## Applications

Applications for the award of a permit over any of the above areas are required to be made in the approved manner, submitted in duplicate and should be accompanied by:

## (a) Details of—

- (i) the applicant's assessment of the petroleum potential of the area, including a geological and geophysical review and technical assessment of the area and the concepts underlying the proposed exploration programme;
- (ii) the applicant's minimum guaranteed proposal (in terms of operational activity and the indicative minimum expenditure) for data evaluation, seismic surveys and exploration wells to be drilled, on the basis that none of the wells drilled encounters significant hydrocarbons, for each year of the first three years of the permit term. This proposal, to be known as the "minimum guaranteed dry hole work programme", should only include work expected to involve a substantial exploration component—appraisal work should not be included;
- (iii) the applicant's proposal (in terms of operational activity and indicative minimum expenditure) for data evaluation, seismic surveys and exploration wells to be drilled, for each of the remaining three years of the permit term. This proposal, to be known as the "secondary" work programme, should only include work expected to involve a substantial exploration component—appraisal work should not be included.

## (b) Particulars of—

- (i) the technical qualifications of the applicant and of its employees;
  - (ii) the technical advice available to the applicant;
  - (iii) the financial resources available to the applicant, including evidence of the applicant's ability to fund the work programme proposal, a statement of other exploration plans and commitments over the next six years, and a copy of the latest annual report for each applicant company;
  - (iv) where relevant, the viability of the consortium lodging the application, including evidence that a satisfactory settlement has been, or can be, reached on a Joint Operating Agreement (a copy of a Heads of Agreement Dealing will generally suffice);
  - (v) the percentage participation interest of each party to the application; and
  - (vi) the business address for service of notices in respect of each applicant.
- (c) Such information as the applicant wishes to be taken into account in consideration of the application including, for example, past performance and future intentions as to the sourcing of goods and services to be used in operations; evidence of recent willingness to apply for "frontier" exploration areas, such as previously unavailable areas, deeper water prospects, hostile environments; proposals to improve technical capabilities through research to be undertaken in Australia or overseas, and, in the case of foreign companies, proposals to transfer technology and skills to Australians.
- (d) a fee of \$3000, payable to the Commonwealth of Australia through an Australian bank or by bank cheque, is required for each area [see section 21 (1) (f) of the *Petroleum (Submerged Lands) Act 1967*].

Further details of the modified work programme bidding system outlined above, including the criteria for assessment of applications and the conditions to apply following the award of a permit, are available from the Director Energy, Department of Manufacturing and Industry Development in Melbourne and from the Petroleum Division, Department of Primary Industries and Energy in Canberra.

It should be noted that any income derived in the future from the recovery of petroleum from these areas will be subject to the Commonwealth Government's Resource Rent Tax.

Applications together with relevant data should be submitted in the following manner to the Director General, Department of Manufacturing and Industry Development, 6th Floor, 151 Flinders Street, Melbourne, Victoria 3000 (Attention: Director Energy) before 4.00 p.m. Friday, 4 October 1991. The following special instructions should be observed:

Commercial-in-Confidence".
- This envelope or package should then be enclosed in a plain covering envelope or package and delivered by hand or posted to the relevant address above.
