Subordinate Legislation Act 1962 BUSINESS NAMES (FEES AMENDMENT) REGULATIONS 1989

It is proposed to make regulations entitled the Business Names (Fees Amendment) Regulations 1989 for the purposes of abolishing the fee currently payable when notifying the Commissioner for Corporate Affairs of changes in certain registered particulars in relation to that business names.

The objectives of the proposed regulations are to reduce the costs of complying with the requirements to notify changes of particulars of a registered business name and to encourage early notification of a change in those particulars.

The regulatory impact statement concludes that the proposed regulations are the most appropriate means of achieving the objectives because they provide significant benefits to the business community by reducing costs and because they encourage the maintenance of a timely and accurate business names register.

Copies of the regulatory impact statement are available on request from the Corporate Affairs Office, 471 Little Bourke Street, Melbourne. Comments and submissions are invited on the proposed regulations and will be received from a period of 21 days following publication of this notice.

BUSINESS NAMES (AMENDMENT) REGULATIONS 1988

It is proposed to make regulations entitled the "Business Names (Amendment) Regulations 1989" as a result of amendments made by the Associations Incorporation and Business Names (Amendment) Act 1987. The regulations facilitate the use of penalty notices as an alternative enforcement mechanism for breaches of the Business Names Act 1962, and make certain other minor changes to the principal regulations.

The objectives of the proposed statutory rule are to increase the accuracy of the information held on the computerised business names register in a cost effective manner and to maximise the effectiveness of penalty notices as an alternative method of ensuring compliance with the legislation.

The statement concludes that the proposed regulations are the most appropriate means of achieving those objectives.

A copy of the regulatory impact statement may be obtained from the Policy and Compliance Division of Corporate Affairs Office, 471 Little Bourke Street, Melbourne. Comments and submissions are invited from the public and will be received up to 21 days from the publication of this advertisement.
