are of the very highest order. Special Archival paper—to last at least 500 years—has been utilised.

Whether this is your first introduction to *Historical Records of Victoria* or you have the previously released splendid volumes there is no doubt you will be impressed with the quality of this publication and its contents. An impression so lasting you will await the future volumes with great anticipation.

Act now and participate in the historical experiences of your State and its people.
