**FLINDERS PLANNING SCHEME**  
Notice of Amendment to a Planning Scheme  
Amendment L104

The Shire of Flinders has prepared Amendment L104 to the Flinders Planning Scheme.

Amendment L104 makes the following changes to the Planning Scheme:

**1. Clarification of Small Lot Exemption Provisions**

The amendment allows for the subdivision of land containing a building or buildings which are used in accordance with the provisions of the scheme into smaller lots. This is currently prohibited by the planning scheme as distinct from the subdivision of a building or buildings used in accordance with the scheme for which a planning permit can currently be obtained.

Where a site enjoys non-conforming use rights, the amendment allows for the subdivision of the land containing a building or buildings which are used in a non-conforming manner provided that the non-conforming use continues after the subdivision has occurred. This type of subdivision is currently prohibited by the Planning Scheme.

The purpose of amending the planning scheme to allow for the above types of subdivision is to ensure that existing use rights are protected consistent with section 6 (3) of the Planning and Environment Act.

**2. Referral of Applications**

The amendment inserts Fingal and Flinders as parishes within which subdivision applications creating a new road must be referred to the Country Fire Authority.

The amendment specifies that small lot subdivisions for existing uses such as shops, flats, factories and car spaces do not require referral to the referral authorities under section 55 of the *Subdivision Act 1988*.

**3. Boundary Realignments and Resubdivisions**

The amendment allows for resubdivisions of existing lots where the purpose of the resubdivision is to realign lot boundaries provided that no additional lots nor the potential for additional lots beyond the potential number of lots existing prior to the resubdivision are created. Where a resubdivision application is being considered by the Responsible Authority, the Responsible Authority must have regard to

the matters specified in the Planning Scheme and in particular whether—

- (i) the subdivision takes into account existing uses of the land being resubdivided; and
- (ii) whether lots in the subdivision can satisfy the minimum lot requirements for the zone in which the land is situated.

**4. Bayside Urban Zone Subdivisions—Clarification**

The current Bayside Urban zone subdivision controls are confusing due to a number of typographical errors and unclear expressions. The amendment clarifies the types of subdivisions which may be permitted (excluding resubdivisions) into two groups—

- (i) a subdivision of land where that subdivision is associated with and accords with the site requirements for the use or development approved by the Responsible Authority; and
- (ii) where the subdivision is not associated with a use or development which has been approved by the Responsible Authority then each lot in the subdivision must comply with the minimum lot requirements applying in that zone.

**5. Typographical Errors**

The amendment corrects minor typographical errors in the subdivision clauses of the Planning Scheme.

The amendment can be inspected at the Shire of Flinders, Boneo Road, Rosebud and the Department of Planning and Development, The Olderfleet Buildings, 477 Collins Street, Melbourne.

Submissions about this amendment must be sent to the Chief Executive, Shire of Flinders, Private Bag 1000, Rosebud 3939, by 28 February 1994.

The Shire of Hastings has prepared Amendment L97 to the Hastings Planning Scheme.

The amendment affects land within the Coastal Village of Merricks Beach.

The amendment proposes to change the planning scheme by introducing the Merricks Beach infrastructure Policy Area. Within the policy area, which applies to the whole of the Merricks Beach residential area, the further connection of dwellings to reticulated water supply will be prohibited. The purpose of the amendment, which follows a poll of residents, is to maintain the existing character and environment of Merricks Beach, in part by restricting the provision of urban services.

The amendment can be inspected at the Municipal Offices of the Shire of Hastings, Marine Parade, Hastings and at the Department

of Planning and Housing, Oldfleet Buildings,  
477 Collins Street, Melbourne.

Submissions about the amendment must be  
sent to The Manager, Planning and  
Environment, Shire of Hastings, PO Box 55,
