SOUTH WEST WATER AUTHORITY
Notice of Proposal for Creation/Extension of
Sewerage Districts

Notice is hereby given that, under the provisions of Section 96 (7) of the Water Act 1989 the South West Water Authority proposes to create new sewerage districts at Mortlake, Koroit and Timboon and proposes to extend the Warrnambool Sewerage District to include the Allansford area and other minor areas.

The South West Water Authority has developed a timetable for proceeding with sewerage schemes for the towns of Mortlake, Koroit, Allansford and Timboon over the next five years. An essential first step is the formal establishment of a Sewerage District relating to each proposal. A district declares and defines the area of likely planning and systems installation but does not necessarily coincide with the boundary of a future sewerage scheme.

Submissions on the proposal to establish new sewerage districts or extend existing sewerage districts are invited:

- * If a person resides outside any district as defined and believes that the district should be extended to include that persons property;
- * If a person resides within any district as defined and believes that the district should be reshaped to exclude that persons property;
- * If a person has any concerns regarded as relevant to these proposals.

Submissions should set out the grounds for any objection raised in it.

All submissions received prior to 5 September 1995 will be considered and assessed by South West Water Authority Board and Chief Executive Officer and the Minister for Natural Resources.

If any person is unsure as to whether they wish to proceed with a submission and they need further information then please contact the Executive Assistant, Lana Johnson (telephone 055 64 7925) who will organise a meeting or telephone response with an officer of South West Water Authority.

Proposals are available for inspection at the following places:

Warrnambool—South West Water Authority Offices, 25 Liebig Street.

Camperdown—South West Water Authority Offices, 6 McNicol Street.

Cobden—Shire of Corangamite Offices.

Koroit—Post Office.

Mortlake—Shire of Moyne Offices.

Timboon—Post Office.

Submissions on the proposals should be submitted in writing and received by the Authority before 5 September 1995.

SOUTH WEST WATER AUTHORITY
Notice of Proposal for Extension of City of
Warrnambool Water Supply Water District
(to be renamed Warrnambool and Urban
Environs Water District)

Notice is hereby given that, under the provisions of Section 96 (7) of the Water Act 1989 the South West Water Authority proposes to extend that water district that currently encompasses urban development in Warrnambool.

The South West Water Authority is proposing to extend the water district to incorporate a number of areas that are just beyond the existing urban development and to include the Bushfield-Woodford area to allow water supply works to be installed if the demand for such services is established following investigation. The proposed areas in the City of Warrnambool are:

2020 G 30 3 August 1995

- North of Wangoom Road between Mortlake Road and Wiggs Lane,
- North of Wollaston Road bridge between Wollaston Road and Merri river,
- North of Coghlan's Road between Merri river at Dennington and Caramut Road.

A district declares and defines the area of likely planning and systems installation but does not necessarily coincide with the boundary of a future water scheme.

Submissions on the proposal to extend the water district are invited:

- If a person resides outside any district as defined and believes that the district should be extended to include that person's property;
- If a person resides within any district as defined and believes that the district should be reshaped to exclude that person's property;
- If a person has any concerns regarded as relevant to these proposals.

Submissions should set out the grounds for any objection raised in it.

All submissions received prior to 5 September 1995 will be considered and assessed by South West Water Authority Board and Chief Executive Officer and the Minister for Natural Resources.

If any person is unsure as to whether they wish to proceed with a submission and they need further information then please contact the Executive Assistant, Lana Johnson (telephone 055 64 7925) who will organise a meeting or telephone response with an officer of South West Water Authority.

Special Notice—Bushfield—Woodford Residents

The South West Water Authority has not settled on any supply program whatsoever for the Bushfield-Woodford area within its current 1995-2000 program.

The Authority must however plan its works having regard to probable urban growth and development.

The Authority will welcome any submission in the terms of this advertisement and will be guided accordingly.

The proposal is available for inspection at the South West Water Authority Offices, 25 Liebig Street, Warrnambool.

EXEMPTION

Application No. 14 of 1995

The Equal Opportunity Board has considered an application pursuant to Section 40 (1) of the **Equal Opportunity Act 1984** ("the Act") to enable the International Women's Development Agency to employ females in all positions within its organisation.

Upon reading the material tendered in support of this application, the Board is satisfied that it is appropriate to grant an exemption from Sections 21 and 59 of the Act.

In granting this exemption the Board noted:

- IWDA is an international development agency working for the elimination of poverty and empowerment of women around the world.
- IWDA is a voluntary organisation which undertakes development in partnership with women of other countries and Aboriginal and migrant women in Australia, and gives priority to working with women who suffer poverty and depression.
- IWDA assists women internationally to develop skills and to gain direct access to resources and promotes projects and programs which demonstrate women's competence and effectiveness as agents of development in agriculture, marketing, manufacturing health, education, water supply and housing and other fields.
- It is important that female field workers being employed in the agencies international development projects because of the cultural sensitivities in relation to the women in the countries where those projects are undertaken and to encourage women in those countries to communicate freely with the field workers.
- It is important to make local positions with the agency available to women only to encourage the self development of Australian women and to provide them with additional career paths.

The Board hereby grants an exemption from the operation of Sections 21 and 59 of the **Equal Opportunity Act 1984**, this exemption to remain in force until 3 August 1998.
