EXEMPTION

Application No. 10 of 1992

On 17 February 1993, the Women's Reference Group of the Central Gippsland College of TAFE made application for exemption from the provisions of the Victorian *Equal Opportunity Act* 1984. The primary purpose of this Group is to enhance and promote

the equality of opportunity for women in the College by providing a means for them to participate in College decision making. As a result of studies undertaken of the proportion of women's representation in decision making process and committees throughout the College, it has been concluded that there is an imbalance in relation to the participation of women in these processes. On this basis, the Women's Reference Group provided a submission to the College Restructure Committee and has drawn up a plan of the College's Equal Opportunity Action Plan for 1992. A secondary purpose of the Group is to provide support for women working in the College on the basis that this is necessary, given the analysis undertaken has demonstrated that women are concentrated in the lowest paid, least powerful positions in the College. The Women's Reference Group would seek to provide the only opportunity for women within the College to meet and support each other in an environment where they are not in a minority.

The Board has determined to grant an exemption to the Group from such provisions of the Equal Opportunity Act which would allow the Central Gippsland college of TAFE Women's Reference Group to restrict their membership and meetings to women only, with a view to the said Group offering itself as a support group to women within the College and as the representative of these women in presenting their views on issues which affect them to the TAFE College and Council Committees.

In granting this exemption, the Board also considered submissions received in response to the public notice given in regard to this application.

The Board determined that this exemption should remain in force until 17 February 1996.
