Notice of Amendment**

The Mornington Peninsula Shire Council has prepared Amendment L144 to the Flinders Planning Scheme.

The amendment affects land at Pt Lot 6, L.P. 5952, 1 Hayes Avenue, Sorrento.

Purpose of the Amendment

The purpose of the amendment is to rezone a portion of the subject land from Public Purposes Reservation—Car Park to the Local Commercial Zone under Chapter One of the Flinders Planning Scheme. The zone boundary currently splits the site into two zones: Local Commercial Zone and Public Purposes Reservation—Car Park.

The rezoning of a portion of the land is consistent with the commercial zoning of the remaining portion of the land and will offer a wider choice for the property's use and development consistent with immediately surrounding land. Further, the amendment acknowledges the unlikelihood of the land being utilised for car parking and will therefore not result in any detrimental environmental, social or economic effects.

The amendment can be inspected at Mornington Peninsula Shire Council, Rosebud Office, Boneo Road, Rosebud; Mornington Office, Queen Street, Mornington; Hastings Office, Marine Parade, Hastings or at Department of Planning and Development, Olderfleet Buildings, 477 Collins Street, Melbourne.

WERRIBEE PLANNING SCHEME
Notice of Amendment to a Planning Scheme
Amendment L79

Wyndham City Council has prepared Amendment L79 to the Werribee Planning Scheme and is the Planning Authority for the amendment.

The amendment proposes to insert a Streamside Environment Areas overlay control and maps, to cover the Werribee River and its environs for a distance of 200 metres either side of the river. The existing Zoning and Land Use controls will remain the same.

The effect of the amendment is to protect and conserve land 200 metres either side of the river from adverse development and will mean most buildings and works, tree removal and all subdivision requires a planning permit.

Guidelines will need to be considered by the Responsible Authority, including the "Werribee River Policy and Management Manual March 1995".

The proposed amendment and the "Werribee River Policy and Management Manual March 1995" have been drafted to take into account concerns raised during public consultation over an earlier draft strategy for the river.

The amendment proposes to change the Planning Scheme by:

- * Inserting a new Clause headed "Streamside Environment Areas".

Planning and Environment Act 1987
CRANBOURNE PLANNING SCHEME
Notice of Amendment
Amendment L160

The Cardinia Shire Council has prepared Amendment L160 to the Cranbourne Planning Scheme.

The amendment affects land described as Part Crown Allotment 98E, Parish of Sherwood. The land is located on the eastern boundary of the Cardinia Township with access to Dixons Road and Dalmore Road. The land has been used since 1975 as a fertilizer distribution depot which is operated by West Gippsland Fertilizers Pty Ltd.

The amendment proposes to introduce a site specific control into the planning scheme to allow a planning permit to be granted for the upgrading of facilities on the site by constructing

a new building fronting Dalmore Road for storing and blending fertilizers. The amendment will also allow a two lot subdivision of the land to allow the new building to be located on a separate lot.

The amendment can be inspected during office hours at Cardinia Shire Council, Municipal Offices, Henty Way, Pakenham or the Department of Planning and Development, Olderfleet Building, 477 Collins Street, Melbourne.

If you are affected by the amendment you may make a submission. Submissions must be sent to the Cardinia Shire Council, PO Box 7, Pakenham 3810, by Monday, 4 December 1995.

FLINDERS PLANNING SCHEME

Notice of Amendment

The Mornington Peninsula Shire Council has prepared Amendment L144 to the Flinders Planning Scheme.

The amendment affects land at Pt Lot 6, L.P. 5952, 1 Hayes Avenue, Sorrento.

Purpose of the Amendment

The purpose of the amendment is to rezone a portion of the subject land from Public Purposes Reservation—Car Park to the Local Commercial Zone under Chapter One of the Flinders Planning Scheme. The zone boundary currently splits the site into two zones: Local Commercial Zone and Public Purposes Reservation—Car Park.

The rezoning of a portion of the land is consistent with the commercial zoning of the remaining portion of the land and will offer a wider choice for the property's use and development consistent with immediately surrounding land. Further, the amendment acknowledges the unlikelihood of the land being utilised for car parking and will therefore not result in any detrimental environmental, social or economic effects.

The amendment can be inspected at Mornington Peninsula Shire Council, Rosebud Office, Boneo Road, Rosebud; Mornington Office, Queen Street, Mornington; Hastings Office, Marine Parade, Hastings or the Department of Planning and Development, Olderfleet Buildings, 477 Collins Street, Melbourne.

Submissions regarding this amendment must be sent to the Chief Executive, Mornington Peninsula Shire Council, Locked Bag 1000, Rosebud 3939 and received by 5.00 p.m., 4 December 1995.

**Subordinate Legislation Act 1994
REGULATORY IMPACT STATEMENT
Road Safety (Procedures) (Driving Hours)
Regulations 1995**

Notice is given in accordance with section 11 of the **Subordinate Legislation Act 1994**, that a Regulatory Impact Statement (RIS) has been prepared in relation to the Road Safety (Procedures) (Driving Hours) Regulations 1995.

Road authorities in all States and Territories are co-operating with the National Road Transport Commission and industry bodies to implement the Heavy Vehicle Reform Package. Its objective is to introduce national reforms for the road transport industry to deliver critical efficiency and safety benefits. The Victorian Government has announced the introduction of a package of reforms to the road transport industry. Part of the package includes initiatives to reduce fatigue related accidents involving heavy trucks and buses.

The objective to be achieved by the regulations is to improve safety management by employers/drivers of commercial trucks and commercial buses, with a view to reducing fatigue related accidents.

The proposed regulations:

- * Prescribe periods of driving and non-driving for solo and two-up drivers of commercial trucks and commercial buses.
- * Provide flexibility in the form of recording driving hours e.g. log book, automatic recording device or, for buses, a form issued by an employer.
- * Extend the operational radius to 100 km from the place of business from which the vehicle usually operates without the need to complete a log book.
- * Allow for approved fatigue management programs as a step towards management of fatigue through addressing a broad range of factors which contribute to fatigue related accidents.

The RIS examined a self-regulation regime through a Code of Practice as an alternative to the proposed regulations. Due to the voluntary nature of codes of practice, this alternative was considered to have the potential to reduce the current level of road safety and to significantly increase the risk to all road users.

The proposed regulations demonstrate that whilst there are some associated financial costs for the road transport industry, these are outweighed by the benefits provided to users of passenger services, other road users, and truck and bus employer/drivers in the form of improved road safety, uniformity between jurisdictions and innovative fatigue management programs.

Public comments are invited on the RIS and accompanying regulations. Copies may be obtained by telephoning (03) 9854 2767.

Written submissions will be received at the following address up to 5.00 p.m. on Wednesday, 29 November 1995: The Manager, Commercial Vehicle Operations, Roads Corporation, 2nd Floor, 60 Denmark Street, Kew Victoria 3101. All submissions will be treated as public documents.

Any enquiries regarding the content of the RIS should be directed to Margaret Cumming (03) 9854 2050.

**Subordinate Legislation Act 1994
LIVESTOCK DISEASE CONTROL
REGULATIONS 1995**

**Notice of Preparation of Regulatory Impact
Statement**

Notice is given under section 11 of the **Subordinate Legislation Act 1994**, that a Regulatory Impact Statement (RIS) has been prepared in relation to the proposed Livestock Disease Control Regulations 1995.

The objectives of these Regulations are to provide for the eradication, prevention and control of diseases in livestock and generally prescribe forms, penalties and other matters authorised by the **Livestock Disease Control Act 1994**.

The Regulations repeal all regulations made under the following Acts—

- * Bees Act 1971
- * Cattle Compensation Act 1967
- * Stock (Artificial Breeding) Act 1962
- * Stock Diseases Act 1968
- * Swine Compensation Act 1967

The Regulatory Impact Statement concludes that the proposed Regulations are the best means of achieving the stated objectives.

Copies of the Regulatory Impact Statement and the proposed Regulations may be obtained from Hilary Pope, Project Officer, Chief Veterinary Officer's Unit, telephone: (03) 9651 7431, fax: (03) 9651 7005.

All submissions must be in writing and must be received at the following address: Dr Andrew Turner, Chief Veterinary Officer, Victoria, Department of Agriculture, Energy and Minerals, PO Box 500, East Melbourne, Victoria 3002. Submissions close at 4.00 p.m. on Thursday, 30 November 1995.
