Advertisers should note:

- Late copy received at THE LAW PRINTER after deadlines will be placed in the following issue of VGG, irrespective of any date/s mentioned in the copy (unless otherwise advised).

- Proofs will be supplied only when requested or at the direction of the Gazette Officer.

- No additions or amendments to material for publication will be accepted by telephone.

- Departments are requested not to lodge Executive Council papers for gazette unless a copy is provided with the Governor or Clerks signature on the relevant document.

- Government and Outer Budget Sector Agencies Please note:

To ensure that material received can be reproduced, and that errors are minimised, the following guidelines are to be observed when submitting material by fax.

Fax Number (03) 242 4630

Use this fax number only for material for the Government Gazette.

Fax resolution

Material sent by fax should be transmitted using Fine resolution (200 dots per inch by 200 dpi). Normal resolution is unacceptable.

Font Size

Use 12 point (10 pitch) or larger.

Font Style

Clear plain font styles, such as Helvetica, should be used.

Graphics

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine resolution provide a good quality for reproduction.

Avoid

Italics, underlining, and full justification.

Ensure document is square when sending

Documents that are sent skewed are difficult to read and process.

If material does not meet above requirements your advertisement may not be published.

No. 93/1994 This Act comes into operation
on the day on which it receives the Royal
Assent.

No. 94/1994 (1) Section 1 and this section
come into operation on the day on which this Act
receives the Royal Assent.

(2) The remaining provisions of this Act
come into operation on a day or days to be
proclaimed.

(3) If a provision referred to in sub-section
(2) does not come into operation before 1
January 1996, it comes into operation on that
date.

No. 95/1994 (1) This Part comes into
operation on the day on which this Act receives
the Royal Assent.

(2) Subject to sub-section (3), the remaining
provisions of this Act come into operation on a
day or days to be proclaimed.

(3) If a provision referred to in sub-section
(2) does not come into operation within the
period of 6 months beginning on, and including,
the day on which this Act receives the Royal
Assent, it comes into operation on the first day
after the end of that period.

No. 96/1994 (1) Part 1 comes into operation
on the day this Act receives the Royal Assent.

(2) The remaining provisions of this Act
come into operation on a day or days to be
proclaimed.

(3) If a provision referred to in sub-section
(2) does not come into operation within a period
of 6 months beginning on and including the day
on which this Act receives the Royal Assent, it
comes into operation on the first day after the
end of that period.

No. 97/1994 This Act comes into operation
on the day on which it receives the Royal
Assent.

No. 98/1994 (1) Part 1 comes into operation on the day on which this Act receives the Royal Assent.

(2) Section 10 is deemed to have come into operation on 2 June 1994.

(3) Section 11 (1) is deemed to have come into operation on 15 August 1994.

(4) Section 11 (2) is deemed to have come into operation on 2 June 1994.

(5) Subject to sub-section (6), the remaining provisions of this Act come into operation on a day or days to be proclaimed.

(6) If a provision referred to in sub-section (5) does not come into operation before 30 March 1995, it comes into operation on that day.

No. 99/1994 (1) This Act (other than sections 7 and 25) comes into operation on the day on which it receives the Royal Assent.

(2) Section 7 comes into operation on a day to be proclaimed.

(3) If section 7 is not in operation by 1 January 1996, it comes into operation on that date.

(4) Section 25 comes into operation on 1 January 1996.

No. 100/1994 (1) Part 1 comes into operation on the day on which this Act receives the Royal Assent.

(2) Subject to sub-section (3), the remaining provisions of this Act come into operation on a day or days to be proclaimed.

(3) If a provision referred to in sub-section (2) does not come into operation before 1 March 1995, it comes into operation on that day.

No. 101/1994 (1) Section 1 and this section come into operation on the day on which this Act receives the Royal Assent.

(2) Subject to sub-section (3), the remaining provisions of this Act come into operation on a day or days to be proclaimed.

(3) If a provision referred to in sub-section (2) does not come into operation within the period of 6 months beginning on, and including, the day on which this Act receives the Royal Assent, it comes into operation on the first day after the end of that period.

No. 102/1994 (1) Section 1 and this section come into operation on the day on which this Act receives the Royal Assent.

(2) Subject to sub-section (3), the remaining provisions of this Act come into operation on a day or days to be proclaimed.

(3) If a provision referred to in sub-section (2) does not come into operation within the period of 6 months beginning on, and including, the day on which this Act receives the Royal Assent, it comes into operation on the first day after the end of that period.

No. 103/1994 (1) Section 1 and this section come into operation on the day on which this Act receives the Royal Assent.

(2) Subject to sub-section (3), the remaining provisions of this Act come into operation on a day or days to be proclaimed.

(3) If a provision referred to in sub-section (2) does not come into operation within the period of 12 months beginning on, and including, the day on which this Act receives the Royal Assent, it comes into operation on the first day after the end of that period.

No. 104/1994 (1) This Act comes into operation on 1 January 1995.

No. 105/1994 (1) Section 1 and this section come into operation on the day on which this Act receives the Royal Assent.

(2) Sections 29, 31, 37 and 38 come into operation on 31 December 1994.

(3) Sections 19, 25 and 26 come into operation on 31 December 1995.

(4) Subject to sub-section (5), the remaining provisions of this Act come into operation on a day or days to be proclaimed.

(5) If a provision referred to in sub-section (4) does not come into operation within the period of 6 months beginning on, and including, the day on which this Act receives the Royal Assent, it comes into operation on the first day after the end of that period.

No. 106/1994 (1) This Act comes into operation on the day on which it receives the Royal Assent.

GOVERNMENT AND OUTER BUDGET SECTOR AGENCIES NOTICES

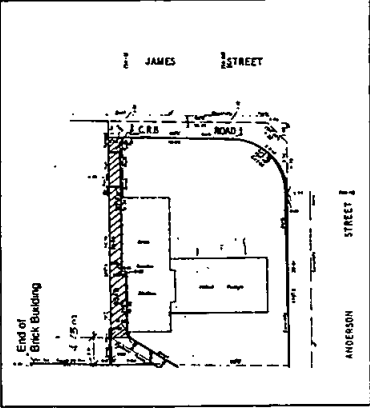

CITY OF DONCASTER & TEMPLESTOWE

Discontinuance of Road

Notice is hereby given, pursuant to Clause 3 of Schedule 10 of the Local Government Act 1989, that the Council on the 22 November, 1994, having advertised and received no submissions on the proposal, resolved to discontinue the laneway off James Street Templestowe as shown hatched on the plan below. The land will vest in the Council and be consolidated with the abutting Council property.

The discontinuance is effective from the date of publication of this notice.

M. MARASCO

Planning and Environment Act 1987 WARRNAMBOOL SHIRE PLANNING SCHEME

Notice of Amendment to a Planning Scheme Amendment L20

The Warrnambool City Council has prepared Amendment L20 to the Warrnambool Shire Planning Scheme.

The amendment affects land at:

- (1) At the southern end of Buckley's Road, Lake Gilleear via Allansford.

The amendment proposes to change the Planning Scheme by:

- (1) Rezoning the land from i) Part Rural B and Part Rural C to Special Use 23 Rifle Range.
- (2) Introducing the provisions of Special Use Zones into the Scheme.

The amendment can be inspected at the Warrnambool City Council, Municipal Offices, PO Box 198, 25 Liebig Street, Warrnambool; Department of Planning and Development, Barwon Division, State Government Offices, corner Little Malop and Fenwick Streets, Geelong or at the Department of Planning and Development, Olderfleet Buildings, 477 Collins Street, Melbourne.

Submissions about the amendment must be sent to the Town Planner, Warrnambool City Council, Municipal Offices, P.O. Box 198, 25 Liebig Street, Warrnambool 3280 by Friday, 17 February 1995.

Dated 15 December 1994

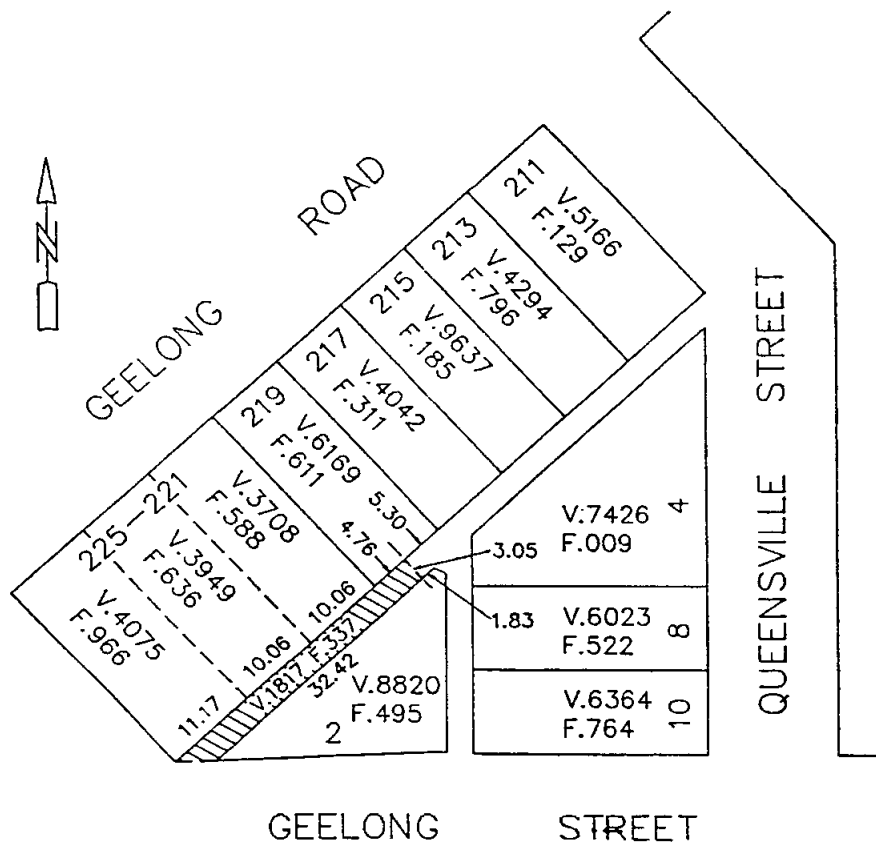

ELLEN EVANS
Town Planner

CITY OF FOOTSCRAY

Discontinuance of Road (Right of Way) adjacent to 2 Geelong Street and rear of
219 (part)—225 Geelong Road, West Footscray
(File Ref: 25/78/127)

Whereas the Council of the City of Footscray has, pursuant to section 528 (2) of the **Local Government (Miscellaneous) Act 1958**, (as amended), formed the opinion that the road (right of way) adjacent to 2 Geelong Street and rear of 219 (part)—225 Geelong Road, West Footscray is not reasonably required as a road (right of way) for public use and has, not less than one month before formally directing by resolution that the road (right of way) be discontinued, published a public notice in a newspaper generally circulating in the Municipal district and given written notice to the last registered owner of the land in the road (right of way) and owners and occupiers of land abutting or immediately adjacent to the road (right of way) of the proposed discontinuance, and has considered the written submission made to the proposal.

Now therefore the Council of the City of Footscray by resolution at its Special Council meeting on 5 December 1994, has directed that the said road (right of way) which is shown by hatching on the plan hereunder be discontinued and the land being the road (right of way) so discontinued shall vest in the Municipality until it is sold by private treaty.

Notwithstanding such discontinuance the Melbourne Water Corporation shall continue to have and possess the same right, title and power, authority or interest in relation to the whole of the land shown by hatching on the said plan as it had or possessed prior to such discontinuance with respect to or in connection with any drains or pipes laid or erected in or on or over such land for the purposes of drainage or sewerage.

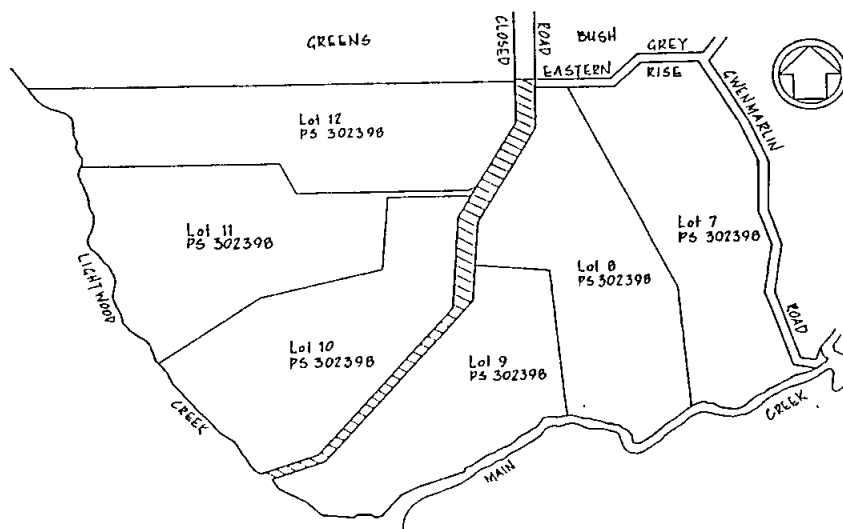

ROB SPENCE
Chief Executive Officer

SHIRE OF FLINDERS

Change of Road Name—Portion of Greens Road to Eastern Grey Rise

Notice is hereby given that the Council of the Shire of Flinders at its Ordinary Meeting on Wednesday, 30 November 1994, carried the following resolution:

"That Council, having undertaken the statutory process pursuant to Schedule 10 of the **Local Government Act 1989** and having received no objections thereon, hereby determines to re-name the portion of the road in Cape Schanck known as 'Greens Road' to 'Eastern Grey Rise' as shown on plan 94/42 attached hereto."

Declaration to Open Road for Public Traffic

Road (Right of Way) adjacent to 1 Agnes Street and rear 110-112 Bayview Road, Yarraville

File Ref: 25/78/93

The Footscray City Council at its Special Council meeting on 5 December 1994, formed the opinion that the road shown hatched on the plan below is reasonably required for public use and is to be open to public traffic and as such declared the road to be a road under section 204 (2) of the **Local Government Act 1989** (as amended), as and from 5 December 1994.

ROB SPENCE
Chief Executive

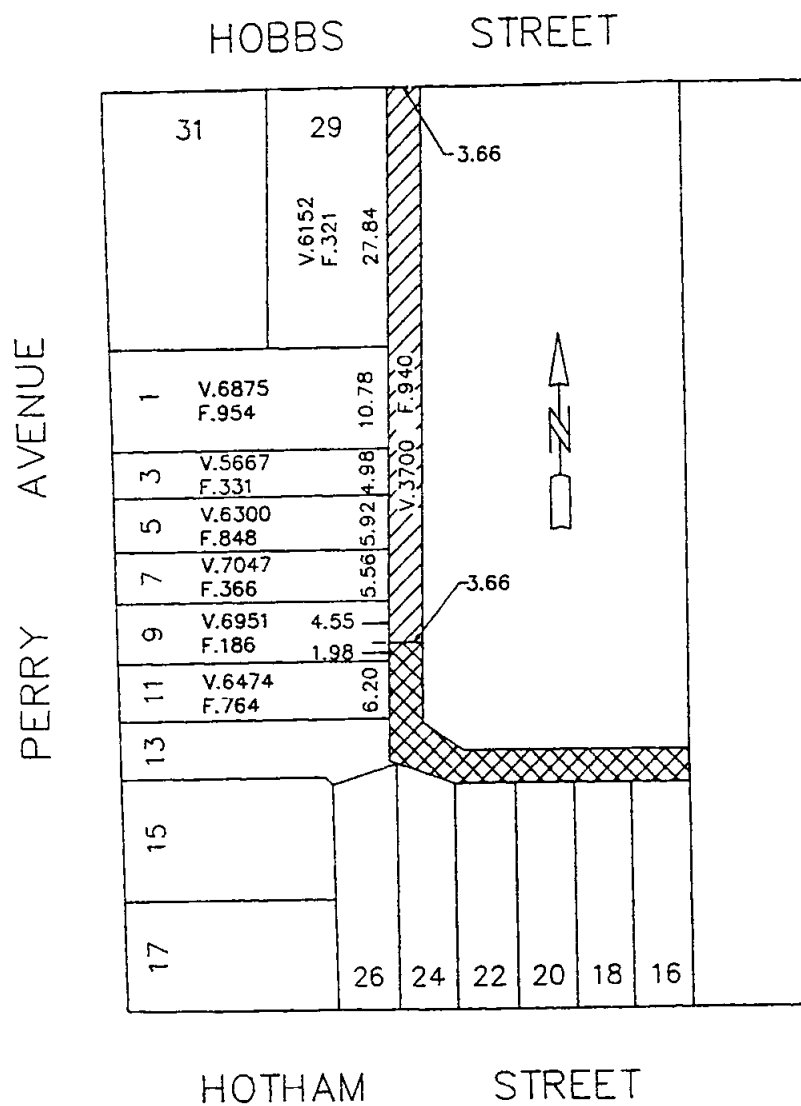

CITY OF FOOTSCRAY

Discontinuance of Road (Right of Way)

Adjacent to 29 Hobbs Street and rear of 1-9 Perry Avenue and 19-27 Hobbs Street, Footscray

File Ref: 25/78/320

Under section 206 and Schedule 10 Clause 3 of the **Local Government Act 1989** (as amended), the Footscray City Council at its Special Council meeting held on 5 December 1994, formed the opinion that the road (right of way) adjacent to 29 Hobbs Street and rear of 1-9 Perry Avenue and 19-27 Hobbs Street, Footscray as shown hatched on the plan below is not reasonably required as a road (right of way) for public use and resolved to discontinue the road (right of way) and to sell the land from the road (right of way) to abutting owners, subject to any right, power or interest held by Melbourne Water, in the road (right of way) in connection with any sewers, drains, or pipes under the control of that authority in or near the road (right of way).

THE AREA SHOWN CROSS-HATCHED HAS BEEN PREVIOUSLY DISCONTINUED AND SOLD.

ROB SPENCE
Chief Executive Officer

SHIRE OF KORUMBURRA
Road Discontinuance

Notice is hereby given that the council of the Shire of Korumburra at its ordinary meeting held on 9 November 1994 resolved pursuant to Clause 3 of Schedule 10 of the **Local Government Act 1989**, to discontinue the road shown cross hatched on the plan attached hereto being portions of Moyarra Street, Seignor Street and Railway Parade at Jumbunna and abutting unnamed lanes in as much that such road is not reasonably required for public purposes and is to be sold by private treaty.

Dated 9 November 1994

DAVID ROCHE
Shire Secretary

SHIRE OF FLINDERS
Road Discontinuance

Pursuant to section 206 (Schedule 10) of the **Local Government Act 1989**, the Council of the Shire of Flinders after consultation with Public Authorities, the advertising of its intention and notification to the registered proprietors of the land and owners and occupiers of any land abutting or immediately adjacent to the road, resolved at its Special Meeting held on Wednesday, 7 December 1994 as follows:

"1. That Council, having undertaken the statutory process pursuant to section 206 (Schedule 10) of the **Local Government Act 1989** and not having received any objections thereon hereby resolves:

2. That the portion of road abutting the south western boundary of Lot 24, LP16394, 8 Waller Place, McCrae and shown on Plan 94/47 attached hereto, be discontinued and to be sold by private treaty to the abutting owners, K. B. and L. Blogg, at an agreed price of \$5,500.00 (five thousand five hundred dollars).

3. That such sale is to be conditional upon:

- A. The requirement of statutory authorities requesting the placement of easement rights over the part former roadway; and
- B. The consolidation at the purchasers' expense of the part former roadway with Lot 24, LP 16394, 8 Waller Place, McCrae within six (6) months of the settlement date.

4. That the Chief Executive be authorised to sign and affix the Common Seal to all documents necessary to effect the transaction."

Dated 14 December 1994

LARRY M. JONES
Chief Executive Officer

R94/47

CITY OF HEIDELBERG
Road Discontinuance

Pursuant to section 206 and Schedule 10 Clause 3 of the **Local Government Act 1989** the Council of the City of Heidelberg at its ordinary meeting held on 5 December 1994, having formed the opinion that the section of 'road' shown hatched on the plan below is not reasonably required as a 'road' for public use, resolved to discontinue that section of the 'road' and sell the land by private treaty to adjoining owner subject to any right, power or interest held by Melbourne Water and the City of Heidelberg in the 'road' in connection with any sewers, drains or pipes under the control of those authorities in or near the road.

G. BRENNAN
Chief Executive Officer

Planning and Environment Act 1987
CITY OF STONNINGTON
MALVERN PLANNING SCHEME
Notice of Amendment to a Planning Scheme
Amendment L30

The City of Stonnington has prepared Amendment L30 to the Malvern Planning Scheme.

The amendment affects land commonly identified as the Gascoigne and Waverley Estates, East Malvern. These estates are located within the boundaries of Dandenong, Tooronga, Wattletree and Burke Roads. The supporting amendment documentation includes a location map that specifies the exact area that is affected within the previously described road boundaries.

It is proposed to insert Clause 127 to the Malvern Planning Scheme that will introduce an Urban Conservation Area with provisions to conserve and enhance the area's architectural and historical significance and encourage development that is in keeping with the area.

The amendment can be inspected at the City of Stonnington, Town Planning Department (Malvern District), Malvern Town Hall, corner High Street and Glenferrie Road, Malvern; Town Planning Department (Prahran District), First Floor—Prahran Town Hall, corner Chapel and Greville Streets, Prahran or at the Department of Planning and Development, Ground Floor, 477 Collins Street, Melbourne.

Submissions about the amendment must be sent to the Town Planning Department, City of Stonnington, PO Box 100, Malvern 3144 by 1 February 1995.

RURAL CITY OF WARRAGUL
Local Law No. 9—Itinerant Traders

Notice is given that the Council of the Rural City of Warragul at its Ordinary Meeting held on 22 November 1994, resolved pursuant to section 119 of the **Local Government Act 1989** to pass the Local Law known as Local Law No. 9 Itinerant Traders.

The Local Law is made for the purposes of regulating the management and control of Itinerant Traders in the Municipality.

A copy of the Local Law is available for inspection at the Municipal Offices during normal office hours.

D. J. YOUNG
Acting Chief Executive/Town Clerk

SHIRE OF GISBORNE
Local Law No. 3—Environmental Amenities

Notice is hereby given that the Council of the Shire of Gisborne, having previously complied with the relevant provisions of the **Local Government Act 1989** made Local Law Number 3—Environmental Amenities, at its meeting held on 5 December 1994.

The purposes and general purport of the Local Law are:

- (a) providing for the peace, order and good government of the Shire of Gisborne;
- (b) promoting a physical and social environment free of hazards to health in which the residents of the Municipal District can enjoy a quality of life that meets the general expectations of the community;

- (c) preventing and suppressing nuisances which may adversely affect the enjoyment of life within the Municipal District or the health, safety and welfare of persons within the Municipal District;
- (d) prohibiting, regulating and controlling activities which may be dangerous or unsafe or detrimental to the quality of life and the environment of the Municipal District;
- (e) prohibiting, regulating and controlling the storage, assembly and dismantling of old machinery, materials, goods or vehicles on land;
- (f) prohibiting the keeping of unsightly land;
- (g) preventing fire risks;
- (h) prohibiting, regulating and controlling the disposal of disused refrigerators and other compartments;
- (i) providing for the collection, storage and transportation of domestic and trade waste and recyclable materials;
- (j) prohibiting, regulating and controlling camping and caravans;
- (k) prohibiting, regulating and controlling interference with drains and water courses;
- (l) prohibiting, regulating and controlling the use of recreation vehicles;
- (m) prohibiting, regulating and controlling activities and circumstances associated with advertising, bill posting and junk mail;
- (n) prohibiting, regulating and controlling the presence of livestock on roads and requiring the fencing of properties where livestock are to be present.

The Local Law will operate from the first day of January 1994.

The Local Law may be purchased and/or inspected at the Civic Centre, Robertson Street, Gisborne, during office hours.

T. H. LARKINS
Chief Executive

CITY OF GREATER BENDIGO
Local Law No. 1—Saleyards

Notice is hereby given that Council has adopted Local Law No. 1 (Saleyards).

The purpose and general purport of the Local Law is to provide for the humane treatment of the stock and for the efficient operation and management of the Bendigo Regional Saleyards. The Local Law provides conditions for the use of the Saleyards by stock agents, regulates certain activities of agents, establishes the authority of the Saleyards Manager, sets standards for the conduct of persons using the Saleyards, provides for the exclusion of persons acting offensively or in a manner which is not in the best interests of the Saleyards, and includes other provisions which provide for the efficient operation and management of the Saleyards.

A copy of the Local Law can be inspected from the City of Greater Bendigo, Bendigo Office, Lyttleton Terrace, Bendigo between the hours of 8.30 a.m. and 4.45 p.m. on weekdays.

PETER SEAMER
Chief Executive Officer

Planning and Environment Act 1987
RODNEY PLANNING SCHEME
Amended Notice of Amendment to a
Planning Scheme
Amendment L83

The City of Greater Shepparton Tatura Office has prepared Amendment L83 to the Rodney Planning Scheme.

The amendment affects land described as road being part of Archer Street, Mooroopna adjacent to Ardmona Foods Limited.

The amendment proposes to close that part of the road shown on the map forming part of the Amendment L83 and rezone the area to Industrial.

The amendment can be inspected at the City of Greater Shepparton, Tatura Office, Casey Street, Tatura; North East/Goulburn Region, Ministry for Planning and Development, North Eastern Office, State Offices, 1 McKoy Street, West Wodonga or at the Ministry for Planning and Development, The Olderfleet Building, 477 Collins Street, Melbourne.

You may make a submission for or against any item of the amendment by writing to Mr W. S. Jaboor, Acting Chief Executive Officer, City of Greater Shepparton, Locked Bag 1000, Shepparton 3630 by 19 January 1995.
Dated 6 December 1994

W. L. STOCKDALE
Manager, Technical Services

Planning and Environment Act 1987
BALLAARAT (CITY) PLANNING SCHEME
Notice of Amendment to a Planning Scheme
Amendment L55

The City of Ballarat has prepared Amendment L55 to the Ballarat (City) Planning Scheme, Local Section.

The amendment proposes to rezone the properties known as 1301-1311 and 1317 Sturt Street from the existing Residential Office zoning to Local Business zone.

The amendment can be inspected at the following locations: City of Ballarat, Wendouree Office, Gillies Street, Ballarat; Department of Planning and Development, Central Highlands and Wimmera Regional Office, corner Mair and Doveton Streets, Ballarat or at the Department of Planning and Development, 477 Collins Street, Melbourne.

Submissions about the amendment must be sent to the Chief Executive Officer, City of Ballarat, Sturt Street, Ballarat, Victoria 3350 by 15 January 1995 indicating whether you wish to be heard in respect of the submission.

JANET DORE
Chief Executive Officer

Planning and Environment Act 1987
WIMMERA PLANNING SCHEME
LOCAL SECTION
Notice of Amendment to a Planning Scheme
Amendment L16

The Shire of Wimmera has prepared an amendment to the Wimmera Planning Scheme, Local Section.

The amendment is in 3 parts:

Part 1 affects land in Old Hamilton Road, Haven. The amendment proposes to alter Clause 15 (Rural (Residential) Zone) by introducing a site-specific clause so that an application can be considered to subdivide an existing 4.0 ha lot into 2 lots. The responsible authority will assess merits of any proposal at the time of application.

Part 2 affects land in Holes Road, Horsham behind the Wimmera Lakes Caravan Park. The land is in the Low Density Residential Zone which currently requires new lots to be an average of 1 ha with a minimum size of 0.4 ha. The amendment proposes to allow an application to be made to subdivide the land into 26 lots with an average lot size of 0.4 ha and will

require that any subdivision is provided with reticulated water sewerage and drainage systems. The responsible authority will assess merits of any proposal at the time of application.

Part 3 affects Clause 35 of the planning scheme which contains mandatory provisions which apply when land is used for greyhound keeping. Council believes some degree of discretion should be provided when applying the provisions. The amendment proposes to provide the responsible authority with the discretion to vary the requirements with a permit. The merits of varying a requirement would be assessed on a case by case basis. Land within the Township Zone will be affected in particular by this change.

The amendment can be inspected during office hours at the Shire of Wimmera, Roberts Avenue, Horsham; Department of Planning and Development, Central Highlands/Wimmera Region Office, corner Mair and Doveton Streets, Ballarat or at the Department of Planning and Development, Olderfleet Buildings, 477 Collins Street, Melbourne.

Under section 19 (1A) of the **Planning and Environment Act 1987** Council has exempted itself from notifying owners and occupiers of land within the Township Zone who may be affected by the amendment. Those persons are still entitled to make a submission under sections 21 and 21A of the Act.

Submissions about the amendment must be sent to the Shire Secretary, Shire of Wimmera, PO Box 481, Horsham 3402 by Friday, 27 January 1995.

Dated 12 December 1994

P. BALDWIN
Shire Secretary

Planning and Environment Act 1987
GREATER GEELONG PLANNING SCHEME
Notice of Amendment
Amendment R99

The City of Greater Geelong has prepared Amendment R99 to the Greater Geelong Planning Scheme.

The amendment proposes to change the Regional Section of the Planning Scheme by including a lot at Taits Road, Barwon Heads, in Schedule 2 of the Planning Scheme. This will enable a permit to be issued for a detached house.

The amendment can be inspected at the City of Greater Geelong, Osborne House, Swinburne Street, North Geelong or at the Department of Planning and Development, Olderfleet Buildings, 477 Collins Street, Melbourne.

Submissions about the amendment must be sent to the Planning Scheme Amendment Unit, City of Greater Geelong, PO Box 104, Geelong by 16 January 1995.

CHUBB FADGYAS
Planning Scheme Manager

CITY OF RINGWOOD
Amending Local Laws

Notice is hereby given that Council made two Amending Local Laws at its meeting held on 28 November 1994.

The Amending Local Laws make amendments to Local Law No. 4—Open Air Burning & Incinerators and Local Law No. 7—Environmental Amenity Local Law.

The affect of both these Amending Local Laws respectively is to ban the use of incinerators and to provide controls over animal droppings.

A copy of the Amending Local Laws may be inspected and obtained from the City Offices during normal office hours.

Planning and Environment Act 1987
NOTICE OF AMENDMENT TO A
PLANNING SCHEME

The Shire of Mornington has prepared Amendment L54 to the Mornington Planning Scheme.

The amendment affects land at 14–18 Eliza Drive, Mt Eliza.

The amendment proposed to change the planning scheme by inserting a special ordinance provision to allow the land to be subdivided into two lots.

The amendment can be inspected at the Shire of Mornington, Queen Street, Mornington or at the Department of Planning and Development, Ground Floor, 477 Collins Street, Melbourne.

Submissions about the amendment must be sent to the Chief Executive Officer by 30 January 1995, Shire of Mornington, Private Bag 3, Post Officer, Mornington 3931.

ARTHUR L. COOKSLEY
Strategic Planning Manager

Planning and Environment Act 1987
NOTICE OF AMENDMENT TO A
PLANNING SCHEME

The City of Greater Bendigo has prepared Amendment L22 to the Greater Bendigo Planning Scheme. The amendment applies to land at 8–32 Marong Road and 53 Eaglehawk Road, Bendigo being Crown Allotment 128 and part Crown Allotment 13A Section A (CP 172782) and Crown Allotment 13C Section A.

The amendment proposes to change Map 5 of the Greater Bendigo Planning Scheme Chapter 2 by rezoning land at 53 Eaglehawk Road from an Industrial Zone to a Service Business Zone and to include a new clause in Chapter 2 of the Greater Bendigo Planning Scheme as follows:

(6) Despite the provisions of this Clause and the Table to Clause 22, Section 8, Service Business zoned land at 8–32 Marong Road and 53 Eaglehawk Road, Bendigo, being Crown Allotment 128 and part Crown Allotment 13A Section A (CP 172782F) and Crown Allotment 13C Section A, Parish of Sandhurst, may, with the consent of the Responsible Authority, be used and developed for the purpose of a shop having a minimum retail floor area of 1,200 m².

The amendment can be inspected at the Department of Planning and Development, Ground Floor, The Olderfleet Building, 477 Collins Street, Melbourne; 426 Hargreaves Street, Bendigo or at the City of Greater Bendigo, Bendigo Branch Office, Lyttleton Terrace, Bendigo.

Submissions about the amendment must be sent to the City of Greater Bendigo, Bendigo Branch Office, Lyttleton Terrace, Bendigo 3550 by Thursday, 19 January 1995.

Dated 12 December 1994

C. C. CAMPBELL
Executive Manager Development

SOUTH GIPPSLAND SHIRE COUNCIL
Proposed Local Law No. 2—Payment of Fees

Notice is hereby given that pursuant to section 119 (2) of the **Local Government Act 1989**, that the South Gippsland Shire Council has prepared a local law regarding the payment of fees.

The purpose of the local law is to provide a mechanism for enforcement of the recovery of fees so that the equity is achieved through a fee for service policy and is not distorted by users

who fail to pay such fees. It also provides a mechanism for addressing alleviation of fees, where enforcement of payment would otherwise impose unreasonable hardship.

A copy of the proposed local law can be obtained from the Council offices, Smith Street, Leongatha.

Any person affected by the proposed local law may make a submission relating to the proposed local law under section 223 of the Act. These submissions must be in writing and be submitted to the Acting Chief Executive Officer, South Gippsland Shire Council, Private Bag 4, Leongatha 3953, within fourteen days of publication of this notice.

Any person making a submission may be requested to be heard in support of their submission.

DANNY LUNA
Acting Chief Executive Officer

SOUTH GIPPSLAND SHIRE COUNCIL
Proposed Local Law No. 1—The Common Seal
Notice is hereby given pursuant to section 119 (2) of the **Local Government Act 1989**, that the South Gippsland Shire Council has prepared a local law to regulate the use of the Common Seal.

A copy of the proposed local law can be obtained from the Council Offices, Smith Street, Leongatha.

Any person affected by the proposed local law may make a submission relating to the proposed local law under section 223 of the Act. These submissions must be in writing and be submitted to the Acting Chief Executive Officer, South Gippsland Shire Council, Private Bag 4, Leongatha 3953 within fourteen days of publication of this notice.

Any person making a submission may be requested to be heard in support of their submission.

DANNY LUNA
Acting Chief Executive Officer

SHIRE OF HASTINGS
Consumption and Control of Liquor Local Law
The Shire of Hastings proposes to make a Local Law to be called "Consumption Control of Liquor Local Law, Local Law No. 8".

A copy of the proposed Local Law can be obtained from the Shire of Hastings Municipal Office free of charge between 8.15 a.m. and 5.00 p.m., Monday to Friday.

Any person affected by the proposed Local Law may make a submission relating to it under section 223 **Local Government Act 1989**. Submissions should be addressed to the Manager, Planning and Environment, Municipal Office, Hastings and must be received by the Council within the fourteen (14) day period specified in section 223.

The purposes of the proposed Local Law are to:

- (a) controlling the consumption and possession of liquor in various circumstances and places and at various times;
- (b) protecting public places and Council premises;
- (c) controlling public places and Council premises;
- (d) controlling activities, events, practices and behaviour which could give rise to a nuisance or detriment to persons and the amenity of the neighbourhood;
- (e) providing for a safe and healthy environment for persons within the municipal district;
- (f) controlling various matters which may adversely affect the amenity of the municipal district and the quality of life of persons within it;
- (g) proving for, controlling and managing the use of premises and vehicles; and
- (h) generally maintaining the peace, order and good government of the municipal district.

The general purport of the local law is that it:

- * Applies throughout the Municipal district;
- * Council will by resolution specify which areas it wishes to control the consumption and possession of liquor;
- * Provides that between 12 midday on December 31 and 12 midday on January 1 consumption and possession of liquor on public places is not allowed except where a permit has been granted, or the premises is licensed under the **Liquor Control Act 1987** or in a camping site where persons are so authorised;
- * Allows the Council to grant or refuse to grant a permit or grant a permit subject to conditions;

- * Enables the Council to delegate functions and duties to the Chief Executive Officer and Manager, Planning and Environment;
- * Establishes a schedule of fees;
- * Provides for enforcement actions to be undertaken by authorised officers, including the issue of infringement notices.

Planning and Environment Act 1987
BERWICK PLANNING SCHEME
Notice of Amendment
Amendment L83

The City of Berwick has prepared Amendment L83 to the Local Section of the Berwick Planning Scheme.

The amendment proposes to:

1. Introduce a site specific control to allow the development of a parcel of land described as Lot 16, LP 51172, Cranbourne Road, Narre Warren, for the purposes of a petrol station, convenience shop and motor vehicles repairs.
2. Rezone the land affected by the site specific control from a Corridor A Zone to a Berwick Residential—Restricted Low Density Zone.
3. Include a retail plant nursery as an allowable use in a Berwick Residential—Restricted Low Density Zone subject to a permit being granted.
4. Include the land owned by Melbourne Water south of Fullard Road and west of Cranbourne Road in a Public Purpose 18 Reservation.
5. Update the planning scheme by replacing reference to the Melbourne Metropolitan and Board of Works, Dandenong Valley Authority, Dandenong Valley and Western Port Authority and Dandenong and Springvale Water Board with Melbourne Water in Clauses 104-1, 121A-2 and 125-1.
6. Update the planning scheme by replacing reference to the State Electricity Commission of Victoria with the relevant Electricity Supply Corporation in Clause 104-1.
7. Rezone Centre Road between Fullard Road and Narre Warren—Cranbourne Road from a Corridor A Zone to a Stream and Floodway Zone. This section of Centre Road is located within the declared Hallam Valley Floodplain.

The amendment can be inspected at the City of Berwick, Municipal Offices, Magid Drive, Narre Warren; City of Cranbourne, Municipal Offices, Sladen Street, Cranbourne or at the Department of Planning and Development, Ground Floor, The Olderfleet Buildings, 477 Collins Street, Melbourne.

If you are affected by the amendment, you may make a submission in relation to the amendment. Submissions about the amendment must be sent to the Chief Executive, City of Berwick, PO Box 1000, Narre Warren 3805 by Wednesday, 15 February 1995.

**Transport Act 1983
ROAD DECLARATIONS AND
DEDICATIONS**

The Roads Corporation pursuant to the **Transport Act 1983**, upon publication of this notice declares, or varies the declaration of, the roads as described below and on the plans attached, and further declares that such roads are fit to be used as a public highway and are now absolutely dedicated to the public for use as public highways within the meaning of any law now or hereafter in force.

Freeway

79/94 Western Freeway in the City of Ballarat shown hatched on plans numbered GP 18404, GP 18405, GP 18406, GP 18407, GP 18408 and GP 18409.

Transport Act 1983
ROADS CORPORATION

Commercial Passenger Vehicle Application

Notice is hereby given that the following applications will be considered by the Roads Corporation after 18 January 1995.

Notice of any objection to the granting of an application should be forwarded to reach the Office Manager, Shepparton or any District Office of the Roads Corporation not later than 12 January 1995.

It will not be necessary for interested parties to appear on the date specified, unless advised in writing by the Corporation.

D. and H. Purcell, Yarrowonga. Application for variation of the conditions of licence TS765 which authorises the licensed vehicle to operate a school service under contract to the Public Transport Corporation to include the ability to operate under charter conditions from within a 20 km pick up radius of the Yarrowonga Post Office.

Note 1: The vehicle licensed by TS765 holds a 3 star rating for charter purposes.

Note 2: Previously appeared in the Victoria Government Gazette number G46 dated 17/11/94 in the name of D. and H. Purcell, Yarrowonga. This application was incorrect and the above notice is now substituted. Objections will need to be re-submitted to accord with the **Transport Act 1983**.

Dated 12 December 1994

EXEMPTION FROM NOTIFICATION OF
VACANCY UNDER SECTION 29 (2) OF
THE PUBLIC SECTOR MANAGEMENT
ACT 1992

Position No. 39/12/0018/3, Overseas
Qualifications Officer, Class VPS-3,
Department of Business and Employment.

Reasons for exemption

The position has duties and qualification
requirements that are closely related to a
recently advertised vacancy at the same level,
and an appointment will be made from the
applicant field for that position.

GARTH LAMPE
Acting Secretary

EXEMPTION FROM NOTIFICATION OF
VACANCY UNDER SECTION 29 (2) OF
THE PUBLIC SECTOR MANAGEMENT
ACT 1992

Position No. 23/05/0088/9, Purchasing
Officer, VPS-2, Department of Business and
Employment.

Reasons for exemption

The duties of the position have been
performed on a higher duties basis for a
continuous period of at least 6 months
immediately prior to translation to the 5 band
structure and the Department Head considers
that it is unlikely that advertising the position
would attract a more suitable candidate.

GARTH LAMPE
Acting Secretary

1. Introduction	
This Code has been prepared to ensure the welfare of wildlife and exotic animals held in	

confinement in zoos, wildlife parks, circuses and travelling exhibitions.

The Code provides general guidelines on the minimum standards for the maintenance of health and for the husbandry, housing, display and disposal of these animals: it provides a framework for a wide range of animals to be kept and displayed under acceptable levels of care and husbandry.

Native and exotic animals are held in captivity under varying circumstances and for a range of reasons, including community education, promotion of the concept of conservation and ecology of species or for research. This code covers those animals, mammals, birds, reptiles and amphibians kept for display and does not relate to animals being used for research.

A display, demonstration or exhibition can have significant educational merit. The display may provide information on, and an understanding of, the ecology of an animal and reinforce the importance of conserving the natural environment. The display of animals may also be used in an educational context to indicate the diversity of animal life. These benefits are important and captive animals provide a first hand opportunity for the general community to experience the many species of animals to which they would not normally be exposed. Animals may also be displayed for entertainment which is not inconsistent with community expectations providing that the display is accompanied by conservation, environmental or other educational messages.

The health and welfare of animals in captivity is totally dependent upon both the physical environment and the standard of human care. The relationship between captive animals and their keepers is usually instrumental in maintaining optimum health and well being.

People, upon receiving permits to keep will animals, need to familiarise themselves with the particular requirements of the species they wish to keep. A thorough knowledge of the species in the wild will enable adequate captive conditions to be provided. Holders of wild animals will also need to regularly consult up-to-date references and relevant institutions including the Healesville Sanctuary, Melbourne Zoo and the Department of Conservation and Natural Resources, on the husbandry of captive wild animals.

A licence from the Department of Conservation and Natural Resources (CNR) is required by operators of these premises and it will stipulate the species to be kept and transported and conditions to which the operation must adhere. Operators are required to comply with relevant State, Federal and International legal requirements and should liaise with the appropriate bodies. The Code provides the basic information necessary to maintain the welfare of animals at a satisfactory level. The CNR licence identifies which animals may be kept with particular reference to the suitability of animals to be kept in fixed or travelling circumstances.

For the purposes of this Code, wild animals are defined as any animal of a vertebrate species including hybrids of those animals but does not include man, domestic animals or fish.

2. Staff

2.1 Manager

The Manager is responsible for the performance of all staff-veterinarians, animal attendants, drivers, ground staff and others—and for the preparation of and adherence to an overall management plan for the development and maintenance of the establishment, the condition of the animals and the conditions in which they live. In particular, the Manager is responsible for:

- the well-being of the animals in the establishment,
- daily feeding, watering and inspection of all animals,
- regular veterinary examination and providing prompt veterinary attention when required,
- hygiene, comfort and providing appropriate accommodation for each species,
- providing appropriate quality of environment within individual species' enclosures,
- preparing overall management policy for the establishment including adherence to provisions of all related Acts, Regulations, Codes or licence conditions,
- the employment, training and supervision of the staff,
- providing access to reference material on animal management to staff,

- reproductive programs, identification and handling of animals,
- maintenance of records and statistics.

2.2 Veterinarian

Each establishment must have a contractual arrangement with a veterinary practice or practitioner to be available and be responsible to the Manager for the health and treatment of the animals. The contractual arrangement should particularly address:

- a preventative medicine program,
- recognition and treatment of infectious and zoonotic diseases,
- prompt treatment other than first aid where required,
- humane euthanasia as necessary,
- provide advice regarding housing and enclosure design, transport vehicle, capture and handling techniques and nutrition.

2.3 Attendants

Should be trained and experienced in the skills of capture, handling and management of animals and should be responsible to the Manager for,

- daily feeding, watering and inspection of all animals,
- daily cleaning of facilities,
- reporting of sick animals to management,
- generally assisting in maintaining the quality of environment in each enclosure.

Attendants should be trained in the skills of handling animals and would preferably have successfully completed an appropriate training course. Details of appropriate courses should be provided as an attachment to the CNR licence.

They should be trained in first aid application for both animals and humans. Where venomous snakes are kept, staff should be well versed in the application of correct first-aid treatment for snake-bite.

It is necessary to provide adequate safeguards in order to protect the health of attendants, including adequate hand washing facilities, protective clothing and equipment, tetanus immunisation and access to antivenenes. Some hazards exist with certain species of animals which are known to harbour disease-causing organisms which can be transmitted to humans (zoonoses) and hygiene measures should be such that transmission to personnel will not occur.

3. Husbandry

3.1 Nutrition

Food suitable for the particular species should be provided in a manner which is consistent with the species requirements to maintain good health and to encourage the natural feeding behaviours of the species. Sufficient feeding sites should be provided to cater for all specimens in an enclosure. For example, dominant primates may monopolise feeding sites and to prevent this, food should be cut small and scattered around the enclosure. Food should be of high quality and free from contamination by rodents, insects and chemicals. Diets should be complete and balanced and food items provided in quantities necessary for growth and the maintenance of healthy body condition. Specific information on feeding requirements of individual species can be obtained from the Zoological Board of Victoria.

Food Storage: All fresh and dry food items should be kept in suitable storage areas to ensure nutritional value is sustained. Fridges and freezers should maintain the appropriate temperature for fish, meat and vegetables. Grains and pellets should be kept dry and food containers should be labelled and the shelf life of the contents should be monitored. Correct stacking methods should be maintained in hay sheds to ensure that hay and straw are not directly on the ground and are kept dry and free from contaminants. Food containers, where appropriate, should be non spillable and roofed if placed in the open.

Live vertebrates should not be used as a food item unless they are required absolutely as a food source by a species or individual animal. Frogs should not be kept unless a constant supply of live insects can be ensured. Live rodents should not be left in a reptile enclosure overnight or for an extended period and wild caught rodents should not be used. Food animals should be euthanased in a humane manner without toxic chemicals. Care should be taken to ensure food animals which have been stored by freezing, are thoroughly thawed, particularly before being fed to raptors or reptiles.

Isolating particular animals during or immediately after feeding may be necessary to prevent accidental injury to, or ingestion of, cage-mates. It is important to observe feeding, particularly that of snakes.

For reptiles, optimal preferred temperatures (available from Zoological Board of Victoria)

should be maintained during feeding and digestion. Food should only be offered when the appropriate temperature is available before, during and at least 48-120 hours (depending on the species) after feeding. Snakes that have food in their stomachs generally should not be handled. Force-feeding of reptiles is not desirable on a long-term basis, although it may be required as a supportive measure whilst corrective husbandry is investigated.

Animal species, including species of waterfowl, which are regarded as grazing species should have daily access to permanent pasture or be supplemented with fresh greens or pasture derivatives, for example hay.

3.2 Water

Clean, cool water should be available at all times; exemptions from this requirement may include arid-zone species or the temporary withholding of standing water during periods of pre-mating stimulation. Water containers should not be located in direct sunlight and should be designed to suit the animals' needs which may include swimming, sloughing, wallowing, bathing and drinking.

Containers should be non spillable and of a design that can be easily drained and cleaned and does not cause injury to the animal.

Water, at a temperature within the species optimal preferred range, should be available at all times. Many lizards and some snakes only gain moisture by absorbing dew, rain, etc, through their skins or by drinking off vegetation. In these cases, the animals or cage foliage can be mist-sprayed daily but care must be taken to avoid excessive humidity.

3.3 Hygiene

Facilities should be decontaminated regularly. Regular water changes are necessary to maintain optimal water quality for aquatic species and to prevent contamination of the animals captive environment. Details on the recommended frequency of water changes may be obtained from the Zoological Board of Victoria. In aquaria displays, water may be cleaned by filtration and filters should be cleaned often enough to maintain the water quality.

Pens should be well drained. Sick or injured animals should be removed from public viewing areas into isolation or treatment facilities supervised by the veterinarian and examined at least once daily.

Parasites, both external and internal, and vermin, including rats and mice, should be controlled.

The use of strong-smelling disinfectants is not recommended for non domestic cats except in exceptional circumstances, as these chemicals can cause discomfort and sickness in some animals. Herbal disinfectants may be an appropriate alternative.

3.4 Safety and Security

The maintenance of secure containment is a vital consideration in the design of animal accommodation. Enclosures must be constructed and designed to minimise the risk of animal escape or keeper or public injury.

Many animals, especially young ones, are very attractive to people, but can deliver serious bites or scratches. Tactile displays should ensure that animals have sufficient space and protection to avoid human contact and the Manager is responsible for ensuring that only animals suitable to human handling are used in tactile displays. Under no circumstances should native animals being rehabilitated for release back into the wild be used in tactile displays. Enclosures of potentially dangerous animals should have a safety fence of a suitable height and construction to prevent public contact with the animals.

Facilities for isolating potentially dangerous animals in one part of an enclosure complex will allow access to the remainder of the enclosure for maintenance. Large animals, however tame, are potentially dangerous and lock-away facilities must be included in complexes for these animals. All enclosures for these animals should be entered via a safety cage or corridor.

Dens for potentially dangerous animals, such as large primates or large cats, should be connected to the main enclosure by vertically or horizontally sliding doors operable from the Keeper area. Any operating mechanism, such as cables and pulleys, must be well out of reach of the animals.

Animals on display or being transported should be protected from other animals and humans and safety measures for both humans and animals should be part of the management plan.

Appropriate precautions shall be provided in advance of any possible emergency. Such precautions shall include notification of the nearest suitable hospital of all species of dangerously-venomous snakes held by the

establishment so that an appropriate supply of antivenene can be provided in advance. A first-aid kit and bandages for treatment of snake-bite should also be held close to where the snakes, are maintained.

Rooms containing all reptiles, especially venomous species, should be constructed in such a way that, in the event of an escape, the reptile will be contained within the room. Consequently, gaps or holes in the floor, walls or around closed doors should be eliminated and windows should be locked and/or properly fitted with suitable wire mesh. All external entries should be lockable. A formal security and inspection system should be implemented to ensure that access doors and lids are kept locked.

In addition to signs required for the public display of reptiles, each enclosure shall be marked for the keeper's benefit with the correct name and number of contained reptiles. If the reptiles are venomous, this should be stated and be clearly visible.

3.5 Breeding

The conservation of threatened species should be a major priority for facilities that hold these animals and co-operative breeding programs, often on an international scale, are becoming increasingly common, for example the Australian Species Management Program. These programs are important to ensure that animals on display are of pure stock and are genetically diverse resulting in a reduced need to remove new specimens from the wild. Advice should be sought from stud book keepers and species co-ordinators of these programs, on which individual animals should be mated to give favourable genetic results and how often breeding should occur in order to stay within the constraints of welfare and available accommodation. Sterilisation, separation of sexes or chemical fertility control are some practices that should be considered where animals are not required for breeding. An objective of co-operative breeding programs is to maintain healthy stocks of animals suitable for release into the wild for future generations when changes in human attitudes and the availability of habitat may permit this to occur. Captive breeding has already saved many species from extinction.

Facilities for breeding, when required, should be provided to ensure the species breeding habits are catered for and observed at all times. Some species have specialised requirements for

breeding; for example, primates of most species are social animals and breed successfully within the social group and the presence of other group members is important for the proper education and socialisation of infants and juveniles. For this reason hand-raising should be avoided except in extreme circumstances. Any hand-raised juvenile should be socialised with members of its own species from the earliest age possible.

3.6 Health

A program designed to monitor the health and well being of animals should be implemented and overseen by a veterinarian.

A preventative medicine program should be designed and implemented to protect animals from disease. Sick animals, new arrivals or animals of unknown disease status should be quarantined until shown to be free of contagious disease. Primates in particular are vulnerable to many human diseases and their exposure to people with common complaints such as colds and influenza should be avoided as much as possible.

3.7 Euthanasia

This is the responsibility of the veterinarian and should be performed at the discretion of the veterinarian in consultation with animal management staff. The preferred method of euthanasia is barbiturate overdose and this method should be used other than in exceptional circumstances.

3.8 Layout and design

When designing a new facility or adding to an existing facility it is important that consideration is given to the overall layout of the park or zoo. The display facilities should be arranged so that the visitor is naturally led from one display to the next.

Environmental enrichment is an important component. This involves providing an environment and adopting management practices that stimulate the animals' natural behaviour, thereby reducing or minimising boredom or stereotypic behaviours. This can include replicating natural landscapes, providing smaller amounts of varied food more often or incorporating other devices such as climbing structures to stimulate activity.

To enhance the educational and conservation objectives of the display, consideration could be given to grouping animals in relation to their biology (eg macropods together, parrots

together) or on their ecology (eg Mallee species together, forest species together). Care should be taken when grouping animals to avoid stress by not having predator and prey species displayed in adjacent enclosures or in sight of one another.

Information should be provided on the biology, conservation status and distribution of the animals on display. Where compatible animals are displayed together in a single enclosure, diagrams and illustrations of each species should be provided to enable visitors to identify the specimens on display.

A natural type of enclosure, incorporating growing non-toxic vegetation, provides superior quality of environment for captive animals. All animals should have access to shade at all times of the day. Wherever possible, the layout of enclosures should make maximum use of natural features, particularly vegetation which may be utilised to provide shade for both animals and visitors, or to screen enclosures from one another or to provide natural partitions between display sections.

As is required by legislation (Wildlife Regulations 1992) the park or zoo should have an appropriate perimeter fence that will restrict the entry of unauthorised persons and minimise the risk of animals escaping.

Any walk-through aviary or enclosure should have minimum floor area increased by the width of the pathway, unless the pathway is built one metre or more above ground level of the aviary or enclosure. Public should be restricted to pathways which passes through any aviary or enclosures by permanent barriers or signs.

Enclosures should also be designed so that animals are not adversely affected by visitors.

3.9 Housing

3.9.1 Static Displays (See Appendix 1 for enclosure sizes)

(a) General

Enclosures should be designed, constructed, serviced and maintained in a way that ensures the good health and well being of the animals, whilst preventing escape or injury to humans. Specific details on housing for the various species can be obtained from the Zoological Board of Victoria.

Materials should be selected for ease of maintenance and cleaning, durability, and non-toxicity.

Housing should provide protection from predators, vermin, the weather (wind, rain and

sun) and harassment from other animals. Sprinklers may be required for cooling in hot weather.

Enclosures should enable the animals to move freely and engage in a wide range of natural behaviours, including foraging, socialising, climbing, digging, resting and sleeping. Physical barriers, including walls and fences, should be designed and constructed to minimise traumatic injury to animals. Visual barriers should be included in enclosures, allowing animals to avoid each other or to retreat from public viewing.

Additional holding facilities should be available for the separation of animals as required, including the quarantine of new or sick animals or animals of unknown disease status. Cages for these purposes are exempt from the minimum cage sizes in Appendix 1.

A fully enclosed aviary type enclosure is suitable for primates, cats and bears. The mesh of the walls may be supported on metal or timber supports and should be anchored securely into a concrete plinth around the entire periphery. The plinth should contain abundant drainage holes to prevent flooding of the enclosure during rain. Enclosure substrates may be of concrete, or of earth with a covering of sand, woodchips or growing grass. The enclosure height for primates should be tall enough to allow the incorporation of a variety of climbing structures. The minimum height for these enclosures should be 4 metres but taller enclosures are better.

Large cats, those ranging from lion to leopard in size will require 5mm gauge mesh, whilst for small species of ocelot size or less, 3mm gauge is adequate. Mesh size should be too small for cats to reach through. For lions, tigers and cheetahs it is possible to replace the wire ceiling with a 35° splay-in.

Dens should be weatherproof and provide dry comfortable sleeping quarters for the occupants. Dominant animals may need separate dens. Dens for primates should be well lit and ventilated with strong sleeping benches securely fastened to the walls. Apes require two sleeping benches at different heights separated by a vertical wall to provide visual separation in times of stress. Ape dens should measure not less than 9 sq m and should be 3 metres high; baboons, macaques and others of a similar size require not less than 4 sq m., whilst small species require half this area. These sizes are for a basic group and should be increased by 25% for each

additional adult animal. Dens for large primates are best constructed of masonry with sliding animal doors of 5mm steel. Strong timber or similar material may be suitable for smaller species but these materials may be gnawed by some animals. For non-domestic cats, a wooden bench should be provided to allow animals to lie off the concrete floor. Doors into dens should be constructed of steel, which for large cats or apes should be 5mm gauge. Dens should be roomy enough to allow free movement of the occupants and permit the largest animal to lie fully extended. For large cats internal measurements of dens should be not less than 3 x 2.5 metres with a ceiling height of 2.1 metres.

Moated enclosures should be surrounded by a masonry wall or other strong unclimbable barrier and moats must be of the recommended dimensions with a smooth concrete wall on the viewing side. Moated enclosures are suitable for bears, some of the larger primates, lions, tigers and ungulates such as elephants, giraffes and rhinoceros. The size of the moat required for primates and the height of the perimeter fence, which must be smooth and unclimbable, may prove excessively expensive. Water moats can be a hazard to some primates and drownings are possible. Water in moats should not be allowed to become stagnant or contaminated. Moats for cats must be constructed of concrete and must be deeper and wider than the leaping ability of the species on display and should normally contain water. A vertical wall of the recommended height above water level (see tables in Appendix 1) on the viewing side is essential. Moats for ungulates should slope on the animal side to prevent fatal accidents due to animals falling. Because giraffe are wary of uneven terrain, even shallow moats will restrain them. These should be designed to ensure that an animal will not escape over the moat's outer perimeter. Moats should have a soft floor of soil or sand and be wide enough to enable a fallen giraffe to easily regain its feet without injury.

(b) Specialised Housing Requirements

(1) Amphibians

Axolotls require 20–25 cm of water maintained at between 22–25°C. They may be kept in glass aquarium containing rock or slate. Most frogs can be kept in glass or perspex fronted aquaria with height being the important dimension for arboreal species. Terrestrial species require a substrate suitable for the species and plants are essential for arboreal

species. A shallow pool of water should be provided, but the tank should not become water-logged. Humidity of 60–80% will meet the requirements of most species. Temperature should not exceed 28°C and the heat source should not be close enough to cause overheating or dehydration. Specimens of greatly differing size should not be mixed as smaller ones may be eaten.

Tadpoles can be kept in aquaria, large glass jars or plastic containers until they begin to metamorphose. The water should be clean and as much surface area provided as possible. Protruding rocks or logs should be positioned to help metamorphosing froglets to climb.

(2) Reptiles

Sufficient space should be provided, both horizontally and vertically, to allow reptiles to undertake movement associated with their normal behaviours and to protect reptiles from undue dominance or conflict. Within this guideline, it is important to recognise that cage furniture, eg branches, rock-piles, may increase the enclosure's useable space.

Outdoor exhibits are encouraged where species occur naturally within the geographical location, or similar climatic zone, of the animal display establishment as they provide a natural regime of climatic and seasonal conditions. Outdoor enclosures should be escape-proof and not be dug below ground level unless there is provision of adequate drainage, to avoid the possibility of flooding or muddy conditions following rain. The walls of outdoor enclosures should be constructed of smooth non-climbable barriers and should generally continue into the ground not less than 50cm to prevent escape of the reptiles by burrowing. Shrubs, etc, shall be placed away from walls to prevent escape. Where an outdoor pit enclosure is used to hold snakes or large lizards, the height of the enclosure wall should be not less than 1.5 metres with an inhang of not less than 30cm. Wire mesh should generally be avoided for reptile housing. Some woven meshes and plastic coated products are acceptable in preventing abrasive injury.

Enclosures for crocodilians and aquatic turtles and tortoises (freshwater or marine) should include an appropriate land area to allow for reptiles to bask, dry out totally and, where relevant, walk to a nesting site. The water component should be deep enough for the reptiles to submerge totally and cover an area that allows for free swimming, both horizontally

and vertically. Where the reptiles enter or exit the water, the edge of the pool should not be so rough as to abrade their ventral surfaces.

The interior design and landscaping of reptile enclosures should be consistent with the environmental needs of the inhabitants. Basking sites (rocks or logs) should be provided under the heat source for reptiles preferring radiant heat.

Appropriate temperatures and humidity should be maintained for particular reptile species. A heat source should be provided within, or immediately adjacent to, each reptile enclosure sufficient to provide the opportunity to thermoregulate. Heating devices shall be designed and positioned so that parts of the enclosure floor are not heated, thereby providing a range of temperatures. A daytime temperature gradient 22-30°C would accommodate thermal requirements for the majority of species. Where tropical species of turtles and crocodilians are displayed, water temperature should be 24-28°C. A range of 22-26°C is suitable for such temperate species.

Diurnal desert species of reptiles require a relative humidity of 50%, while 50-70% relative humidity is suitable for most coastal and mountain species. Snake species found in humid tropical environments require a relative humidity greater than 80%. Tropical reptile species require humidity and foliage. Where live plants are used to decorate the exhibit, care must be taken to ensure that the relative humidity does not become excessively high. Artificial substitutes may be used as an alternative.

Photoperiod and access to direct sunlight are important factors in the control of activity, reproduction and other physiological processes. Reptiles housed indoors will require a photoperiod that replicates the natural environment. Light bulbs used for heating should be coloured red or blue so that the reptile has a dark period during the night. Many lizards, young turtles and crocodiles and some snakes have particular ultraviolet light requirements to ensure proper growth and metabolic functioning. Experienced herpetologists should be contacted for these details.

(3) Birds

Raptors

Public walkthrough raptor enclosures should be of a design that utilises the longest dimension to allow the greatest distance between the public and the birds. Public walkthrough raptor

enclosures should only be used with species known not to be potentially dangerous or have nervous temperaments. Off-display facilities may require smaller enclosure sizes for specific purposes such as captive breeding, quarantine and rehabilitation. The enclosure should allow for appropriate flight paths and sufficient numbers and variety of perches should be supplied and positioned to accommodate different preferences of individual birds and to avoid diseases of the feet.

Waterfowl

In the design of any aviary or enclosure the minimum length of the shortest side should be not less than 3 metres, and should include a pond of the dimensions described in this code. At least 50% of aviary or enclosure should be constructed from open weave mesh. The minimum height of any unroofed enclosure perimeter fence should not be less than 1.1 metres high, except for broilgas which should be a minimum of 2 metres.

The total water surface area of any pond in a waterfowl aviary or enclosure will be described as a minimum percentage of total floor area, (eg aviary minimum floor area 75 sq metres, pond size is 26 sq metres, ie 35% of floor area). Total water surface area should be increased at the same rate as minimum floor area increases when numbers of birds in aviary or enclosure are increased. When an enclosure has a pond with a surface area of 100 square metres, the requirement for a percentage of floor area will not apply. Ponds should be designed to suit habitat requirements of all species held in an aviary or enclosure and pond design should allow easy access into and out of water for all species. Any pond which has a permanent or floating island should have the minimum water surface area increased by the size of the island. Fringes of ponds should include adequate natural habitat for sheltering, roosting or nesting for all species in aviary or enclosure.

(4) Mammals

Primates

Primates should always be kept as a social group and must have accommodation which will permit healthy physical activity, social interactions and prevent boredom. Marmosets and Tamarins like to sleep within a nest box which should be designed to comfortably accommodate the entire family. The box should be secured in an elevated position in a warm sheltered situation. It will require periodic

cleaning and should be designed accordingly. Preferred temperature of sleeping quarters is between 20 and 25°C and heating may be required in winter.

Non-domestic Cats

Social animals, for example Lion and Cheetah, should not be kept as single animals. Cats, particularly Tigers and Jaguars, are fond of bathing, and a pool large enough to permit this activity should be considered.

Ungulates

The non-domestic species of hoofed stock available in Australia generally have similar requirements to their domestic cousins. All are grazing or browsing animals and are normally kept free range in grassed paddocks. Species native to Europe and North America are hardy and require little shelter other than wind breaks and shade. However tropical species, such as Axis Deer and Banteng Cattle, are sensitive to cold and losses, especially of young animals, may occur in the absence of adequate shelter.

Attention must be paid to fence height and type to prevent escapes and exclude predators. Management must avoid methods which cause undue stress or which may cause nervous animals to collide with fences. Most deer species are forest or woodland animals and may be excessively nervous in enclosures without cover, and newborn animals may succumb to heat or cold in open paddocks.

Elephants should be provided with as much enclosure complexity as possible, including a pool for bathing, a mud wallow and tree trunks for rubbing. Frequent provision of fresh tree branches, bamboo and similar browse material will keep the animals busy and avoid undesirable behaviour patterns. Elephants are sociable and should not be kept as solitary individuals. Elephants require secure lock-away night quarters which are dry and windproof, measuring 40 sq. metres for two animals and increased by 50% for each additional animal. Special attention must be paid to the operation and strength of lock-away facilities if a bull elephant is kept, and the height for restraint barriers should be increased.

Giraffe are not well adapted to negotiating rough terrain, and enclosure surfaces should be level and relatively smooth, of a firm and stable nature and sufficiently abrasive to keep hooves in good conditions. Giraffe do not like cold winds and may suffer significant loss of condition in cold weather unless adequate dry,

windproof shelter is provided. Fences for giraffe may be constructed of a range of materials but must be robust enough to withstand a giraffe leaning on them whilst reaching over. Captive animals should be supplied with fresh branches daily, not only as food, but also to keep them occupied.

Restraint barriers for rhinoceros may be constructed of concrete, steel or heavy timber with the latter being the most suitable as rhinoceros will severely abrade their horns on concrete and steel structures. Secure lock-away facilities should be provided which should be dry and wind-proof, and include the means to separate animals from each other. Rhinoceros require shade and appreciate sun, a mud wallow and tree trunks for rubbing.

Most of the enclosure for Nile Hippopotamus should consist of water deep enough for the animals to totally submerge as their skin will dry and crack if kept away from water for extended periods. Hippopotamus defecate in their pools, which unless very large, will require regular draining and cleaning. Nile Hippopotamus are sociable however the introduction of an unfamiliar animal usually results in fighting which may cause injury or death. The Pygmy Hippopotamus is much smaller than the previous species and is solitary. Pairs can usually only be kept together for a few days when the female is receptive. They are more cold-sensitive than Nile Hippopotamus and neonates require heating if born in winter.

Non-domestic Canids

Canids are social animals and should not be kept as solitary individuals. Fence heights should be adequate and may require an overhang. Foxes, in particular, have excellent climbing abilities and will climb mesh fences. Wild canids may be fed as domestic dogs but should be provided with carcasses or large bones at least once a week to ensure dental health. Enclosures must prevent escape by leaping, climbing or digging and should provide a high quality complex environment, preferably modelled upon natural habitat.

Bears

Bears are powerful and able to dig, swim and climb. The design of enclosures must take these factors into consideration whilst also providing environmental complexity and novelty. Enclosures should include climbing structures in the form of large, inclined tree trunks and rocks, pools for bathing and a substrate of loose

material such as leaf-litter or wood-chips in which to forage. Seeds, raisins and other small food items should be scattered frequently, encouraging foraging behaviour. Enclosures should be designed so that bears can see out. Bears may be kept in large open enclosures surrounded by unclimbable mesh and sheet material fences extending at least one metre underground. Such enclosures can contain trees and other vegetation, providing a semi-natural environment. Adequate shade and water for bathing should be provided. Secure lock-away facilities are essential to all enclosures.

(5) Monotremes

Platypus

Platypus require an aquatic tank of a minimum length of six metres, minimum width of one metre and a minimum depth of 800 millimetres for a maximum of two animals. It is preferable that a second tank of similar size is provided as an off—display feeding tank. Facilities should be insulated from electric currents, excessive noise and vibration. Water temperature and ambient air temperature should be in the range of 15-25°C and should never exceed 30°C. The tank should have a selection of protected feeding and land based grooming sites provided in secure locations. Nest boxes should be at least 300mm high, 450mm wide and 700mm long with approximately 75% of the box filled with nesting material. Tunnels linking nest boxes to tank should be approximately 70mm high and 100 mm wide and construction materials should be non abrasive and weather proof. Chemical agents should not be used in cleaning and tank water should be filtered at the rate of one complete water change every six hours.

3.9.2 Mobile Displays

Due to the nature of mobile displays it is not possible for the animals to be displayed in enclosures that comply with the size requirements for permanent or fixed displays. However it is important that display enclosures do not compromise the welfare of the animals being held. With the exception of Part 3.8 - Layout and Design, mobile displays should conform to the general requirements of this code of practice.

Mobile display enclosures should ensure the safety and well being of both the public and the animals. Enclosures should be of solid construction and sufficiently secure to minimise

the risk of escape or the accidental or deliberate release of the animal by unauthorised persons. Mobile display cages should be constructed of materials of suitable strength and durability to contain the animals which will be displayed in them. Materials should be non-toxic and the enclosures should be easily cleaned and maintained.

Mobile display cages should provide refuge areas to allow animals to retreat from the public or other animals in the enclosures. Any animals on display which begin to show signs of stress should be removed from display immediately and allowed to recover. Enclosures should provide adequate shelter from sun, wind, rain and extremes of temperature for all animals contained in the cage. Animals should be maintained at temperatures suitable to ensure their well being. Birds should be housed in cages that conform to the Code of Practice for the Housing of Caged Birds.

(a) Short Term Mobile Displays

These are displays of less than one day in duration and display enclosures should provide adequate space for the animal to move about, sit, perch or lie down. Animals should be held in display cages for the minimum time possible and if animals are held for periods longer than two hours, they should have access to clear, cool water. Adequate quantities of appropriate food should be available if the period exceeds four hours.

(b) Long Term Mobile Displays (eg Circuses) See Appendix 2.

Display enclosures may include demountable or extendable ground level enclosures and should be sufficiently secure to minimise the chance of escape of the animal or its accidental or deliberate release. These enclosures will need to be able to be disassembled because of the mobile nature of the display. A security fence, capable of separating the public from the animals, should be installed and the enclosure should be designed to protect the public from injury due to attack by the animals. Enclosures, whether static or mobile, need to provide proper shelter for the animals. The interior should be well ventilated with roofing that is weatherproof and will provide shade. When the display is mobile, the supporting structure should be designed so that there will be no rupture or major deformation in the event of a collision or rollover.

Where possible, ungulates should not be tethered but should be contained with fences. Where electric fencing is used to confine ungulates, appropriate signs should be erected on the security fence warning the public. It is desirable that all ungulates of the same species be confined in the same enclosure unless aggression or intimidation takes place. If elephants, horses, donkeys or camels have an area of less than 0.25 hectare per animal, the animals should be walked at least one kilometre a day.

Enclosures for non-domestic cats should contain elevated secure platforms for resting and wooden scratching poles. Leopards and Panthers require climbing structure with at least one fork for an animal to rest in. Separate feeding areas are required for both cats and bears. Primate enclosures should contain secure climbing structures.

Animals of similar or different species may mix in the display enclosures provided that there is no evidence of aggression or intimidation and providing that the enclosure has sufficient minimum floor space for each animal in the enclosure.

Animals should be provided with a minimum of two training sessions per day (including showtimes), each lasting one hour to allow exercise and prevent boredom. The use of sharp spurs, spurs with fixed rowels or electric prods is not permitted at any time. Rods and elephant goads should be blunt and animals should never be struck with whips, rods or other devices unless the safety of humans is under direct threat.

Animals involved in long term mobile displays should be transported in cages that conform to requirements of IATA 1989 Container Requirement 11. During transportation, a stopover should be made every two hours to inspect the animals. Water and food should be provided every four hours. On arrival at a venue, the animals should be released into the display enclosures as soon as possible (See Appendix 2 for enclosure sizes).

Clean cool water should be available at all times in display enclosures.

4. Handling and Restraint

Animals should be captured, handled and restrained in a way which minimises stress and prevents injury to the animal. Native animals should not be tethered and forcible restraint should be minimised.

5. Transportation

5.1 General

Enclosures for the transportation of animals should be designed to ensure the security and well being of the animals. Enclosures should comply with IATA 1989 Container Regulation 11, that is, be of sufficient size to allow the animal to stand or lie down as required but should not be so large as to allow the animal excessive movement, hence risking injury. Birds should be transported in accordance with the provisions of the Code of Practice for the Housing of Caged Birds.

Transport cages should provide adequate ventilation for the animals inside and should be protected from sun, wind, rain and extremes of temperature during transit. Animals should not be placed in transport enclosures more than two hours prior to departure and transport times should be kept to a minimum.

Transport enclosures should be constructed of appropriate, non-toxic materials.

Animals should be in a fit state before being transported. Sick or injured animals should not be transported except for veterinary care and precautions should be taken to minimise further stress or injury.

The comfort and general well-being of animal should be monitored every two hours during transport.

Consignments should be accompanied by written documentation clearly identifying all animals being transported and their individual requirements. Provisions of the Wildlife Regulations 1992 should be observed for native wildlife.

No reptile should be transported unless it has been maintained for a sufficient time prior to departure at a temperature which will ensure complete digestion of any undigested food. All reptiles should be placed in shallow tepid water for a sufficient time prior to departure to prevent dehydration and assist in the reptile passing faecal material.

5.2 Containers

Containers should be designed to meet the needs of the animals being transported. Animals should be transported in containers of strong, easily cleaned and disinfected weather proof materials, and should be adequately ventilated.

Containers should be cleaned and disinfected prior to use and all residues thoroughly washed off.

For transport of long duration (more than 4 hours) and during periods of excessive heat (air temperature greater than 25 degrees centigrade) appropriate spill-proof water containers should be provided.

Containers for reptiles should be made of materials that will minimise any temperature fluctuations. Snakes should be transported in an escape-proof, strong, double-stitched, durable, porous linen bag which is enclosed in a sufficiently ventilated rigid container. Any empty space should be padded to prevent excessive movement within the container. Specimens of different species or size should not be transported in a single bag. Bagged venomous snakes should be separated from all other transported animals, preferably by solid partitions in the box.

Containers for frogs should include damp moss or small pieces of damp sponge to prevent dehydration during transportation.

6. Records

6.1 General

It is important that the operator of any animal display keep accurate and up to date records relating to the stock in his or her possession. Such records are of importance in both maintaining the health of the animals and planning of breeding programs.

Persons authorised to hold and display animals under the provisions of the **Wildlife Act 1975** are required by legislation to maintain a record book and submit returns. The legislation requires the licensee to record, for each species, details such as acquisitions or disposals, births, deaths and so on. The specific requirements are listed in the Wildlife Regulations 1992.

However, it is important that the operator of the display maintain detailed records of other matters not covered by legislation. These can be divided into two main areas: breeding records and treatment of sickness or injury. These are discussed below in more detail.

To facilitate the keeping of accurate records, the operator of a display should consider permanent identification of all animals, for example tattoos, electronic microchips, ear tags, legbands, etc. Marking should be non-intrusive and should not compromise the welfare of the animal.

6.2 Breeding records

The health and vigour of any population of a species on display in a facility is dependent in

part upon those animals having a diverse genetic background. Interbreeding in a limited population may decrease this vigour and lead to physical or behavioural problems, resulting in an animal being unfit for display. It is important that the operator of a display maintain detailed records of breeding and parentage in order to minimise inbreeding. Such records will assist the operator in assessing the need to exchange individuals of the same species with other displays in order to maintain an adequately diverse genetic base in all stock on display.

The maintenance of such records is essential in the case of display and captive breeding of threatened species or species which are rare in captivity. Such programs may be coordinated by the Zoological Board of Victoria and the Board may impose specific requirements in relation to recording.

6.3 Treatment records

The compilation and maintenance of accurate records of diagnosis, treatment and response of the animal is required for the successful treatment and care of sick or injured animals. These records will provide a means to monitor treatment and recovery of an animal and will provide valuable case history data for the future assessment and treatment of stock. Records should be used as an adjunct to veterinary treatment, not as a substitute.

Records of treatment should include the following information:

- Species, sex and age (if known) of the animal being treated;
- Details of the animal's identification (eg. tag number, tattoo number, etc);
- Details of the nature of the illness or injury;
- Details of veterinary diagnosis and recommended treatment, including surgery and medication;
- Details of care and rehabilitation processes;
- Outcome of the treatment;
- Post mortem results.

Other relevant data should also be noted in relation to individual stock as required by the operator.

Responsible Minister:

BILL McGRATH

Minister for Agriculture

Approved by the Governor in Council 3 May 1994

APPENDIX I
RECOMMENDED ENCLOSURE/CAGE SIZES FOR STATIC DISPLAYS

(1) Native animals

(Only compatible animals may be multiple housed)

Type of Animal	Minimum Floor Area (sq metres)	Maximum No. of Animals	Minimum Height (metres)	Increased Floor Area for each Additional Animal (sq metres)
Hopping Mice, Dunnarts	1	2	0.5 *	0.25
Kowaris, Antechinus, Feathertail Gliders	2	2	0.5 *	0.5
Small Quolls, Tuans	5	4	2 *	1.5
All Possums, Sugar and Squirrel Gliders,	10	2	2 *	5
Yellow Bellied and Greater Gliders	10	2	3 *	5
Potaroos, Bettongs, Tiger Quolls	20	1	3 *	10
Bandicoots	20	1	2 *	10
Echidna	20	1	1	10
Tasmanian Devils	40	1	1.2	20
Koala	40	1	1.5	10
Wombats	50	1	1.2	25
Brush Turkeys, Mallee Fowl	60	2	2.5 *	30
Wallabies less than 10kg	100	1	1.5	50
Wallabies greater than 10kg	300	1	1.5	150
Pademelons				
Kangaroos, Emus	1000	1	2	500

Note: * denotes roofed enclosures.

- height for Hopping Mice, Dunnarts, Antechinus and Kowaris is above substrate.
- Bettong males should not be housed together.
- Wombats prefer to be solitary in permanent confinement.
- Pademelons require dense cover.
- ample mulch, leaf litter and loose soil is required for megapodes. Brush Turkeys should be able to perch a minimum of 1.5 metres above ground.

(2) Primates

Species	Minimum Enclosure Size (sq Metres)	Minimum Fence Height (metres)	Wire Gauge (mm)	Moat Width (metres)	Moat Depth (metres)	Water Depth (metres)	Basic Group (Adults)
Chimpanzee	100	4*	5	4	4	1	3
Orangutan	80	4*	5	4	4	1	2
Gibbon	60	4*	3	4	4	0.5	2
Baboon	80	4*	3	4	4	1	4
Macaque	60	4*	3	4	4	1	4
Capuchin	40	2.5	2	NA	NA	NA	4
Guenon	40	2.5	2	NA	NA	NA	4
Squirrel Monkey	15	2.5	1	NA	NA	NA	4
Marmoset/Tamarin	6	2.5	1	NA	NA	NA	2

These sizes are for a basic group (or less) of adult animals.

Enclosure size should be increased by 25% for each additional adult animal above basic group number.

* Applies to moated enclosures.

(3) Non Domestic Cats—Unmoated Enclosures

<i>Species</i>	<i>Minimum Enclosure Size (sq metre)</i>	<i>Fence Height (Metres)</i>	<i>Mesh Wire Diameter (mm)</i>	<i>Overhang Width (Metres)</i>
Lion	200	5	5	1
Tiger	200	5	5	1
Cheetah	200	3	5	1
Puma	150	3	5	Wire Ceiling
Leopard	150	3	5	Wire Ceiling
Serval	60	3	3	Wire Ceiling
Ocelot	60	3	3	Wire Ceiling
Bobcat	60	3	3	Wire Ceiling

These sizes are for up to 2 adult animals. For social species (Lion, Cheetah) enclosure size should be increased by 25% for each additional adult animal.

Fence height is from ground level to the highest point of the overhang (where applicable)

Moated Enclosures

<i>Species</i>	<i>Moat Width (m)</i>	<i>Dry Moat Depth (m)</i>	<i>Wet Moat Depth (m)</i>	<i>Water Depth (m)</i>	<i>Wall Above Water (m)</i>
Lion	7.5	5	4	2	2
Tiger	7.5	5	4	2	2
Cheetah	6.5	3	2.5	1.5	1

Dry moats must include the same size overhang as fences.

Wet moats do not require overhangs.

(4) Wild Canids

<i>Species</i>	<i>Area (sq metres)</i>	<i>Fence Height (m)</i>	<i>Overhang</i>	<i>Mesh Roof</i>
Wolf	150	2.5	Yes	Optional
Cape Hunting-dog	150	2.5	Yes	Optional
Dingo	120	2	Yes	Optional
Coyote	120	2	Yes	Optional
Jackal	120	2	Yes	Optional
Fennec Fox	40	2	No	Yes

These enclosure sizes are adequate for two adult animals (plus dependent young). For pack species (Wolf, Cape Hunting-dog) the area should be increased by 25% for each additional adult animal.

(5) Large Ungulates

<i>Species</i>	<i>Area (sq metres)</i>	<i>Fence Height (m)</i>	<i>Moat Depth (m)</i>	<i>Moat Width (m)</i>
Elephant	900	2	2	3.5
Rhinoceros	500	2	2	3
Hippopotamus (Nile)	350	2	2	3
Hippopotamus (Pygmy)	200	1.5	1.5	2.5
Giraffe	500	3	1	4

(6) Bears

<i>Species</i>	<i>Area (sq metres)</i>	<i>Fence Height (m)</i>	<i>Moat Depth (m)</i>	<i>Moat Width (m)</i>
Bear (Polar, Brown)	500	4	4	4
Bear (Black)	300	3.5	3.5	3.5

These enclosure sizes are adequate for up to two animals, and should be increased by 25% for each additional adult animal. These areas do not include lock-away facilities.

(7) Water Birds

<i>Group</i>	<i>Minimum Floor (sq metres)</i>	<i>No. of Birds</i>	<i>Minimum Height (m) for fully enclosed aviaries</i>	<i>Pond Size as % of Total Floor Area</i>	<i>Increase Area of Floor and Pond in sq metres for each additional bird</i>
GROUP 1 10-30 cm birds eg dotterels, crakes, plovers, small bitterns.	20	4	2	25%	2
GROUP 2 35-50 cm birds eg grebes, maned duck, blue billed duck, pink eared ducks, teal.	30	4	3	30%	3
GROUP 3 55-70 cm birds eg black duck, Australian shoveller, whistle ducks, large bitterns, coots, small egrets, and herons.	40	6	4	35%	4
GROUP 4 75-95 cm birds eg mountain duck, musk duck, ibis, spoonbills, large egrets, swamp hens, cormorants.	75	6	4	35%	4
GROUP 5 100-165 cm eg pelicans, swans.	100	2	3	60%	25
GROUP 6 100-160 cm eg Cape Barren geese, pied geese, brolgas.	150	2	4	20%	30

* Note. The requirement for pond size to be percentage of total floor area does not apply if the pond size exceeds 100 square metres.

(8) Raptors and other carnivorous birds
(Only compatible birds may be multiple housed)
Cage sizes are for two birds

<i>Species</i>	<i>Minimum Floor Area (sq metres)</i>	<i>Minimum Width (m)</i>	<i>Minimum Height (m)</i>	<i>Increased floor area for each additional bird (sq m)</i>
Barn Owl, Boobook, Grass Owl, Nankeen Kestrel, Crested Hawk; Letter-winged Kite, Black-shouldered Kite Magpies, Ravens, Kookaburras, Frogmouths	15	2.5	3	5
Sooty Owl, Masked Owl, Barking Owl, Rufous Owl.	21	3	3	7
Powerful Owl, Australian Hobby, Swamp Harrier, Spotted Harrier, Little Eagle, Whistling Kite, Brahminy Kite, Square-tailed Kite, Black Kite.	24	3	3	8
Brown Falcon, Grey Falcon, Black Falcon, Peregrine Falcon, Red Goshawk, Grey Goshawk, Brown Goshawk, Collared Sparrowhawk, Osprey.	24	3	3.5	8
Wedge-tailed Eagle, White-breasted Sea Eagle.	50	5	4.5	17

(9) Birds

The Code of Practice for the Housing of Caged Birds details cage construction, and permit holders should be conversant with this Code.

Cage Design

In the design of any birdcage, the ratio between the lengths of the two longest straight lines which can be described on the floor of the cage and at right angles to each other shall not exceed 4:1 unless the shorter of those two lines is at least 900mm long. The length of this line should be at least twice the span of the wings of the largest bird to be kept in the cage.

<i>Size of Bird (Approximate Length)</i>	<i>Minimum Floor Area (sq cm)</i>	<i>Number of Birds</i>	<i>Minimum Height (cm)</i>	<i>Increased Floor Area for each additional bird (sq cm)</i>
Indoor Cage Dimensions				
100mm (10cm) eg. Zebra Finches	1,000	1	34	500
200mm (20cm) eg Neophema, Budgerigars, Lorikeets (except Rainbow and Red Collared)	1,600	1	34	800
300mm (30cm) eg Rosellas, Cockatiels, Rainbow Lorikeets, Bronzewing Pigeons	5,000	1	90	2,500
400mm (40cm) eg King, Princess, Superb Parrots, Galahs, Long Billed Corellas	10,000	1	90	5,000

<i>Size of Bird (Approximate Length)</i>	<i>Minimum Floor Area (sq cm)</i>	<i>Number of Birds</i>	<i>Minimum Height (cm)</i>	<i>Increased Floor Area for each additional bird (sq cm)</i>
500mm (50cm) eg Sulphur Crested Cockatoos	15,000	1	150	7,500
Outdoor Cage Dimensions				
100mm (10cm) eg. Zebra Finches	3,700	1	60	1,800
200mm (20cm) eg Neophema, Budgerigars, Lorikeets (except Rainbow and Red Collared)	7,200	1	60	3,600
300mm (30cm) eg Rosellas, Cockatiels, Rainbow Lorikeets, Bronzewing Pigeons	10,000	1	90	5,000
400mm (40cm) eg King, Princess, Superb Parrots, Galahs, Long Billed Corellas	15,000	1	90	7,500
500mm (50cm) eg Sulphur Crested Cockatoos	25,000	1	150	12,500

Cages with a floor area exceeding 20,000 sq cm must be a minimum height of 150 cm and allow access for physical entry. The minimum length and width of any cage should be at least twice the length of the largest bird in the cage.

APPENDIX 2 DISPLAY CAGES FOR LONG TERM MOBILE DISPLAYS (eg circuses)

<i>Animal</i>	<i>Minimum floor space for one animal (sq. metres)</i>	<i>Increased floor space for each additional animal (sq. metres)</i>	<i>Minimum Height (metres)</i>	<i>Minimum Width (metres)</i>
Small Primates (Macaque sized monkeys)	5	2.5	2.5	2.4
Large Primates	20	10	2.5	2.4
"Big Cats"	20	10	2	2.4
Bears	20	10	2.5	2.4
Elephants (Asiatic)	400	200	-	10
Horses, Donkeys, Camels	200	100	-	6
Sheep, Goats	50	25	-	2.5

Cattle Compensation Act 1967 (No. 7615)
APPROVED AGENT
Notice under Section 14

I hereby declare Dick McEvoy & Co. Pty. Ltd. (No. C.S.224 in the Register) being a person carrying on business as a Stock and Station Agent, to be an "Approved Agent" for the purposes of Part II of the **Cattle Compensation Act 1967** with effect from 1 November 1994.

B. R. WILKES
Delegate of Commissioner of State Revenue

Water Act 1989
SHIRE OF BACCHUS MARSH

I, David Stringer, Director of Office of Water Reform, Department of Conservation and Natural Resources, as the delegate of the Minister for Natural Resources, make the following Order:

EXTENSION OF THE SHIRE OF BACCHUS MARSH WATER SUPPLY DISTRICT
ORDER 1994

1. This Order is called the Extension of the Shire of Bacchus Marsh Water Supply District 1994.

2. This Order is made under section 96 (11) (b) of the **Water Act 1989** and all other available powers.

3. This Order takes effect from the date it is published in the Government Gazette.

4. The proposal for the extension of the water district of the Shire of Bacchus Marsh called the Bacchus Marsh Water Supply District submitted to the Minister for Natural Resources by the Shire of Bacchus Marsh on 31 October 1994 is approved.

5. The Bacchus Marsh Water Supply District of the Shire of Bacchus Marsh is extended to include the areas bordered in red on the accompanying Plan OIC/40, a copy of which may be inspected at the office of the Shire of Bacchus Marsh situated at the Council Chambers, 197 Main Street, Bacchus Marsh.

Dated 1 December 1994

DAVID STRINGER
Director, Office of Water Reform
Department of Conservation
and Natural Resources
as delegate of the Minister
for Natural Resources

Water Act 1989

I, Charles Geoffrey Coleman, as Minister administering the **Water Act 1989**, make the following Order:

CHANGE TO THE MEMBERSHIP OF THE SUNRAYSIA WATER BOARD
ORDER 1994

Citation

1. This Order is called the Change to the Membership of the Sunraysia Water Board Order 1994.

Enabling Powers

2. This Order is made under the powers conferred by Division 2 of Part 6 of the **Water Act 1989** and all other available powers.

Date of Effect

3. This Order takes effect on the date on which it is published in the Government Gazette.

Definitions

4. In this Order:

"Act" means the **Water Act 1989**;

"Sunraysia Water Board" means the Sunraysia Water Board constituted by an Order in Council dated 26 June 1984 and published in the Government Gazette on 27 June 1984.

Change to the Membership

5. On and from the date on which this Order takes effect:

(a) Notwithstanding anything to the contrary in the Constitution Order of the Sunraysia Water Board, the membership of the Sunraysia Water Board is ten members appointed by the Minister in writing.

(b) The following members are appointed to the Sunraysia Water Board:

Andriske, Laurence Stanley
Bell, Brendan Thomas
Coogan, Kevin Thomas
Dichiera, Salvatore
Ellis, Graeme Stanley
Hunt, Patrick Edmund
Lever, Nola Laurel
Lucas, Geoffrey Noel
McKendrick, Ronald Frederick
Robbins, Kenneth George

Pre-requisites for Making this Order

8. (a) This is an Order referred to in section 99 (8) of the Act.

(b) The Sunraysia Water Board has applied to me for this Order to be made.

Dated 11 December 1994

GEOFF COLEMAN
Minister for Natural Resources

McClure, Kenneth James
McGinty, William Francis
Arnott, Leonard James

Pre-requisites for Making this Order

8. (a) This is an Order referred to in section 99 (8) of the Act.

(b) The Robinvale Water Board has applied to me for this Order to be made.

Dated 11 December 1994

GEOFF COLEMAN
Minister for Natural Resources

Water Act 1989

I, Charles Geoffrey Coleman, as Minister administering the **Water Act 1989**, make the following Order:

**CHANGE TO THE MEMBERSHIP OF THE
ROBINVALE WATER BOARD
ORDER 1994**

Citation

1. This Order is called the Change to the Membership of the Robinvale Water Board Order 1994.

Enabling Powers

2. This Order is made under the powers conferred by Division 2 of Part 6 of the **Water Act 1989** and all other available powers.

Date of Effect

3. This Order takes effect on the date on which it is published in the Government Gazette.

Definitions

4. In this Order:

"Act" means the **Water Act 1989**;

"Robinvale Water Board" means the Robinvale Water Board constituted by an Order in Council dated 26 June 1984 and published in the Government Gazette on 27 June 1984.

Change to the Membership

5. On and from the date on which this Order takes effect:

(a) Notwithstanding anything to the contrary in the Constitution Order of the Robinvale Water Board, the membership of the Robinvale Water Board is five members appointed by the Minister in writing.

(b) The following members are appointed to the Robinvale Water Board:

Sutton, Robert Murdoch
Merlin, Robert Lewis

Water Act 1989

I, Charles Geoffrey Coleman, as Minister administering the **Water Act 1989**, make the following Order:

**AMENDMENT TO THE CONSTITUTION
OF THE OUTER MARIBYRNONG AND
WERRIBEE REGION WATER AUTHORITY
ORDER 1994**

Citation

1. This Order is called the amendment to the Constitution of the Outer Maribymong and Werribee Region Water Authority Order 1994.

Enabling Powers

2. This Order is made under the powers conferred by Division 2 of Part 6 of the **Water Act 1989** and all other available powers.

Date of Effect

3. This Order takes effect on the date on which it is published in the Government Gazette.

Interpretation

4. In this Order the "Constituting Order" means the Outer Maribymong and Werribee Region Water Authority constituted by the Constitution of the Outer Maribymong and Werribee Region Water Authority Order 1994 and published in the Government Gazette No. S 86 of 10 November 1994.

Change to Name

5. On and from the date on which this Order takes effect, the corporate name of the Outer Maribymong and Werribee Region Water Authority as constituted under the Constituting Order is changed to the "Western Region Water Authority".

Pre-requisites for Making this Order

6. (a) This is an Order referred to in section 99 (8) (a) of the **Water Act 1989**.

(b) The Outer Maribyrnong and Werribee Region Water Authority has applied to me for this Order to be made.

Dated 6 December 1994

GEOFF COLEMAN
Minister administering the **Water Act 1989**

Water Act 1989

I, Charles Geoffrey Coleman, as Minister administering the **Water Act 1989**, make the following Order:

**CHANGE TO THE MEMBERSHIP OF THE
COLIBAN REGION WATER AUTHORITY
ORDER 1994**

Citation

1. This Order is called the Change to the Membership of the Coliban Region Water Authority Order 1994.

Enabling Powers

2. This Order is made under the powers conferred by Division 2 of Part 6 of the **Water Act 1989** and all other available powers.

Date of Effect

3. This Order takes effect on the date on which it is published in the Government Gazette.

Definitions

4. In this Order:

"Act" means the **Water Act 1989**;

"The Authority" means the Coliban Region Water Authority;

"The Constitution Order" means the Constitution of the Coliban Region Water Authority Order 1992 published in the Government Gazette on 25 March 1992.

Change to the Membership

5. On and from the date on which this Order takes effect:

- (a) Notwithstanding anything to the contrary in the Constitution Order the membership of the Coliban Region Water Authority is nine members appointed by the Minister in writing.

Pre-requisites for Making This Order

8. (a) This is an Order referred to in section 99 (8) of the Act.

(b) The Coliban Region Water Authority has applied to me for this Order to be made.

Dated 8 December 1994

GEOFF COLEMAN
Minister for Natural Resources

Water Act 1989

I, Charles Geoffrey Coleman, as Minister administering the **Water Act 1989**, make the following Order:

**APPOINTMENT OF THE GOULBURN
VALLEY REGION WATER AUTHORITY
ORDER 1994 No.8**

1. This Order is called the Appointment of the Goulburn Valley Region Water Authority Order 1994 No.8.

2. This Order is made under the powers conferred by Division 2 of Part 6 of the **Water Act 1989** and all other available powers.

3. This Order takes effect on and from 1 January 1995.

4. In this Order:

"Act" means the **Water Act 1989**.

"Former Authority" means the Euroa Nagambie Regional Water Authority constituted by a Ministerial Order dated 24 December 1992 and published in the Government Gazette on 7 January 1993.

5. On and from the date on which this Order takes effect the Goulburn Valley Region Water Authority takes over the whole of the property, rights, liabilities, obligations, powers and functions under the Act of the Former Authority including the management and control of the existing water districts named below:

Euroa Waterworks District;
Euroa Urban District;
Nagambie Waterworks District;

Longwood Waterworks District;
Longwood Urban District;

and the management and control of the existing sewerage districts named below:

Euroa Sewerage District;
Nagambie Sewerage District.

6. The Goulburn Valley Region Water Authority takes over the staff of the Former Authority as listed:

Maxwell R. Holland
William F. Wright
Adrian J. Anderson
Colin Adams
Neil J. Brookes
Lindsay Worland
Paul G. Lister
Gerard H. Maher
Paul A. Vidler
Kae Lummas
Ricky J. Maffescioni
Sharyn Seifert

7. The Former Authority is abolished.

8. (a) This is an Order referred to in section 98 (2) (a) of the Act.

(b) Under section 100 (2) (a) of the Act, the affected Authorities, the Goulburn Valley Region Water Authority and the Euroa Nagambie Regional Water Authority, have applied to me for the Order to be made.

(c) Under section 98 (2) (a) of the Act I have agreed to the terms and conditions for the takeover made by this Order with the affected Authorities.

Dated 11 December 1994

GEOFF COLEMAN
Minister administering the **Water Act 1989**

Vocational Education and Training Act 1990

DECLARATION THAT SPECIFIED CLASSES OF TRAINING AGREEMENTS ARE EXEMPT FROM STATE TRAINING WAGE PROVISIONS

Purpose

1. The purpose of this instrument is to exempt from the State Training Wage provisions of the **Vocational Education and Training Act 1990** (the Act) those classes of traineeships which are pilots of the Australian Vocational Training System (formerly known as the Australian Vocational Certificate Training System).

Background

2. Schedule 3 to the Act contains provisions relating to the payment of training wages for trainees employed under training agreements. Clause 2 (3) of that Schedule empowers the

State Training Board of Victoria to declare any class of training agreement to be a class of training agreement to which the Schedule does not apply.

Authorising provision

3. This Declaration is made pursuant to clause 2 (3) of Schedule 3 to the Act.

Declaration of Exemption

4. The State Training Board of Victoria declares training agreements entered into under the following approved training schemes to be classes of training agreements to which Schedule 3 of the Act does not apply:

Automotive Industry Studies Program
Fitout and Finish Training to Replace a Number of Trade Courses in the Building and Construction Industry
Chemical Industry "Cadetship"
AVC Shipbuilding (Mechanical, Electrical and Piping)
Jockey Practice
National AVC for Road and Air Freight Industry
AVC Electrical Trade Training
Sawmilling and Processing
Forest Harvesting
Timber Merchandising
Real Estate Operations
Sales and Marketing Textile Product Management
Baking Industry
Engineering Traineeship
Retail Sales and Visual Display
Industry Entry Level Journalism Training
Trainee Banker Development Program
Fire Services Training
National Stevedoring National Project: Victorian Component
Wine Industry National AVC: Victorian Component
Koorie Land Management
Entry Level Training for Pharmaceutical Manufacturing Industry
General Skills Training for Construction Workers
Dairy AVC
AVC Clothing Outworkers Project
Laundry Sector
Drycleaning Sector
Wool Scourers and Carbonisers

3352 G 50 15 December 1994

Certificate in Horticulture (Vegetable Growing)

Electronic Training Program

Aged Care Hostels AVC Project

AVC in Electrical/Instrumentation

Recreational & Environmental Horticulture (Nursery Sector)

Meat Processing

Graphic Communications Service Technician

National AVC Pilot Project—Milling Sector

Meaning of Terms

5. In this Declaration, "approved training scheme", "trainee" and "training agreement" have the same meanings as in the Act.

Dated 14 December 1994

The Common Seal of the State Training Board of Victoria was duly affixed in the presence of:

W. BISLEY
(L.S.) R. CLARKE
P. HARMSWORTH

Vocational Education and Training Act 1990

In accordance with section 51 (4) of the **Vocational Education and Training Act 1990** the State Training Board gives notice of the making of the following Determination:

SPECIFICATION OF APPROVED TRAINING SCHEMES

Purpose

1. The purpose of this Determination is to specify industry/skill levels for approved training schemes for the purposes of the State Training Wage provisions of the **Vocational Education and Training Act 1990**.

Background

2. Clause 6 (1) of Schedule 3 to the Act provides that the weekly wages payable to trainees shall be as provided by the National Training Wage Award. Clause 6 (2) of the Schedule provides that, for the purposes of applying clause 6 (1), the appropriate industry/skill level in relation to a trainee is as specified in the relevant determination made by the State Training Board under section 51 (1) of the Act.

Victoria Government Gazette

Authorising Provisions

3. This Determination is made under section 51 of the Act.

4. Before making this Determination, the State Training Board has had regard to the matters set out in section 51 (1A) of the Act.

Specification of Approved Training Schemes

5. The State Training Board specifies that the following approved training schemes are "Industry/Skill Level A" for the purposes of clause 6 (1) of Schedule 3 to the Act:

Finance Industry (Insurance Clerk)

Financial Services

Sports Administration

General Office

Office Clerical Career Start Traineeship

APS Office Clerical

Administrative Support (Legal)

Office Support (Real Estate)

Office Administration Local Government

Municipal Administration CST

Credit Control

Building and Construction Administrative Assistant

State Public Sector (Clerical)

6. The State Training Board specifies that the following approved training schemes are "Industry/Skill Level B" for the purposes of clause 6 (1) of Schedule 3 to the Act:

Retail Operations (Sales)

Retail Career Start Traineeship

Sales/Clerical ASF 1/2

Manufacturing ASF 1/2

Services ASF 1/2

Small Business

Warehouse Processing

Furniture Removal and Storage

General Cartage

Textiles, Clothing & Footwear

Hospitality

Food Processing

Food Preparation and Service

Plastics Industry—Moulding

Plastics Industry—Fabrication

Plastics Industry—Fibre Reinforced

Plastics Industry—Extrusion

Electronic Production

Metals and Engineering

Small Offset Printing

Furnishings (Upholstery Sewing Machine)

Furnishing (Soft Furnishings)
Municipal Maintenance
Municipal Works Career Start Traineeship

7. The State Training Board specifies that the following approved training schemes are "Industry/Skill Level C" for the purposes of clause 6 (1) of Schedule 3 to the Act:

Radiator Repair
Rural Dairy Farming Career Start Traineeship
Piggery Operations Career Start Traineeship

8. Determinations made by the State Training Board relating to the training schemes referred to in clauses 5, 6 and 7 are amended to the necessary extent.

Meaning of Terms

9. In this Determination—

- (a) "Act" means the **Vocational Education and Training Act 1990**, and
- (b) "National Training Wage Award" means the National Training Wage Interim Award 1994 made by the Australian Industrial Relations Commission on 12 September 1994.

Dated 14 December 1994

The Common Seal of the State Training Board of Victoria was duly affixed in the presence of:

W. BISLEY
(L.S.) R. CLARKE
P. HARMSWORTH

Copies of approved training schemes may be obtained from the Regulated Training Services Branch, Office of Training and Further Education, PO Box 266D, Melbourne. Tel: 628 3479.

Enquiries concerning wages and conditions of employment for trainees should be directed to Wage Line. Tel: 655 1333.

NOTICE OF COVENANT

The owners of 20.43 ha off Hawkins Road, Seaspray being lot 5 PS 111424, Parish of Glencoe South, Shire of Rosedale propose to enter into a Covenant with the Victorian Conservation Trust to protect native flora and fauna by controlling the introduction of exotic

flora, stock, pets, buildings, subdivision and other changes which may adversely affect its conservation values.

Submissions concerning the proposed Covenant may be made within one month of the publication of this notice to the Minister for Conservation and Environment (att. Mr N. Wale), PO Box 41, East Melbourne 3002. Enquiries: (03) 651 4040.

Health Services Act 1988

I declare that the Yarrawonga District Hospital Patient Care Review Committee, as outlined in their Quality Assurance Plan, is an approved Quality Assurance Body in accordance with section 139 of the **Health Services Act 1988**, with the power to appoint sub-committees to consider confidential information about specific aspects of clinical practice or the clinical competence of those persons providing the services.

Statutory Immunity is provided for a period of 3 years from 1 December 1994. At the conclusion of this period, the Quality Assurance Plan will be reviewed and if necessary, amended prior to seeking approval for a further period of time.

MARIE TEHAN
Minister for Health

Health Services Act 1988

DECLARATION OF COMMUNITY HEALTH CENTRES

I, Anita Wood, Acting Regional Director of the Department of Health and Community Services, Gippsland Region, being satisfied as to the matters referred to in paragraphs (a) and (b) of section 45 (1) of the **Health Services Act 1988** ("the Act") declare under section 45 (1) (c) of the Act, Latrobe Community Health Board Incorporated to be a Community Health Centre with effect from 1 February 1995.

Pursuant to section 45 (1) (d) of the Act, I specify the areas served by the Latrobe Community Health Service Incorporated to be the Latrobe Municipality, including a portion of the Baw Baw Municipality, namely the township of Erica, Rawson and surrounds.

ANITA WOOD
Acting Regional Director
Gippsland

Health Services Act 1988
REVOCATION OF COMMUNITY HEALTH CENTRES

Pursuant to section 45 (2) (b) of the **Health Services Act 1988** ("the Act"), I, John Mollett, Regional Director of the Department of Health and Community Services, Gippsland Region, do hereby revoke, as from 1 February 1995, the declarations made pursuant to section 45 (1) (c) of the Act and published in the Government Gazette of 18 October 1989, that the following agencies are Community Health Centres:

Traralgon Community Health Centre Incorporated
Morwell Community Health Centre Incorporated
Churchill Community Health Centre Incorporated
Moe Narracan Community Health Centres Incorporated

ANITA WOOD

Drugs, Poisons and Controlled Substances Act 1981

SECTION 12

Notice Regarding the Amendment, Commencement and Availability of the Poisons Code

I, Marie Tehan, Minister for Health, give notice that the Poisons Code prepared under section 12 of the **Drugs, Poisons and Controlled Substances Act 1981** will be amended by the Drugs, Poisons and Controlled Substances (Carcinogenic Substances) (Amendment) Regulations 1994. These Regulations will amend Schedule 7 to the Commonwealth Standard for the Uniform Scheduling of Drugs and Poisons, in so far as it is incorporated in the Poisons Code, by inserting at the end of that Schedule—

"Carcinogenic Substances
Benzidine and its salts
p-Biphenylamine
Chloromethyl Methyl Ether
3,3'-Dichlorobenzidine and its salts
sym-Dichloromethyl Ether
N-2-Fluoroethylacetamide
1-Naphthylamine
2-Naphthylamine
N-Nitrosodimethylamine
beta-Propiolactone."

The date fixed for the amendment to the Poisons Code to take effect is 20 December 1994.

The amendment to the Poisons Code may be inspected free of charge during normal business hours at the Department of Health and Community Services, Public Health Branch offices situated at 115 Victoria Parade, Fitzroy 3065 [Contact—Duty Pharmacist, Drugs and Poisons Unit, Ph. (03) 412 7557]; and 555 Collins Street, Melbourne 3000 [Contact—Public Health Legislation Officer, Ph. (03) 616 7167]; or the Department of Business and Employment, Occupational Health and Safety Authority, Shopfront, World Trade Centre, Melbourne 3000 [Contact—Chemicals Management Branch, Ph. (03) 628 8384].

A copy of the amendment to the Code may also be obtained from the above offices.

A copy of the Commonwealth Standard for the Uniform Scheduling of Drugs and Poisons, including amendments, may be obtained from the Commonwealth Government Bookshop situated at 347 Swanston Street, Melbourne 3008 [Ph. (03) 663 3010].

Dated 13 December 1994

MARIE TEHAN
Minister for Health

PROPOSED DRUGS, POISONS AND CONTROLLED SUBSTANCES (FEES) REGULATIONS 1994

Notice of Decision

I, Marie Tehan, Minister for Health, give notice under the **Subordinate Legislation Act 1962** that the proposed Drugs, Poisons and Controlled Substances (Fees) Regulations 1994 have been the subject of a regulatory impact statement.

Public comments and submissions were invited and received and have been duly considered in accordance with section 12 of the Act.

I have decided that, subject to certain alterations, the proposed regulations should be made.

Dated 12 December 1994

FISHERIES NOTICE No. 30/1994
Fisheries (Scallops—Ocean Fishery—Closure)
Notice No. 30/1994

I, Charles Geoffrey Coleman, Minister for Natural Resources, after consultation with the Victorian Fishing Industry Federation, make the following Fisheries Notice:

Dated 6 December 1994

C. G COLEMAN
Minister for Natural Resources

Objective

1. The objective of this Notice is to prohibit the taking of scallops from all Victorian waters for the period commencing on 18 December 1994 and ending on 17 March 1995.

Commencement

2. This Notice comes into operation on 18 December 1994.

Authorising provision

3. This Notice is made under section 80 of the **Fisheries Act 1968**.

Prohibition on scallop fishing

4. A person must not use a dredge for taking scallops from Victorian waters during the period commencing on 18 December 1994 and ending on 17 March 1995.

Penalty

5. Any person who contravenes this Notice is liable to a penalty of up to 20 penalty units.

Education Act 1958
NOBLE PARK ENGLISH LANGUAGE
SCHOOL

Amendment to School Council
Constituting Order

Pursuant to section 13 (4) of the **Education Act 1958**, I give notice that an Order of the Governor in Council was made on 6 December 1994 to amend the Constituting Order of the school council of Noble Park English Language School in respect of the membership of that school council.

DON HAYWARD
Minister for Education

Legal Profession Practice Act 1958
SOLICITORS' GUARANTEE FUND
(CLAIMS) (AMENDMENT No. 1)
RULES 1994

In the pursuance of the powers conferred by the **Legal Profession Practice Act 1958** and all other powers thereunto enabling the Council of the Law Institute of Victoria hereby makes the following Rules:

1. These Rules may be cited as the Solicitors' Guarantee Fund (Claims) (Amendment No. 1) Rules 1994 and shall come into operation on the date of their publication in the Victoria Government Gazette.

2. The Solicitors' Guarantee Fund (Claims) Rules 1984 are in these Rules referred to as the Principal Rules.

3. Form 2 in the Schedule to the Principal Rules is repealed and the following Form is substituted:

"Legal Profession Practice Act
Form 2

NOTICE OF CLAIM

1. Name and address of solicitor/s claimed against:

2. Name and address of claimant/s:

3. Sum/property claimed:

(pursuant to section 64 of the Legal Profession Practice Act, the sum claimed must relate to the actual pecuniary loss incurred by the claimant)

4. What were your instructions to the solicitor/s in relation to the moneys/property claimed:

(attach all documentation received from the solicitor/s in relation to those instructions)

5. Source of moneys/property claimed:

(attach documentary proof of the source of the moneys/property claimed; eg. bank books, bank statements etc)

6. Method of payment of moneys to the solicitor:

(attach copies of any cheques, bank drafts or the like, together with any receipts or the like provided by the solicitor/s)

7. Provide details of all moneys paid to the solicitor in cash:

(claimants should note that any sums of money paid by the claimant to the solicitor in cash are reported to the Commissioner of Taxation)

8. Interest or other moneys received from the solicitor/s:

(provide dates and methods of payment; eg. cheque, cash etc.)

9. When and how did you become aware of the defalcation:

10. Circumstances by which the defalcation arose:

(attach all documents relating to the transaction/s)

11. Are there any documents in support of the claim for which the claimant claims legal professional privilege?

(if so list documents for which privilege is claimed)

12. Have you received or recovered any moneys or benefits in reduction of your pecuniary loss? If so provide particulars:

13. What action other than the making of this claim have you taken to recover the money/property and what was the result of such action?:

I/WE have suffered a pecuniary loss arising from a defalcation committed by the abovenamed solicitor.

Dated this day of 199

Signature of Claimant/s

STATUTORY DECLARATION

I/WE (insert name/s, address/es and occupation/s of the claimants) declare that:

1. I/We have read this Notice of Claim.

2. I/We acknowledge that the information provided in this Notice of Claim is true and correct and I/we make it in the belief that a person making a false declaration is liable to the penalties of perjury.

Declared at _____ in the State of Victoria this
day of _____ 19____

Signature of claimant/s

Before me:

(to be witnessed by a person qualified to take
Statutory Declarations)"

Dated 24 November 1994

Signed for and on behalf of the Council of the
Law Institute of Victoria.

RODERICK SMITH, President

GERARD GLENNEN, Acting Secretary

I approve the above Rules.

Health Services Act 1988
AMALGAMATION OF TRARALGON
COMMUNITY HEALTH CENTRE
INCORPORATED, MORWELL
COMMUNITY HEALTH CENTRE
INCORPORATED, CHURCHILL
COMMUNITY HEALTH CENTRE
INCORPORATED AND MOE NARRACAN
COMMUNITY HEALTH CENTRES
INCORPORATED, TO BE KNOWN AS THE
LATROBE COMMUNITY HEALTH
SERVICE INCORPORATED

The Governor in Council, on the recommendation of the Minister for Health made after receiving advice from the Secretary to the Department of Health and Community Services, under section 64 (6) of the **Health Services Act 1988** ("the Act") directs that:

1. Under section 65 (1) of the Act, Traralgon Community Health Centre Incorporated, Morwell Community Health Centre Incorporated, Churchill Community Health Centre Incorporated and Moe Narracan Community Health Centres Incorporated, be amalgamated.

2. 1 February 1995 be specified as the date for the purposes of section 65 (2) of the Act and in particular as the date on which—

(a) the incorporation of Traralgon Community Health Centre Incorporated, Morwell Community

Health Centre Incorporated, Churchill
Community Health Centre
Incorporated and Moe Narracan
Community Health Centres
Incorporated, shall be cancelled; and

- (b) a new registered funded agency
entitled Latrobe Community Health
Service Incorporated, shall come into
existence as if a certificate of
incorporation has been granted under
the Associations Incorporation Act
1981; and
- (c) the initial Board of Management of the
Latrobe Community Health Service
Incorporated will be constituted of the
following members:

Public Hospital Board Representative:
Peter Tyler, Latrobe Regional Hospital.

Local Government Representative: Dianne
Goulding, Latrobe Municipality

Representative of each ex-Management
Committee:

Churchill: President, Don Flanigan

Traralgon: President, John Larson

Moe Narracan: President, Betty Collins

Morwell: President, Brian Macintosh

Erica Advisory Committee: President,
Annette Bloomfield

Central-West Gippsland Division of
General Practice: Dr Alisdair Barnes

3. Under section 65 (3) of the Act, the initial
Board of Management shall be appointed for a
term of office which expires on the day of the
first annual general meeting of the new Latrobe
Community Health Service Incorporated, which
will be held in September 1995 and upon which
the first election of members of the Board of
Management will be held pursuant to its rules.

4. Under section 65 (4) of the Act Latrobe
Community Health Service Incorporated is
declared to be an incorporated association under
the Associations Incorporation Act 1981, with
effect from 1 February 1995.
