Chapter 2—Local Section
(Formerly Horsham Planning Scheme)
Notice of an Amendment to a Planning Scheme
Amendment L3

The Horsham Rural City Council has prepared an amendment to the Horsham (Rural City) Planning Scheme—Chapter 2, Local Section (formerly the Horsham Planning Scheme).

The amendment is in 3 parts.

Part 1 affects land in Pryors Road, Horsham. The amendment proposes to rezone approximately 2.02 hectares of land from Rural C (Streamway) to Rural C (Streamway 2), so

that an application for subdivision can be considered. The 2.02 hectare lot intends to be subdivided into 4 lots, each 4000 square metres or larger. The responsible authority will assess merits of any proposal at the time of application. Also a new Clause will be introduced into the ordinance, designating the requirements the subdivision must meet, such as reticulated water, sewerage, land filled to flood level, an area designated for a house pad, and no buildings on the floodplain.

Part 2 affects land in Pryors Road/Peppertree Lane area, Horsham. The amendment proposes to rezone existing channel reserves located in the Pryors Road/Peppertree Lane area from Public Purposes—24—to various underlying zones. The land is presently owned by Council and by rezoning the land, it may allow the possibility of the land being sold to adjoining landowners to be incorporated into their titles. Also this part is effected by the closure of a road which is no longer required.

Part 3 affects land abutting the Wimmera River and between Peppertree Lane and Cameron Road, Horsham. The amendment proposes to rezone land owned by Council for the purposes of Public Open Space. The amendment will rezone the land from Rural B and Proposed Public Open Space—7—Streamway to Public Open Space—7—Streamway.

The amendment can be inspected at the Horsham Rural City Council, Roberts Avenue, Horsham; Department of Planning and Development, Central Highlands/Wimmera Office, corner Mair and Doveton Streets, Ballarat or at the Department of Planning and Development, Olderfleet Buildings, 477 Collins Street, Melbourne.

Submissions about the amendment must be sent to the Manager, Economic Development and Regulatory Services, PO Box 511, Horsham 3402 by 31 July 1995.

**NOTICE OF ENVIRONMENT EFFECTS
STATEMENT**

Notice of Amendment: Sherbrooke Planning Scheme Amendment L86 (affecting that part of the Planning Scheme within Yarra Ranges Shire)

Notice of Amendment: Sherbrooke Planning Scheme Amendment L87 (affecting that part of the Planning Scheme within Cardinia Shire)

Notice of Amendment: Pakenham Planning Scheme Amendment L111

An Environment Effects Statement (EES) has been prepared to evaluate the environmental and social impacts of providing permanent wastewater facilities for the Emerald-Cockatoo area. The EES evaluates a number of alternative options, recommends a preferred option and identifies and assesses the environmental impacts and benefits of the preferred option, a wastewater pressure main between Cockatoo and Belgrave.

Yarra Ranges Shire Council, as planning authority, has prepared Amendment L86 to the portion of the Sherbrooke Planning Scheme which is in its municipal district.

Cardinia Shire Council, as planning authority, has prepared Amendment L87 to the portion of the Sherbrooke Planning Scheme which is in its municipal district and Amendment L111 to the Pakenham Planning Scheme.

The purpose of these amendments is to allow the construction and operation of a wastewater pressure main which will connect to the Monbulk Creek Main Sewer and hence provide permanent sewerage facilities to:

- allotments in areas which are already provided with reticulated sewerage, with sewage treated at temporary local treatment plants;

- areas for which the former Emerald District Water Board gave a commitment to provide sewerage services and which have paid a levy as a contribution to the costs associated with the future provision of such services;
- areas which have been identified by Yarra Valley Water as requiring further investigation as to the need for, and feasibility of, providing reticulated sewerage services, subject to consultation with the Council and in accordance with the Regional Strategy Plan and as described in the EES.

These amendments will jointly make changes to the relevant Planning Scheme Ordinances to provide for the planning approvals which will be required for the construction of the pressure main. They will allow the construction of the proposed pressure main (including tree removal) without the need for a planning permit provided that a Construction Management Plan and Incident Response Plan are prepared to the satisfaction of the Shire Councils, as responsible planning authorities.

The EES has been placed on public exhibition for a period of two months from 26 June 1995. The three planning scheme amendments have been placed on public exhibition concurrently with the exhibition of the EES.

A copy of the EES and these Planning Scheme Amendments can be viewed, free of charge and during business hours at Department of Planning and Development, Information Centre, Ground Floor, 477 Collins Street, Melbourne; Yarra Valley Water Office, Lucknow Street, Mitcham; Cardinia Shire, Henty Way, Pakenham; Yarra Ranges Shire: Anderson Street, Lilydale, 351 Glenferm Road, Upwey, Warburton Highway, Yarra Junction.

Copies of the EES have been sent to all members of the EES Consultative Committee.

Submissions in writing relating to the Planning Scheme Amendments and the EES are invited from members of the public and interested parties until 28 August 1995. Submissions should be forwarded to Chief Assessment Officer, Department of Planning and Development, 477 Collins Street, Melbourne 3000.

1. AUTHORISING PROVISIONS

This Order is made under section 158B of the **Electricity Industry Act 1993** (the "Act").

2. OBJECTIVE

This Order regulates the amounts which the State Electricity Commission of Victoria ("SECV") is entitled to receive under the Pool Rules (as defined in the Act) for or in respect of electricity supplied to it under the Power Supply Agreement (as defined in the Act) with the object of ensuring that, if the amount otherwise received by SECV for the sale of that electricity is less than the cost of its supply to SECV, the amount SECV is entitled to receive under the Pool Rules is increased so as to recover up to (but not more than) 51 per cent. of that deficiency.

3. MODIFICATION OF POOL RULES

3.1 Modification as from 1 July 1995

So as to give effect to the objective of this Order, as from 1 July 1995 the Pool Rules apply as modified in the manner set out in the Schedule.

3.2 Subsequent reductions to LYB Uplift Payments

(a) If at any time a notice signed by the Treasurer and published in the Government Gazette:

- (i) specifies an amount for, or a method of determining an amount for, LYB Uplift Payment Rate (1) for the purposes of rule 160.3 of the Pool Rules which is less than the amount for, or is a method resulting in a lesser amount than the amount for, LYB Uplift Payment Rate (1) specified in the Pool Rules as at the time of publication of the notice; or
- (ii) specifies an amount for, or a method of determining an amount for, the value derived under paragraph (c) (1) of rule 160.4 of the Pool Rules which is less than the amount for, or is a method resulting in a lesser amount than the amount for, the value derived under paragraph (c) (1) of rule 160.4 of the Pool Rules as at the time of publication of the notice,

the Pool Rules apply as modified by the notice, to the extent necessary to give effect to that specified amount or method only, from the later of the date specified in the notice and the date which is 14 days after publication of the notice in the Government Gazette.

(b) If a notice signed by the Treasurer and published in the Government Gazette:

- (i) specifies an amount for, or a method of determining an amount for, the value derived under paragraph (c) (1) of rule 160.4 of the Pool Rules which is more than the amount for, or is a method resulting in a greater amount than the amount for, the value derived under paragraph (c) (1) of rule 160.4 of the Pool Rules at the time of publication of the notice; and
- (ii) a notice having that effect has not previously been signed by the Treasurer and published in the Government Gazette,

the Pool Rules apply as modified by the notice, to the extent necessary to give effect to that specified amount or method only, from the later of the date specified in the notice, the date which is 14 days after publication of the notice in the Government Gazette and 1 January 2001.

3.3 Other subsequent modifications

If a modification to the Pool Rules made in accordance with the licence issued to Victorian Power Exchange under Part 12 of the Act would have the effect of modifying in a material respect the modifications to the Pool Rules made by this Order, those modifications take effect only insofar as they do not have that effect unless they are submitted to the Treasurer and the Treasurer, by notice published in the Government Gazette, states that he or she is satisfied that the modifications are not inconsistent with clause 2, 3.1 or 3.2 of this Order.

(a) Subject to Rule 160.2 (d), each Pool Customer is liable to pay the LYB Uplift Payment in respect of electricity received and (in the case of a Pool Customer having Tabulated Energy) estimated to be received by it in a Financial Year if the Loy Yang B Trading Loss is, or is estimated to be, an amount greater than zero in the preceding Financial Year.

(b) The LYB Uplift Payment shall cease to be payable as from the commencement of the Financial Year immediately following the Financial Year in which Loy Yang B Trader permanently or indefinitely ceases to supply electricity.

(c) The LYB Uplift Payment payable by a Pool Customer (excluding Snowy Trader and Interconnection Operating Agreement Trader) in respect of a Payment Period (or part thereof) is calculated by applying the following formula:

$$UP(1) + UP(2)$$

where:

UP(1) is LYB Uplift Payment (1); and

UP(2) is LYB Uplift Payment (2).

(d) Neither Snowy Trader nor Interconnection Operating Agreement Trader is liable to pay either the LYB Uplift Payment or the LYB Uplift Payment Adjustment nor are amounts for LYB Uplift Payment (1) and LYB Uplift Payment (2) to be calculated for them.

(e) Subject to rules 160.2 (f) and (g), Loy Yang B Trader will be entitled to receive all LYB Uplift Payment amounts received by VPX pursuant to this rule 160.2.

(f) If the LYB Uplift Payment for a Pool Customer (excluding Snowy Trader and Interconnection Operating Agreement Trader) calculated under rule 160.2 (c) for a Payment Period is a negative value:

- (1) Loy Yang B Trader will pay that amount to VPX; and
- (2) VPX will, subject to rule 160.2 (h), pay that amount to the Pool Customer,

in accordance with rule 180. VPX may, at its own discretion, off-set any such amounts against either any Supply Payments to be paid by the Pool Customer or against any amounts to be paid to Loy Yang B Trader pursuant to rule 160 (as the case may be).

(g) If, for a given Financial Year, Loy Yang B Trader has, under rule 160.8 (c), advised VPX that it estimates that the Loy Yang B Trading Loss for a Financial Year will be an amount greater than zero and subsequently Loy Yang B Trader notifies VPX that the Loy Yang B Trading Loss for that Financial Year is zero, VPX (acting as the agent of Loy Yang B Trader) will, subject to receipt of the refund in cleared funds from Loy Yang B Trader under rule 190, refund to Pool Customers in accordance with rule 180 all LYB Uplift Payment payments made by them (net of any LYB Uplift Payment Adjustment amounts payable by or to them) in relation to that estimated Loy Yang B Trading Loss.

(h) If Loy Yang B Trader fails to pay to VPX any amount owing pursuant to rule 160.2(f) or rule 160.2 (g), the short-fall will be borne by all Pool Customers in proportion to the LYB Uplift Payment payable by Pool Customers in the relevant period. For this purpose, Pool Customers will be either required to accept a lesser amount from VPX under rule 160.2 (f) or rule 160.2 (g) or pay an additional amount to VPX under rule 160.2 (c) (in which case the

shortfall will be treated as if it were an additional part of the Loy Yang B Trading Loss for the previous Financial Year) (as the case may be).

(i) In collecting the LYB Uplift Payment from a Pool Customer, VPX will be acting as the agent of Loy Yang B Trader and not as a principal and is not liable for any loss, damage or expense suffered or incurred by a Pool Customer or Loy Yang B Trader as a consequence of any act or omission by VPX pursuant to either of rules 160 or 180.

160.3 LYB Uplift Payment (1)

(a) LYB Uplift Payment (1) for a Pool Customer in respect of a Payment Period (or part thereof) in a Financial Year is calculated by applying the following formula:

$$\text{UPR (1)} \times \text{TE (1)}$$

where:

UPR(1) is LYB Uplift Payment Rate (1) for the Payment Period (or part thereof); and

TE(1) is:

- (1) where the entire Payment Period occurs within the Financial Year, the Tabulated Energy for the Pool Customer for the Payment Period; and
- (2) where only part of the Payment Period occurs within the Financial Year, the UP(1) Tabulated Energy for the Pool Customer for that part of the Payment Period which occurs within the Financial Year.

(b) The UP (1) Tabulated Energy for a Pool Customer in respect of a Payment Period (or part thereof) in a Financial Year is calculated by applying the following formula:

$$\text{TE} \times \frac{\text{SP (1)}}{\text{SP}}$$

where:

TE is the Tabulated Energy for the Pool Customer for the Payment Period;

SP(1) is the number of Settlement Periods in the Payment Period which occur in the Financial Year; and

SP is the total number of Settlement Periods in the Payment Period.

(c) Subject to rule 160.3 (d), if no Tabulated Energy is specified in an Energy Table for a Pool Customer for a Payment Period (or part thereof), the Tabulated Energy for that Pool Customer for that Payment Period (or part thereof) is equal to zero.

(d) If the allocation of Tabulated Energy amongst Pool Customers specified in the Energy Tables of Pool Customers for a Payment Period (or part thereof) is not, in VPX's reasonable opinion, reasonable, having regard to the principles upon which the Energy Tables were prepared, VPX may in its sole and reasonable discretion, reallocate the specified amounts for Tabulated Energy amongst Pool Customers for that Payment Period (or part thereof). For this purpose, upon request by VPX, Pool Customers must provide VPX with such information as VPX requests concerning their franchise customer load as soon as is reasonably practicable after the request by VPX is made.

(e) LYB Uplift Payment Rate (1) is \$2/MWh or, if the Treasurer in exercising his or her powers under an Order made under section 158B of the EI Act specifies another rate for the purpose of this rule, then that rate, or a method of determining another rate for the purpose of this rule, then the rate determined by the application of that method.

160.4 LYB Uplift Payment (2)

(a) LYB Uplift Payment (2) for a Pool Customer in respect of a Payment Period (or part thereof) in a Financial Year is calculated by applying the following formula:

$$\text{UPR(2)} \times (\text{PCSD} - \text{TE (2)})$$

where:

UPR(2) is LYB Uplift Payment Rate (2) for the Payment Period (or part thereof);

PCSD is:

- (1) where the entire Payment Period occurs within the Financial Year and:
 - (a) does not include an LYB Uplift Payment Review Date; or
 - (b) includes but ends on an LYB Uplift Payment Review Date,
 the total of all the Pool Customer Settlement Demand of the Pool Customer for the Payment Period; and
- (2) where the Payment Period includes but does not end on an LYB Uplift Payment Review Date, the total of all the Pool Customer Settlement Demand of the Pool Customer:
 - (a) from the commencement of the Payment Period up to and including the relevant LYB Uplift Payment Review Date where the Payment Period commences in the Financial Year and the relevant

part of the Payment Period is that which occurs prior to the LYB Uplift Payment Review Date;

- (b) from the commencement of the Financial Year up to and including the end of the Payment Period where the Payment Period commences in the previous Financial year; or
- (c) from the commencement of the day immediately following the LYB Uplift Payment Review Date to the end of the Payment Period where the Payment Period commences in the Financial Year and the relevant part of the Payment Period is that which occurs after the LYB Uplift Payment Review Date.

TE(2) is:

- (1) where the entire Payment Period occurs within the Financial Year and:
 - (a) does not include an LYB Uplift Payment Review Date; or
 - (b) includes but ends on an LYB Uplift Payment Review Date, the Tabulated Energy for the Pool Customer for the Payment Period; and
- (2) where the Payment Period includes but does not end on an LYB Uplift Payment Review Date, the UP(2) Tabulated Energy for the Pool Customer for that part of the Payment Period:
 - (a) from the commencement of the Payment Period up to and including the relevant LYB Uplift Payment Review Date where the Payment Period commences in the Financial Year and the relevant part of the Payment Period is that which occurs prior to the LYB Uplift Payment Review Date;
 - (b) from the commencement of the Financial Year up to and including the end of the Payment Period where the Payment Period commences in the previous Financial Year; or
 - (c) from the commencement of the day immediately following the LYB Uplift Payment Review Date to the end of the Payment Period

where the Payment Period commences in the Financial Year and the relevant part of the Payment Period is that which occurs after the LYB Uplift Payment Review Date.

- (b) The UP (2) Tabulated Energy for a Pool Customer (excluding Snowy Trader and Interconnection Operating Agreement Trader) in respect of a Payment Period (or part thereof) in a Financial Year up to and including either the relevant LYB Uplift Payment Review Date or the end of the Payment Period (as the case requires) in a Financial year is calculated by applying the following formula:

$$TE \times \frac{SP(2)}{SP}$$

where:

TE is the Tabulated Energy for the Pool Customer for the Payment Period;

SP(2) is the number of Settlement Periods in that part of the Payment Period for which the LYB Uplift Payment (2) for a Pool Customer is being determined under rule 160.4(a); and

SP is the total number of Settlement Periods in the Payment Period.

- (c) Subject to rules 160.4 (d) to 160.4 (f) inclusive, the LYB Uplift Payment Rate (2) for a Payment Period (or part thereof) in a Financial Year is the lesser of the following rates:

- (1) the rate determined by VPX on or before the CPI Calculation Date in the immediately preceding Financial Year using the following formula:

$$ALR(1) \times \frac{NCPI}{OCPI}$$

where:

ALR(1) is \$2/MWh;

NCPI is the Index Number for the Quarter ending on 31 March in the same Financial Year as the CPI Calculation Date; and

OCPI is the Index Number for the Quarter ending on 31 March 1995,

or, if the Treasurer in exercising his or her powers under an Order made under section 158B of the EI Act specifies another rate for the purpose of this rule, then that rate, or a method for determining another rate for the

purpose of this rule, then the rate determined by the application of that method; and

- (2) (i) for Payment Periods (or parts thereof) up to and including the first LYB Uplift Payment Review Date in the Financial Year, the rate determined by VPX by applying the following formula:

$$\frac{(0.51 \times \text{LYL}) - (\text{STE} \times \text{UP} (1))}{\text{FPCSD} - \text{STE}}$$

where:

LYL is the Loy Yang B Trading Loss (if any) for the immediately preceding Financial Year;

STE is the sum of all Tabulated Energy for all Pool Customers (excluding Snowy Trader and Interconnection Operating Agreement Trader) for all Payment Periods (or parts thereof) in the Financial Year;

UP (1) is LYB Uplift Payment Rate (1) for the Payment Period (or part thereof); and

FPCSD is VPX's estimate of the sum of all Forecast Pool Customer Settlement Demand for all Pool Customers (excluding Snowy Trader and Interconnection Operating Agreement Trader) for all Payment Periods (or parts thereof) in the Financial Year; and

- (ii) for Payment Periods (or parts thereof in the Financial Year) after the first and subsequent LYB Uplift Payment Review Dates in the Financial Year, the rate determined by VPX by applying the following formula:

$$\frac{(0.51 \times \text{LYL}) - (\text{STE} \times \text{UP} (1))}{(\text{APCSD} + \text{RFPCSD}) - \text{STE}}$$

where:

LYL has the meaning given to it in rule 160.4 (c) (2) (i);

STE has the meaning given to it in rule 160.4 (c) (2) (i);

UP (1) has the meaning given to it in rule 160.4 (c) (2) (i);

APCSD is the sum of all Pool Customer Settlement Demand for all Pool Customers (excluding Snowy Trader and Interconnection Operating Agreement Trader) for all Payment Periods (or parts thereof) from the beginning of the Financial Year up to and including the most recent LYB Uplift Payment Review Date; and

RFPCSD is VPX's estimate of the sum of all Forecast Pool Customer Settlement Demand for

all Pool Customers (excluding Snowy Trader and Interconnection Operating Agreement Trader) for all Payment Periods (or parts thereof) immediately following the most recent LYB Uplift Payment Review Date to the end of the Financial Year.

(d) For all Payment Periods (or parts thereof) in a Financial Year other than the Payment Period (or part thereof) containing the last LYB Uplift Payment Review Date in the Financial Year, LYB Uplift Payment Rate (2) cannot be less than -\$2/MWh and if the application of the UP(2) Formula under rule 160.4 (c) (2) gives a rate for the Payment Period (or part thereof) which is less than -\$2/MWh, the LYB Uplift Payment Rate (2) for that Payment Period (or part thereof) will be -\$2/MWh.

(e) If the application of the UP(2) Formula under rule 160.4 (c) (2) results in a numerator with a positive amount and a denominator that is not a positive amount, the LYB Uplift Payment Rate (2) for that Payment Period (or part thereof) will be the rate determined under rule 160.3 (e).

(f) If the application of the UP(2) Formula under rule 160.4 (c) (2) results in a numerator that is not a positive amount and a denominator which is zero, the LYB Uplift Payment Rate (2) for that Payment Period (or part thereof) will be zero.

160.5 Review of LYB Uplift Payment

(a) As soon as reasonably practicable after each LYB Uplift Payment Review Date in each Financial Year, VPX must calculate the Due LYB Uplift Payment for each Pool Customer (excluding Snowy Trader and Interconnection Operating Agreement Trader) from the commencement of the Financial Year up to and including the most recent LYB Uplift Payment Review Date by applying the following formula:

$$(\text{UPR}(1) \times \text{TTE}) + (\text{RUPR}(2) \times (\text{SCSD} - \text{TTE}))$$

where:

UPR (1) is LYB Uplift Payment Rate (1);

TTE is the total Tabulated Energy for the Pool Customer for all Payment Periods (or parts thereof) from the commencement of the Financial Year up to and including the most recent LYB Uplift Payment Review Date as determined under rule 160.5 (b); and

RUPR (2) is the LYB Uplift Payment Rate (2) as recalculated by VPX pursuant to rule 160.4 (c) (2) (ii) for application after the most recent LYB Uplift Payment Review Date or, if the LYB Uplift Payment Review Date is 30 June,

the LYB Uplift Payment Rate (2) as calculated by VPX using the formula contained in rule 160.4 (c) (2) (ii);

SCSD is the sum of all Pool Customer Settlement Demand of the Pool Customer from the commencement of the Financial Year up to and including the most recent LYB Uplift Payment Review Date.

(b) The total Tabulated Energy for a Pool Customer in respect of a Payment Period (or part thereof) in a Financial Year up to and including the most recent LYB Uplift Payment Review Date is calculated by applying the following formula:

$$TE \times \frac{SSP}{SP}$$

where:

TE is the total Tabulated Energy for the Pool Customer for the Payment Period;

SSP is the number of Settlement Periods in the Payment Period which occur after the commencement of the Financial Year up to and including the most recent LYB Uplift Payment Review Date; and

SP is the total number of Settlement Periods in the Payment Period.

160.6 LYB Uplift Payment Adjustment

(a) As soon as reasonably practicable after calculating the Due LYB Uplift Payment for each Pool Customer (excluding Snowy Trader and Interconnection Operating Agreement Trader) under rule 160.5 (a), VPX must calculate the LYB Uplift Payment Adjustment for each Pool Customer (excluding Snowy Trader and Interconnection Operating Agreement Trader) by applying the following formula:

$$DUP - AUP$$

where:

DUP is the Due LYB Uplift Payment for the Pool Customer from the commencement of the relevant Financial Year up to and including the most recent LYB Uplift Payment Review Date; and

AUP is the sum of all actual LYB Uplift Payment and LYB Uplift Payment Adjustment payments made by the Pool Customer minus all actual LYB Uplift Payment Adjustment payments made to the Pool Customer from the commencement of the relevant Financial Year up to and including the most recent LYB Uplift Payment Review Date.

(b) If the LYB Uplift Payment Adjustment for a Pool Customer is:

- (i) a positive amount, the Pool Customer must pay that amount to VPX in accordance with rule 180; and
- (ii) a negative amount, VPX will, subject to rule 160.6(d), pay that amount to the Pool Customer in accordance with rule 180.

The LYB Uplift Payment Adjustment will be included in the statement issued by VPX to the Pool Customer under rule 180 relating to the Payment Period containing the most recent LYB Uplift Payment Review Date. VPX may, at its own discretion, offset any LYB Uplift Payment Adjustment against any other Supply Payments to be paid by the Pool Customer.

(c) If the sum of all LYB Uplift Payment Adjustments is:

- (i) a positive amount, VPX will, subject to receipt of all LYB Uplift Payment Adjustments from Pool Customers, pay that amount to Loy Yang B Trader in accordance with rule 180; and
- (ii) a negative amount, Loy Yang B Trader will pay that amount to VPX for distribution to Pool Customers in accordance with rule 180.

The sum of all LYB Uplift Payment Adjustments will be included in the statement issued by VPX to Loy Yang B Trader under rule 180 relating to the Payment Period containing the most recent LYB Uplift Payment Review Date. VPX may, at its own discretion, offset any LYB Uplift Payment Adjustment against any amounts to be paid by Loy Yang B Trader pursuant to rule 160.

(d) If Loy Yang B Trader fails to pay to VPX any amount owing pursuant to rule 160.6(c), the short-fall will be borne by all Pool Customers in proportion to the LYB Uplift Payment Adjustment payable by or to Pool Customers for the relevant period. For this purpose, Pool Customers will be either required to accept a lesser amount from, or pay an additional amount to, VPX under rule 160.6 (in which case, the short-fall will be treated as if it were an additional part of the Loy Yang B Trading Loss for the previous Financial Year).

160.7 Review of Forecast Pool Customer Settlement Demand

(a) Between 1 May and 31 May in each Financial Year, each Pool Customer (excluding

Snowy Trader and Interconnection Operating Agreement Trader) must provide to VPX the Pool Customer's estimate of its own Forecast Pool Customer Settlement Demand for each calendar month in the immediately following Financial Year.

(b) Each Pool Customer (excluding Snowy Trader and Interconnection Operating Agreement Trader) must, at least 2 weeks prior to (but not more than 4 weeks prior to) each LYB Uplift Payment Review Date, provide to VPX a further estimate of its Forecast Pool Customer Settlement Demand for the remaining calendar months in the current Financial Year reviewed and, if necessary, revised to take into account any factors the Pool Customer reasonably considers to be relevant.

(c) If a Pool Customer does not provide VPX with the estimate of Forecast Pool Customer Settlement Demand as required pursuant to rule 160.7 (a) or rule 160.7 (b), VPX may make its own reasonable estimate of Forecast Pool Customer Settlement Demand for the Pool Customer for the relevant period for the purposes of rule 160.4.

160.8 Calculation of Loy Yang B Trading Loss

(a) Subject to rules 160.8 (b) and (c), the Loy Yang B Trading Loss for a Financial Year is the amount determined by Loy Yang B Trader by applying the formula:

AP - AR

where:

AP is the aggregate amount paid or payable by Loy Yang B Trader under the Loy Yang B Power Supply Agreement for or in respect of or in any way related to electricity generated by, or the capacity to deliver electricity generated by, the Loy Yang B Power Station, and under any hedge contracts to which it is a party, in the Financial Year; and

AR is the aggregate amount received or receivable by Loy Yang B Trader for or in respect of electricity supplied by it and under any hedge contracts to which it is a party (but excluding any payments it receives pursuant to either rules 160.2 or 160.6 or under the deed entitled "Tariffs and Charges Deed" dated 3 October 1994 between, among others, State Electricity Commission of Victoria and certain Pool Customers) in the Financial Year.

(b) If the Loy Yang B Trading Loss determined by Loy Yang B Trader under rule

160.8 (a) for a Financial Year is a negative amount, the Loy Yang B Trading Loss for that Financial Year will be deemed to be zero.

(c) Between 1 May and 31 May in each Financial Year, Loy Yang B Trader must advise VPX in writing of its estimate of the Loy Yang B Trading Loss for that Financial Year and until it advises VPX under rule 160.8(d) of the actual Loy Yang B Trading Loss for the relevant Financial year, the estimate will, for the purposes of these rules, be taken to be the Loy Yang B Trading Loss for that Financial Year.

(d) As soon as is reasonably practicable but in any event within 90 days after the end of each Financial Year Loy Yang B Trader must advise VPX in writing of the actual Loy Yang B Trading Loss for the relevant Financial Year.

(e) If Loy Yang B Trader does not advise VPX of the Loy Yang B Trading Loss for a Financial Year as required pursuant to rules 160.8 (c) and 160.8 (d), VPX must not calculate or collect LYB Uplift Payments due from or to Pool Customers during the following Financial Year unless and until Loy Yang B Trader notifies VPX of the Loy Yang B Trading Loss for that previous Financial Year.

(f) Loy Yang B Trader will ensure that the calculation of the Loy Yang B Trading Loss is audited by its auditors and that its auditors will provide to VPX as soon as reasonably practicable after the end of the Financial Year a certificate certifying that the calculation of the Loy Yang B Trading Loss has been carried out in accordance with generally accepted Australian accounting principles and practices and with this rule 160.8.

(g) Any certificate given to VPX by Loy Yang B Trader's auditors pursuant to rule 160.8 (f) will, upon reasonable prior notice from a Pool Customer, be made available by VPX for inspection at VPX's offices by that Pool Customer."

4. Rule 180—Payment

4.1 Rules 180.2 to 180.6 inclusive are to be amended so that they read as follows:

"180.2 Preliminary Statements

Within 5 Business Days after the end of each Payment Period, VPX must give:

- (a) each Participant a draft of the statement to be given to the Participant under rule 180.4 together with supporting data relating to the amount of electricity bought and sold in that

Payment Period and the prices at which that electricity was bought and sold by the Participant; and

- (b) Loy Yang B Trader a draft of the statement to be given to it under rule 180.4 together with such supporting data as VPX considers appropriate relating to that Payment Period.

180.3 Disputes

If VPX and any Participant or SECV disputes either the net amount stated in the draft statement given to it under rule 180.2 to be payable by or to it or the supporting data, VPX and the Participant or SECV (as the case may be) must use their reasonable endeavours to resolve the dispute within 18 Business Days of the end of the Payment Period. The dispute must be resolved by agreement or pursuant to rule 70.

180.4 Pool Manager to issue statements

Not later than 18 Business Days after the end of the Payment Period, VPX must give:

- (a) to each Pool Customer a statement stating the Supply Payments payable by the Pool Customer in respect of the relevant Payment Period together with any LYB Uplift Payment Adjustment amount payable to the Pool Customer;
- (b) to each Pool Generator a statement stating the amounts receivable under rule 150 and payable under rule 170 by the Pool Generator in respect of the relevant Payment Period; and
- (c) to Loy Yang B Trader a statement stating the amounts receivable or payable by Loy Yang B Trader under rule 160 in respect of the relevant Payment Period.

In cases where an amount stated in a draft statement issued under rule 180.2 has been the subject of a dispute and has been adjusted either by agreement between VPX and the Participant or by the Dispute Resolution Panel under rule 70:

- (d) if the dispute is resolved prior to VPX giving the final statement relating to the amount in dispute under this rule 180.4, the amount as adjusted will be included in that final statement; and
- (e) if the dispute is resolved after VPX gives the final statement relating to the amount in dispute under this rule 180.4, the adjustment agreed or determined will be included in the next

final statement given by VPX to the Participant under this rule 180.4 after the resolution of the dispute.

180.5 Payment by or to Pool Customers

- (a) No later than 12:00 noon on the twentieth Business Day after the end of the Payment Period, each Pool Customer must pay to VPX in cleared funds the net amount of the Supply Payment stated to be payable by that Pool Customer in that statement whether or not the Pool Customer disputes the net amount payable.
- (b) If an LYB Uplift Payment Adjustment amount is payable to a Pool Customer which exceeds the amount of the Supply Payment payable by that Pool Customer for the Payment Period to which the statement under rule 180.4 containing the LYB Uplift Payment Adjustment relates, subject to receipt in cleared funds from either Loy Yang B Trader or other Pool Customers, no later than 12:00 noon on the twentieth Business Day after the end of the Payment Period, VPX must pay to the Pool Customer in cleared funds the LYB Uplift Payment Adjustment amount stated to be payable to that Pool Customer in that statement (net of any Supply Payments stated to be payable by that Pool Customer in that statement) whether or not the Pool Customer or VPX disputes the net amount payable.

180.6 Payment to Pool Generators

On the Day on which VPX is to be paid under rule 180.5, VPX must pay to each Pool Generator in cleared funds the net amount stated to be payable to that Pool Generator in the relevant statement given to it under rule 180.4 (b)."

4.2 The following new rule 180.7 is to be inserted immediately after rule 180.6:

"180.7 Additional Payments to and from Loy Yang B Trader

- (a) If, in a statement given to Loy Yang B Trader under rule 180.4, a net amount is stated to be payable to Loy Yang B Trader, on the day on which VPX is paid under rule 180.5, VPX must pay to Loy Yang B Trader in cleared funds the net amount stated to be payable to Loy Yang B Trader in that statement.

- (b) If, in a statement given to Loy Yang B Trader under rule 180.4 a net amount is stated to be payable by Loy Yang B Trader, no later than 12:00 noon on the twentieth Business Day after the end of the Payment Period, Loy Yang B Trader must pay to VPX in cleared funds the net amount stated to be payable by Loy Yang B Trader in that statement whether or not Loy Yang B Trader disputes the net amount payable."

5. Rule 190—Refund Payments by Loy Yang B Trader

The following is to be inserted immediately before rule 195 as new rule 190:

"190. Refund Payments by Loy Yang B Trader

If, under rule 160.2 (g), VPX is required, subject to the receipt of the refund in cleared funds from Loy Yang B Trader under this rule 190, to refund LYB Uplift Payment made by Pool Customers, Loy Yang B Trader must refund all LYB Uplift Payment amounts it has received under rule 180.7 in relation to the estimated Loy Yang B Trading Loss to VPX within 20 Business Days of VPX so notifying Loy Yang B Trader."

**Electricity Industry Act 1993
ORDER UNDER SECTION 163A**

Order determining the fee payable in respect of the licence to sell electricity to franchise customers issued under Part 12 of the **Electricity Industry Act 1993** to United Energy Limited (ACN 064 651 029).

WHEREAS:

A. United Energy Limited (the licensee) is the holder of a licence under Part 12 of the **Electricity Industry Act 1993** (the Act) authorising it to sell electricity to franchise customers (a retail licence).

B. The licensee is also the holder of a licence under Part 12 of the Act authorising it to distribute electricity for supply, and to supply electricity, within the distribution area specified in the licence (a distribution licence) and is a distribution company for the purposes of the Act.

C. Insofar as the retail licence authorises the licensee to sell electricity to franchise customers (as defined in the Act) in relation to facilities in the distribution area where the licensee is authorised to distribute electricity for supply,

and to supply electricity, under its distribution licence, the licence so conferred is an exclusive licence.

D. Under section 163A of the Act the licensee is required to pay to the Treasurer, in respect of each financial year during which it holds, or held, an exclusive licence under Part 12 of the Act to sell electricity to franchise customers, the impost determined in respect of that year by Order of the Governor in Council, on the recommendation of the Treasurer, published in the Government Gazette before 30 June 1995 in the case of the impost in respect of the financial year ending on that date.

E. Having had regard to:

- (a) the terms of the Order made on 20 June 1995 under section 158A of the Act;
- (b) the value of the property and rights vested in each licensee under Parts 10 and 11 of the Act, as specified in the allocation statements made under Parts 10 and 11;
- (c) the amount of liabilities that became liabilities of each licensee under Parts 10 and 11 of the Act, as specified in the allocation statements made under Parts 10 and 11;
- (d) the likely number of franchise customers of the licensee in each of the years referred to in paragraph D above; and
- (e) such other matters as the Treasurer has determined after consultation with the licensee,

the Treasurer is satisfied that the amount set out in this Order in respect of the financial year ending on 30 June 1995 reasonably represents the amount by which the income of the licensee derived from the sale of electricity to franchise customers in that year is likely to exceed the sum of—

- (i) the costs of deriving the income; and
- (ii) taxes payable in deriving that income; and
- (iii) the amount determined by the Treasurer to be a reasonable return on the capital of that licensee used in deriving that income,

and the Treasurer has accordingly recommended to the Governor in Council that the amount set out in this Order be determined in respect of the licensee and that year under section 163A of the Act.

F. In anticipation of the making of this Order, the licensee has paid to the Treasurer, prior to the date of this Order, an amount of \$43,683,000 in respect of the financial year ending 30 June 1995.

NOW THEREFORE, THE GOVERNOR IN COUNCIL ACTING UNDER SECTION 163A OF THE ACT ORDERS THAT the amount payable by the licensee under section 163A of the Act in respect of the year ending 30 June 1995 is \$85,900,000 and the amount remaining after deducting the amount paid by the licensee as referred to in Recital F is to be paid by the licensee in a first instalment of \$10,317,000 on 26 June 1995 and a final instalment of \$31,900,000 on 17 July 1995.

Clerk of the Executive Council

**Electricity Industry Act 1993
ORDER UNDER SECTION 163A**

Order determining the fee payable in respect of the licence to sell electricity to franchise customers issued under Part 12 of the Electricity Industry Act 1993 to CitiPower Limited (ACN 064 651 056).

WHEREAS:

A. CitiPower Limited (the licensee) is the holder of a licence under Part 12 of the Electricity Industry Act 1993 (the Act) authorising it to sell electricity to franchise customers (a retail licence).

B. The licensee is also the holder of a licence under Part 12 of the Act authorising it to distribute electricity for supply, and to supply electricity, within the distribution area specified in the licence (a distribution licence) and is a distribution company for the purposes of the Act.

C. Insofar as the retail licence authorises the licensee to sell electricity to franchise customers (as defined in the Act) in relation to facilities in the distribution area where the licensee is authorised to distribute electricity for supply, and to supply electricity, under its distribution licence, the licence so conferred is an exclusive licence.

D. Under section 163A of the Act the licensee is required to pay to the Treasurer, in respect of each financial year during which it holds, or held, an exclusive licence under Part 12 of the Act to sell electricity to franchise customers, the impost determined in respect of that year by Order of the Governor in Council, on the recommendation of the Treasurer, published in the Government Gazette before 30 June 1995 in the case of the impost in respect of the financial year ending on that date.

E. Having had regard to:

- (a) the terms of the Order made on 20 June 1995 under section 158A of the Act;
- (b) the value of the property and rights vested in each licensee under Parts 10 and 11 of the Act, as specified in the allocation statements made under Parts 10 and 11;
- (c) the amount of liabilities that became liabilities of each licensee under Parts 10 and 11 of the Act, as specified in the allocation statements made under Parts 10 and 11;
- (d) the likely number of franchise customers of the licensee in each of the years referred to in paragraph D above; and
- (e) such other matters as the Treasurer has determined after consultation with the licensee,

the Treasurer is satisfied that the amount set out in this Order in respect of the financial year ending on 30 June 1995 reasonably represents the amount by which the income of the licensee derived from the sale of electricity to franchise customers in that year is likely to exceed the sum of—

- (i) the costs of deriving the income; and
- (ii) taxes payable in deriving that income; and
- (iii) the amount determined by the Treasurer to be a reasonable return on the capital of that licensee used in deriving that income,

and the Treasurer has accordingly recommended to the Governor in Council that the amount set out in this Order be determined in respect of the licensee and that year under section 163A of the Act.

F. In anticipation of the making of this Order, the licensee has paid to the Treasurer, prior to the date of this Order, an amount of \$27,000,000 in respect of the financial year ending 30 June 1995.

NOW THEREFORE, THE GOVERNOR IN COUNCIL ACTING UNDER SECTION 163A OF THE ACT ORDERS THAT the amount payable by the licensee under section 163A of the Act in respect of the year ending 30 June 1995 is \$74,000,000 and the amount remaining after deducting the amount paid by the licensee as referred to in Recital F is to be paid by the licensee in a first instalment of \$3,000,000 on 26 June 1995 and a final instalment of \$44,000,000 on 17 July 1995.
