EXEMPTION

Application No. 10 of 1993

On 6 September 1993 the Equal Opportunity Board considered an application pursuant to section 40 (1) of the *Equal Opportunity Act* 1984 ("the Act") by Ms J. McNamara, Manager, Affirmative Action in Training Inc.

Upon reading the material in support of the application the Board is satisfied it is appropriate to grant an exemption from sections 21 and 59 of the Act.

In granting the exemption the board noted:

Affirmative Action in Training Inc. (AAIT) is a joint funded organisation established in 1986 to improve women's access to non-traditional structured entry level trade training and employment. AAIT was established in recognition that women's access to trade employment and training is restricted. Apart from the hairdressing industry, an area of traditional female employment, only 6% of Victoria's apprentices are women. This figure drops to around 1% in industries such as building, construction and automotive industries.

Improving women's access to trade employment and training is a joint government objective. The Vocational Education, Employment and Training Women's Standing Committee, the Women in Entry Level Training Committee and the National Plan of Action for Women in TAFE Committee, from which AAIT receives policy direction, is currently concentrating on the achievement of a target of 50% participation of women by the year 2001. AAIT is one of the mechanisms established to improve women's participation.

To achieve the organisation's objectives, AAIT implements a range of strategies including:

- maintaining a register of women interested in apprenticeships for referral to available employment and training opportunities;
- maintaining close links with employer groups such as Group Training Companies in order to promote gender inclusive employment practices and to encourage affirmative action employment strategies;
- providing information, advice and resources to employer groups, unions, CES, careers teachers, industry training boards, TAFE and government

G 36 16 September 1993 2563

officers in relation to women's employment issues policy and strategy development;

encouraging linkages and information flow between training and employment agencies in relation to women's employment initiatives;

undertaking specific research and projects which will increase women's employment opportunities;

working with specific industries in the development and implementation of Affirmative Action policy and strategy.

The Board hereby grants an exemption from the operation of sections 21 and 59 of the *Equal Opportunity Act* 1984, this exemption to remain in force until 6 September 1996.
