**MELBOURNE METROPOLITAN  
PLANNING SCHEME**

Notice that a Planning Scheme has been  
Prepared and is Available for Inspection  
Amendment No. 453

Notice is hereby given that the Minister for Planning and Environment in pursuance of his powers under the *Town and Country Planning Act 1961*, has prepared a Planning Scheme amendment.

The amendment, known as Amendment No. 453, is to replace "Part V" in the Scheme with "Part V—Planning Controls in the City of Melbourne (Outside Central City)".

This new Part V comprehensively changes all the planning controls that affect land in the City of Melbourne outside the Central Area Development Zone, with the exception of the area bounded by Victoria Street, Swanston Street, Queensberry Street and Bouverie Street; and the area affected by Amendment No. 468 to the Scheme (north Carlton former railway land).

The amendment was instigated by the Council of the City of Melbourne to assist in the implementation of the development objectives contained in the 1985 Strategy Plan, as well as to incorporate the Council's development policies that had been previously administered under a blanket interim development order and are now administered under the current Part V to the Scheme.

Amendment No. 453 is divided into eight "Divisions":

Division 1 explains the relationship of the new Part V to the rest of the Scheme and other general matters.

Division 2 provides for established uses, uses which are or may become prohibited, and buildings which are exempted from the application of height controls.

Division 3 specifies that all properties listed in Attachment A (in Division 8) fall under clause 8 of the Third Schedule to the *Town and Country Planning Act 1961*, and are thus subject to special controls. It also declares the area to which Part V applies to be an "Area of Special Significance" under clause 8B of the said Schedule.

Division 4 provides for general matters that do not need planning permits.

Division 5 provides definitions and interpretations for the matters specified.

Division 6 specifies the controls that will apply to land which is depicted as being reserved land on the Zone Map (Planning Scheme maps as amended).

Division 7 specifies the planning controls that will apply to areas of land that fall within the new zones as they are depicted on the Zone Map (Planning Scheme maps as amended).

Division 8 brings into the Scheme the list of graded buildings and streetscapes that have been established through the City of Melbourne conservation studies as well as standards for car park design, noise, exterior paint colours and the location of community services.

Amendment No. 453 has been written in a "plain English" style which is different from the rest of the Scheme and includes a different format for the presentation of the zone controls. Each zone (in Division 7) is divided into only two "Sections". The purpose of each Section is described in the Zone Controls.

A copy of the Amendment comprising the Ordinance, Zone Maps and Building Form Control Maps has been deposited at the Office of the Ministry for Planning and Environment, The Oldfleet Buildings, 477 Collins Street, Melbourne, at the Planning Enquiries Counter,

City of Melbourne, 3rd Floor, 200 Little Collins Street, Melbourne, and will be open for inspection during office hours by any person free of charge.

Any submission you may wish to make in respect of the Amending Scheme is required to be set forth in writing addressed to the Secretary, Ministry for Planning and Environment, PO Box 2240T, Melbourne 3001, by 9 March 1988 and is required to state whether you wish to be heard in respect of the submission.
