MELBOURNE AND METROPOLITAN
BOARD OF WORKS

By-Law No. 254: Water Supply

Notice of Preparation of a Regulatory Impact
Statement

In accordance with the provisions of the *Subordinate Legislation Act 1962*, notice is given of the proposal to make By-law No. 254: Water Supply.

The proposed By-law amends By-law No. 218: Water Supply by increasing the charges for water supplied by measure over 150 kilolitres to residential properties for the 1990-91 financial year.

To offset these increases in water-by-measure charges and to ensure that total water revenue does not increase in real terms the Board proposes to "freeze" the water rate for the 1989-90 and 1990-91 financial years.

The objectives of the proposed statutory rule are—

- (a) to ensure that domestic water users have greater control over their water bill by reducing the proportion payable by way of water rates and increasing the proportion payable by way of water-by-measure (pay-for-use) charges; and
- (b) to obviate the waste and misuse of water by a pricing system that reduces the rate of growth of household consumption, encourages conservation, and reflects the cost of providing water to customers.

The Regulatory Impact Statement concludes that the proposed By-law is the most appropriate means of achieving these objectives.

Copies of the Regulatory Impact Statement and the proposed By-law are available from Mrs Wendy Beacom, Legal Services Branch, Melbourne and Metropolitan Board of Works, 625 Little Collins Street, Melbourne 3000, Telephone 615 5651. Further information, if required, may be obtained from Mr Jeff Floyd, Director Corporate Development, Telephone 615 5518.

Written comments and submissions are invited from the public and should be sent to the above address, quoting reference 501/101/ 0028, no later than 21 days from the date of publication of this notice.
