**ROAD SAFETY (PROCEDURES)
(LEARNER PERMIT)
REGULATIONS 1994**

In accordance with the provisions of the *Subordinate Legislation Act 1962*, notice is given of the proposal to make regulations to be known as the Road Safety (Procedures) (Learner Permit) Regulations 1994.

A Regulatory Impact Statement has been prepared as required under the Subordinate Legislation Act.

The objectives of the proposed regulations are to:

- (a) effectively administer a system to minimise novice drivers' risk of being involved in casualty accidents whereby learner drivers complete an adequate period of supervised driving experience prior to probationary

licensing. That is, a six month minimum learner permit period for learner permit holders aged 25 years and under and a three month learner permit for learner permit holders over 25 years;

- (b) bring Victoria's minimum learner permit into line with the six month minimum learner permit period suggested by national uniformity negotiations and already adopted by New South Wales and Queensland.

The Regulatory Impact Statement concludes that the proposed regulations provide the most cost effective means of achieving the objectives.

Comments and submissions are invited from interested parties and should be forwarded to Manager-Road User Behaviour, Roads Corporation, 4th Floor, 60 Denmark Street, Kew.

Copies of the Regulatory Impact Statement may be obtained by either writing to Road User Behaviour Branch (RIS) or by telephoning 854 2608 (24 hour number).

Any enquiries regarding the content of the statement should be directed to Ron Christie, Manager-Road User Behaviour on 854 2628.

The closing date for submissions is 21 days from the date of this notice.
