EXEMPTION

Application No. 14 of 1991

On 3 December 1991 the Equal Opportunity Board considered an application pursuant to section 40 (1) of the *Equal Opportunity Act 1984* ("the Act") by the Fitzroy Community Health Centre to enable it to advertise for and employ a male medical practitioner.

Upon reading the material tendered in support of this application, the Board is satisfied that it is appropriate to grant an exemption from sections 21 and 59 of the Act.

In granting this exemption the Board noted the following:

The Centre provides an extensive health program and it is important, for cultural reasons arising from the diverse ethnic groups served, to employ a male medical practitioner, as men from some ethnic groups experience great difficulty in consulting female doctors.

Many clients of the Centre are from diverse ethnic origins who request the services of a male doctor and, although there are other medical services in the Fitzroy area, the Centre is the only one which provides a range of supports to people from non-English speaking backgrounds in the form of block booked interpreters and staff trained in the use of interpreting services.

The Board hereby grants to the Fitzroy Community Health Centre an exemption from the operation of sections 21 and 59 of the *Equal Opportunity Act 1984*, this exemption to remain in force until 3 December 1994.

Adoption Act 1984

**PROPOSED ADOPTION (FEES
AMENDMENT) REGULATIONS 1992**

Notice of Regulatory Impact Statement

As required by the *Subordinate Legislation Act 1962*, we have prepared a Regulatory Impact Statement. The statement is about a proposed increase in fees for Adoption Information applications. The current fee, which has not been increased since 1985, is \$20. The proposed fee is \$75.

Why change the fee?

The objective to be achieved by making the Regulation is to recover a greater proportion of the cost of the Adoption Information Service without causing unreasonable financial burden. The statement looks at three ways to achieve this. They are: a \$50 fee, a \$75 fee, a \$385 fee (full cost recovery).

Why do we need a Regulation?

The *Adoption Act 1984* allows the Department to charge a fee for supplying information about adoptions. The amount of the fee must be laid down in Regulations.

What does the statement recommend?

The statement analyses each of the three ways of achieving the objective in order to assess its benefits and its costs. The statement concludes that the objective can be best achieved by increasing the application fee to \$75. The higher fee will not be a major cost to applicants and is unlikely to deter them from applying for information. The fee is waived for those on low income.
