MACEDON RANGES SHIRE COUNCIL
Proposed Local Law No. 5
Processes of Municipal Government
(Meeting Procedure and Common Seal)

Notice is given that the Macedon Ranges Shire Council at its ordinary council meeting on 25 June 1997 resolved its intention to make a Local Law to govern its meetings entitled "Processes of Municipal Government (Meeting Procedure and Common Seal) No. 5."

The purpose and general purport of the proposed Local Law is to:

- (a) provide a mechanism to facilitate the good government of the Council through its formal meeting procedure to ensure effective and efficient Council decisions are made in a manner which acknowledges the role of local government within the Australian system of Government;
- (b) regulate and control the election of Mayor and the Chairperson of any Special Committees;
- (c) regulate and control the procedures governing the conduct of meetings including meetings of Special Committees and Council;
- (d) regulate and control the use of the Council's seal;

- (e) provide for the administration of the Council's powers and functions; and to
- (f) provide generally for the peace, order and good government of the municipal district.

Copies of the proposed Local Law may be inspected at or obtained from any following Council Offices: Kyneton Administration Centre, Mollison Street, Kyneton; Woodend Service Centre, High Street, Woodend; Romsey Service Centre, Main Street, Romsey and Gisborne Service Centre, Hamilton Street, Gisborne.

Any person affected by the proposed Local Law may make a written submission relating to the proposed Local Law in accordance with Section 223 of the **Local Government Act 1989**. Submissions addressed to the Chief Executive Officer, P.O. Box 151, Kyneton, must be lodged before 5.15 p.m. on Thursday, 24 July 1997. A person making a submission may request to be heard in support of their submission. For further information regarding the proposed Local Law or the submission process contact Stephen Mahon, telephone (03) 5422 0352.

PRUE MANSFIELD
Chief Executive Officer

SWAN HILL RURAL CITY COUNCIL
Proposed Local Law No. 6
Streets and Road (Amendment No. 1)
Local Law

Notice is hereby given that at a meeting held on 13 May 1997, the Council adopted and made Local Law No. 6—Streets and Roads (Amendment No. 1) Local Law, a Local Law to amend its Local Law No. 6—Streets and Roads, pursuant to the provisions of the **Local Government Act 1989**.

The Local Law was made to repeal Clause 3.38 of Local Law No. 6 which currently exempts service authorities from the permit requirements of the Local Law in respect of works by any person on a road under the control of Council.

The Local Law will come into effect on 10 July 1997.

DENNIS KIRBY
Chief Executive Officer

GOLDEN PLAINS SHIRE COUNCIL
Environment (Amendment No. 1)
Local Law 1997
Keeping of Domestic Animals
(Dogs and Cats)

Notice is given that Golden Plains Shire Council at its ordinary meeting held on 26 June 1997, having received no submissions, resolved pursuant to Section 119 of the Act to pass Environment (Amendment No. 1) Local Law 1997.

The Local Law is made for the purposes of amending the principal Local Law (Environment Local Law 1996—No. 2 of 1996) to prohibit, regulate and control activities and circumstances associated with the keeping of domestic animals (dogs and cats) in predominantly rural farming areas.

A copy of the Local Law is available from Customer Service Centres at 2 Pope Street, Bannockburn; Sussex Street, Linton and Aitchison Street, Rokewood, during customer service hours or by telephoning 1300 36 30 36.

GREATER SHEPPARTON CITY COUNCIL
Proposed Local Law No. 6
Livestock

Notice is given that the Greater Shepparton City Council proposes to make Local Law No. 6 entitled "Livestock".

The purpose and general purport of the proposed Local Law are to:

- (a) regulate the droving, grazing and movement of livestock throughout the municipal district;
- (b) minimise any damage to road surfaces, formations, drainage, vegetation and surrounding areas arising from livestock;
- (c) alert other road users to the presence on roads of livestock in the interests of road safety;
- (d) provide generally for the peace, order and good government of the municipal district including the administration of Council's powers and functions.

Copies of the proposed Local Law may be inspected at or obtained from any of the following Council Offices: Central Office, Welsford Street, Shepparton; Nixon Street Office, Shepparton and Tatura Service Centre, Casey Street, Tatura.

Any person affected by the proposed Local Law may make a written submission relating to the proposed Local Law in accordance with Section 223 of the **Local Government Act 1989**. Submissions addressed to the Chief Executive Officer, Greater Shepparton City Council, Locked Bag 1000, Shepparton 3632, must be lodged before 24 July 1997. A person making a submission may request to be heard in support of their submission.

MORELAND PLANNING SCHEME
Notice of Amendment
Amendment L48

The Moreland City Council has prepared Amendment L48 to the Moreland Planning Scheme.

The amendment affects land at 107-109 Hope Street, Brunswick, being Lot 11, PS 349033N.

The amendment proposes to change the Local Section of the Moreland Planning Scheme by rezoning the land from the General Industrial Zone to an Urban Residential Zone (Res 1).

The purpose of this amendment is to further consolidate residential development in this part of Brunswick. The site is presently underutilised and is unlikely to be used for industrial purposes. The rezoning will allow the development of the land for residential purposes consistent with new development at Holloway Road and Hope Street. A separate planning permit application will need to be made to Council for development of the land.

Any site that is converted from Industrial to Residential will require an environmental audit prior to the commencement of the residential use.

The amendment can be inspected free of charge during office hours at the following locations: Town Planning Unit, Moreland City Council, Coburg Offices, 90 Bell Street, Coburg, Victoria 3058 and the Department of Infrastructure, Level 3 Plaza, Nauru House, 80 Collins Street, Melbourne, Victoria 3000.

Submissions about the amendment must be sent to Town Planning Unit, Moreland City Council, Locked Bag No. 10, Moreland, Victoria 3058, by 13 August 1997.

MELTON PLANNING SCHEME
Notice of Amendment
Amendment L80

The Melton Shire Council has prepared this amendment to the Local Section of the Melton Planning Scheme.

The amendment affects land at Part of Crown Allotment B21, Section 5 (No. 64) Andrew Street, Melton, on the north-east corner of Phillip Street and Andrew Street.

The amendment proposes to remove a Reservation of the land for Public Purposes (Local Government) and zone the land Reserved Living.

A copy of the amendment can be inspected free of charge during office hours at the Department of Infrastructure, Office of Planning and Heritage, Level 3 Plaza, Nauru House, 80 Collins Street, Melbourne, Victoria 3000 or Town Planning Office, Melton Shire Council, Civic Centre, 232 High Street, Melton, Victoria 3337.

Submissions about the amendment must be sent to Melton Shire Council, Planning Office, P.O. Box 21, Melton, Victoria 3337, by 5.00 p.m. on 12 August 1997.

Planning and Environment Act 1987
MELTON PLANNING SCHEME
Notice of Amendment
Amendment L81

The Shire of Melton has prepared Amendment L81 to the Melton Planning Scheme.

The amendment affects land at Part Crown Section 14, and Crown Portion 9, Certificate of Title Volume 7994, Folio 072, Parish of Holden, County of Burke, on the south side of Diggers Rest-Coimadai Road, Diggers Rest.

The amendment proposes to change the Planning Scheme by including within an Urban Residential 1 Zone approximately 45 hectares of land currently within a Rural (Agricultural) Zone.

The amendment can be inspected free of charge during office hours at Department of Infrastructure, Office of Planning and Heritage, Level 3 Plaza, Nauru House, 80 Collins Street, Melbourne 3000 or Town Planning Office, Shire of Melton, 232 High Street, Melton 3337.

Submissions about the amendment must be sent to Mr Adrian Pennell, Chief Executive Officer, Shire of Melton, P.O. Box 21, Melton 3337, by 11 August 1997.

Planning and Environment Act 1987
TAMBO PLANNING SCHEME
 Notice of Amendment
 Amendment L72

The East Gippsland Shire Council has prepared Amendment L72 to the Local Section of the Tambo Planning Scheme.

The amendment has two parts and proposes to:

1. Make any application to subdivide the "Montaigne Property", Princes Highway, Nicholson, described as Crown Allotments 3D, 4D, 4A1, 4A2, 4B, 4C, 3E and part Lot 4, Plan of Subdivision No. 96288, Parish of Bumberah, County of Dargo into six lots, to enable the re-arrangement of the existing six titles, as of right and exempt from the requirement to give notice.

2. (a) Introduce a Comprehensive Development (Nicholson) Zone into the Local Section of the Scheme.

2. (b) Rezone from Rural A to the Comprehensive Development (Nicholson) Zone approximately 30 hectares of land comprising proposed Lot 1, Plan of Subdivision 336401H and the adjoining Crown Land forming the River Reserve abutting the Nicholson River and the proposed Lot 1 to enable its use and development as a Tourist Resort and Marina.

2. (c) Rezone from Rural A to a Main Road Reserve, land on the south side of the Princes Highway to the east of the proposed entrance to the proposed

Tourist resort and marina, to enable the widening of the highway in association with the provision of the proposed entrance.

The amendment proposes that the uses associated with the Tourist Resort and Marina which are specified in the table to Section 1 may be established as of right, provided that the land is used generally in accordance with a Concept Plan.

A permit is required for the development of buildings, works and subdivision on the land, however, provided the development is carried out generally in accordance with the provisions of the Concept Plan, any application will be exempt from the requirements of giving notice.

It should be noted that as part of the transitional process leading to the introduction of the Victoria Planning Provisions, all of the terms used in the proposed amendment are those defined in Clause 2-1.4 of the State Section of the Tambo Planning Scheme and not the definitions contained in the Local Section of the Scheme.

A copy of the amendment can be inspected free of charge during office hours at the East Gippsland Shire Council, Bairnsdale Business Centre, 273 Main Street, Bairnsdale, Victoria 3875; East Gippsland Shire Council, Lakes Entrance Business Centre/Library, Mechanics Street, Lakes Entrance, Victoria 3909; Department of Infrastructure, Suite 4, 29 Breed Street, Traralgon, Victoria 3844 and the Department of Infrastructure, Office of Planning, Level 3 Plaza, Nauru House, 80 Collins Street, Melbourne 3000.

Submissions about this amendment must be sent to the Chief Executive, East Gippsland Shire Council, P.O. Box 80, Lakes Entrance, Victoria 3909, by 12 September 1997.

EXEMPTION Application No. 43 of 1997

The Anti-Discrimination Tribunal constituted by the President pursuant to Section 83 (5) (a) (ii) of the **Equal Opportunity Act 1995** ("the Act") has considered an application pursuant to Section

83 of the Act by Mr Wong, General Secretary of the Monash University Students Association ("the Association") to advertise for and employ a female in the position of the Association's women's officer and to permit females only to be representatives of the women's collective on committees of the Association.

Upon reading the material tendered in support of this application and for the reasons for decision given by the Tribunal on 2 July 1997 the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 59, 60, 100 and 195 of the Act to advertise for and employ a female in the position of the Association's women's officer and to permit females only to be representatives of the women's collective on committees of the Association.

The Tribunal grants an exemption from the operation of Sections 13, 59, 60, 100 and 195 of the **Equal Opportunity Act 1995**, to advertise for and employ a female in the position of the Association's women's officer and to permit females only to be representatives of the women's collective on committees of the Association. This exemption to remain in force until 9 July 2000.

Note: A copy of the Tribunal's decision may be obtained from the Registrar of the Tribunal on request.

NURSES BOARD OF VICTORIA

On 8 May 1997, a panel appointed by the Nurses Board of Victoria, found that Louise Duell Davidson of 19/29 George Street, East Melbourne 3002, Identification Number 143396, date of birth 7 April 1964, registered in Division 1, had engaged in unprofessional conduct of a serious nature.

The panel determined that:

1. The suspension of the nurse's registration ordered by the Board on 26 March 1997, which commenced on 27 March 1997, be extended until removed in accordance with this determination.

2. After 27 March 1999, subject to Paragraphs 3-6 of this determination, the suspension of the nurse's registration may be removed, on application to the Board, but only if the following conditions and restrictions have been and are observed:

- (a) From 12 June 1997 until the suspension is removed, the nurse may not work, in any capacity for:

- (i) a registered funded agency; nor
- (ii) a health service establishment,

as those terms are defined in Section 3 **Health Services Act 1988** of Victoria, nor as or for a nurse's agent, as defined in Section 3 **Nurses Act 1993**.

- (b) The nurse must consult as soon as possible with a psychiatrist or drug counsellor (a "counsellor") satisfactory to the Board and continue to consult with that counsellor at least once a month, or more often if the counsellor so recommends, leading to a written report from the counsellor that is satisfactory to the Board being provided to the Board with the application to remove the suspension.
- (c) The nurse must attend a medical practitioner acceptable to the Board on at least 5 occasions during her suspension on random dates nominated at short notice by the practitioner, and undergo drug screenings on which the practitioner must provide reports to the Board before the suspension is removed, and which reports must be satisfactory to the Board.

3. Until at least 6 months after the suspension of the nurse's registration is removed pursuant to Paragraph 2 of this determination, her registration shall be subject to the following conditions, restrictions and limitations ("conditions"):

- (a) She must continue to consult with a counsellor (as defined in Paragraph 2), at such intervals as the counsellor may recommend, during the whole of the 6 months.
- (b) The nurse must undergo at least 7 random drug screenings during the 6 month period in accordance with regime established in Sub-paragraph 2 (c) of this determination.

- (c) The nurse may not, without supervision by a nurse registered in Division 1 or a registered medical practitioner, have access to, nor administer, drugs referred to in Schedules 4 or 8 of the **Drugs, Poisons and Controlled Substances Act 1981**.

4. The conditions imposed on the nurse's registration by Paragraph 3 of these orders may be removed, on application to the Board, which application must be accompanied or preceded by:

- (a) a written report by the counsellor referred to in Sub-paragraph 3 (a) of this determination that is satisfactory to the Board;
- (b) reports of the drug screenings pursuant to Sub-paragraph 3 (b) which are satisfactory to the Board;
- (c) a written report on her nursing performance by each of her then current employer/s, which is satisfactory to the Board; and
- (d) proof satisfactory to the Board that she has worked as a nurse for at least 6 months since removal of the suspension of her registration.

5. Until at least 12 months after the conditions imposed on the nurse's registration by Paragraph 3 of this determination are removed pursuant to Paragraph 4, her registration shall be subject to the following further conditions and restrictions:

- (a) she must continue to consult with a counsellor (as defined in Paragraph 1), at such intervals as the counsellor may recommend, during the whole of the 12 months;
- (b) the nurse must undergo at least 13 random drug screenings during the 12 month period in accordance with the regime established in Sub-paragraph 2 (c) of this determination.

6. The conditions imposed on the nurse's registration by Paragraph 5 of this determination may be removed, on application to the Board, which application must be accompanied or preceded by:

- (a) a written report by the counsellor referred to in Sub-paragraph 5 (a) of this determination that is satisfactory to the Board;

- (b) reports of the drug screenings pursuant to Sub-paragraph 5 (b) which are satisfactory to the Board; and
- (c) a written report on her nursing performance by each of her then current employer/s, which is satisfactory to the Board.

The panel made it clear to Ms Davidson that, if she ever comes before a panel in similar circumstances in the future, it is extremely unlikely that she would ever work in the nursing profession again.

The Authority thinks the land is suitable for the construction of the Melbourne City Link.

The land described is deemed to have been reserved under a planning instrument for a public purpose pursuant to Section 43 of the **Melbourne City Link Act 1995** and will be required for construction purposes by 1 November 1997.

Section 8 (1) (g) of the **Land Acquisition and Compensation Act 1986** requires VicRoads, on behalf of the Melbourne City Link Authority, to seek the following information:

1. The name of any other person who has, or you think may have, an interest in the land. Such a person might be a tenant or a mortgagee or a person to whom your company has agreed to sell the land.

2. If your company has a current building permit or a planning permit concerning the land.

3. If your company has sold or let or in any other way dealt with the land or were intending to deal with the land immediately before you received this notice.

4. Any other information that you think would be relevant to working out what compensation your company should receive for the land.

Upon receipt of your advice in relation to the above matters, VicRoads will negotiate with your company for the value of its interest in the above described land and for all damage that may be sustained by it by reason of the execution of the said work on the said land.

and all or any other interests in the land.

Roads Corporation (VicRoads) is acting as agent for the Melbourne City Link Authority pursuant to Section 38 of the **Melbourne City Link Act 1995**.

The Melbourne City Link Authority intends to acquire your interest in the land described hereunder for the construction of the Melbourne City Link:

Area: 224 square metres.

Description: being part of Crown Allotments 12B, 13 and 13A, Section 63A, Parish of Melbourne South and being part of the land in Certificates of Title Volume 9727, Folio 341 and Volume 10114, Folio 966 shown on Survey Plan 19369.

The Authority thinks the land is suitable for the construction of the Melbourne City Link.

The land described is deemed to have been reserved under a planning instrument for a public purpose pursuant to Section 43 of the **Melbourne City Link Act 1995** and will be required for construction purposes by 1 October 1997.

Section 8 (1) (g) of the **Land Acquisition and Compensation Act 1986** requires VicRoads, on behalf of the Melbourne City Link Authority, to seek the following information:

1. The name of any other person who has, or you think may have, an interest in the land. Such a person might be a tenant or a mortgagee or a person to whom your company has agreed to sell the land.
2. If your company has a current building permit or a planning permit concerning the land.
3. If your company has sold or let or in any other way dealt with the land or were intending to deal with the land immediately before you received this notice.
4. Any other information that you think would be relevant to working out what compensation your company should receive for the land.

Upon receipt of your advice in relation to the above matters, VicRoads will negotiate with your company for the value of its interest in the above described land and for all damage that may be sustained by it by reason of the execution of the said work on the said land.

Water Act 1989**BULK ENTITLEMENT (KIEWA-SOUTHERN HYDRO LTD) CONVERSION ORDER 1997**

I, Patrick John McNamara, Minister administering the **Water Act 1989**, make the following Order:

1. Citation

This Order may be cited as the Bulk Entitlement (Kiewa-Southern Hydro Ltd) Conversion Order 1997.

2. Empowering Provisions

This Order is made under Sections 43 and 47 of the **Water Act 1989**.

3. Commencement

This Order comes into operation on the day on which it is published in the Government Gazette.

4. Definitions

In this Order—

"Act" means the **Water Act 1989**;

"AHD" means Australian Height Datum;

"Authority" means Southern Hydro Limited (A.C.N. 065 325 091) (a generation company within the meaning of the **Electricity Industry Act 1993**);

"entitlement holder" means a person holding a bulk entitlement under the Act;

"Kiewa Basin Water Accounts" means an annual report, required by the Minister, on compliance by entitlement holders and licensees, respectively, in the Kiewa Basin, with the terms of their bulk entitlements or licences;

"licence" means any licence granted under Part 4 of the Act;

"Minister", in relation to any provision, includes any person authorised by the Minister to act on the Minister's behalf in relation to that provision, or to whom the Minister has delegated the relevant power, discretion, function, authority or duty under Section 306 of the Act;

"*passing flow*" means the flow in the West Kiewa River immediately downstream of the discharge point of the Mount Beauty Regulating Pondage outlet works;

"*Pondage*" means a natural or artificial pond of water;

"*power station*" means the works associated with converting the energy of flowing (flow) and falling water (head) into electricity;

"*raceline*" means an open channel or pipeline, or combination of both, for conveying water;

"*Resource Manager*" means any person appointed by the Minister to do all or any of the following—

- (a) prepare the Kiewa Basin Water Accounts; and
- (b) monitor whether entitlement holders in the Kiewa Basin comply with the conditions of their bulk entitlements; and
- (c) investigate and mediate disputes between entitlement holders in the Kiewa Basin; and
- (d) investigate and deal with significant unauthorised uses of water in the Kiewa Basin; and
- (e) supervise the qualification of any rights to water made by the Minister during periods of declared water shortage under Section 13 of the Act;

"*system*" means the Rocky Valley Reservoir, Lake Guy (also known as Junction Dam), Pretty Valley Desilting Pondage, Clover Pondage, Pretty Valley Diversion Pondage, Mount Beauty Regulating Pondage, West Kiewa Diversion Pondage, the Cope East, Cope West, Niggerhead, Langford East, Langford West, Rocky Valley, Frying Pan and Bogong Creek Racelines, the diversion weirs located on the waterway, the pipelines through the McKay Creek, Clover and West Kiewa Power Stations, and the waterways connecting the storages, racelines and diversion points;

"*waterway*" means:

- (a) the East and West Kiewa River, their tributaries and other waterways upstream of the point of confluence of the East and West Kiewa River; and
- (b) the Bundara River and its tributaries upstream of the racelines;

"*year*" means the 12 months next following 1 July.

5. Conversion to Bulk Entitlements

All of the Authority's entitlement to divert water into the system is converted to a bulk entitlement on the conditions set out in this Order.

6. Bulk Entitlement

6.1 Subject to the flow sharing arrangements specified in Clause 9, the Authority may divert all of the flow from the waterway into the system, except for—

- (a) the passing flow; and
- (b) that quantity of water taken to supply the licence commitments and bulk entitlements granted under Division 1 of Part 4 of the Act, as specified in Schedule 2, from the waterway.

6.2 All water diverted by the Authority under this entitlement must be returned to the waterway, except for—

- (a) reasonable quantities arising from normal operating losses; and
- (b) domestic consumption, not exceeding 2.5 ML, within the power stations; and
- (c) quantities taken under Clause 12.

6.3 This entitlement cannot be transferred for use at any other location.

7. Obligations to Supply Primary Entitlements

Water diverted into the system under this entitlement must be available to supply primary entitlements referred to in Section 35 (2) of the Act and bulk entitlements granted under Division 1 of Part 4 of the Act, which are more fully described in Schedule 3.

8. Share of Storage Capacity

The Authority, and no other person, is entitled to store water in—

- (a) Rocky Valley Reservoir, up to 28,294 ML at a full supply level of 1,599.44 metres AHD;
- (b) Pretty Valley Desilting Pondage, up to approximately 500 ML at a full supply level of 1,634.70 metres AHD;
- (c) Pretty Valley Diversion Pondage, up to approximately 2 ML at a full supply level of 1,607.70 metres AHD;
- (d) Lake Guy, up to 1,416 ML at a full supply level of 649.68 metres AHD (including 1.52 metre high flashboards above the concrete sill of the spillway);
- (e) Clover Pondage, up to 255 ML at a full supply level of 541.32 metres AHD (including 0.76 metre high flashboards above the concrete sill of the spillway); and
- (f) West Kiewa Diversion Pondage, up to approximately 3 ML at a full supply level of 569.2 metres AHD.

9. Share of Flow

9.1 The Authority may—

- (a) divert all inflows to:

- (i) Pretty Valley Diversion Weir; and
- (ii) Lower West Kiewa Diversion Weir; and

- (b) divert all inflows along:

- (i) Cope East Raceline;
- (ii) Cope West Raceline;
- (iii) Niggerhead Raceline;
- (iv) Langford East Raceline;
- (v) Langford West Raceline;
- (vi) Rocky Valley Raceline;
- (vii) Frying Pan Raceline; and
- (viii) Bogong Creek Raceline—

up to their respective capacities at the date of this Order, some of which are specified in Schedule 1.

9.2 The Authority may impound all inflows to:

- (i) Rocky Valley Reservoir when it is below full supply level;
- (ii) Pretty Valley Desilting Pondage when it is below full supply level;
- (iii) Pretty Valley Diversion Pondage when it is below full supply level;
- (iv) Lake Guy when it is below full supply level;
- (v) Clover Pondage when it is below full supply level; and
- (vi) West Kiewa Diversion Pondage when it is below full supply level.

10. Passing Flow

10.1 The Authority must provide, to its best endeavours, sufficient releases from the Mount Beauty Regulating Pondage to maintain a minimum passing flow equal to the lesser of—

- (a) 100 ML/d; or
- (b) the daily average of the natural inflow to the waterway recorded over the previous 7 day period.

10.2 The passing flow specified in Sub-clause 10.1, shall be maintained in the West Kiewa River immediately downstream of the discharge point of the outlet works of the Mount Beauty Regulating Pondage, except where it is necessary for operational reasons, to reduce releases from the Pondage to below 100 ML/d, then the Authority shall arrange in advance to alter diversions from the West Kiewa River and/or modify the storing of water in Clover Pondage, such that the minimum passing flow is achieved in the combined Kiewa River.

10.3 For the purpose of Sub-clause 10.1, and subject to Sub-clause 10.2, the natural inflow to the waterway is to be calculated as specified in Schedule 4.

10.4 Where it is not possible for the Authority to release water from the Rocky Valley and Pretty Valley storages, then the minimum release requirement shall be the lesser of 100 ML/d or the natural rate of inflow into the waterway below one or both these storages as the case may be.

11. Releases

The Authority must operate the Mount Beauty Regulating Pond so that—

- (a) the maximum releases from the outlet works to the West Kiewa River does not exceed 145 ML per hour (3,480 ML/d); and
- (b) the maximum rate of change of release from the outlet works, where the discharge in the previous hour is—
 - (i) above 60 ML per hour (1,440 ML/d), shall not exceed—
 - (A) 10 ML per hour over the flow rate recorded in the previous hour where releases are either rising or falling; or
 - (ii) below 60 ML per hour (1,440 ML/d), shall not exceed—
 - (A) 10 ML per hour over the flow rate in the previous hour where releases are rising; or
 - (B) 5 ML per hour over the flow rate in the previous hour where releases are falling.

12. Supply of Water for Emergency Purposes

The Authority may use water from the system in various quantities to provide for emergency supplies.

13. Environmental Obligations

13.1 The Authority must propose to the Minister, within 12 months of the date of this Order, a program to manage the environmental effects of the Authority's works that allow water to be taken into the system or returned to the waterway, including—

- (a) the effects on the bed and banks of the waterway in the vicinity of the Authority's works; and
- (b) operational practices to remove silt from works; and
- (c) operational practices to manage the water quality in works on the waterway; and
- (d) operational rules to control releases from works to the waterway; and
- (e) operational rules to manage flood flows through works on the waterway.

13.2 The Minister may—

- (a) approve the program proposed under Sub-clause 13.1; or
- (b) require the Authority to amend the proposed program; and
- (c) require the Authority—
 - (i) to review the program approved by the Minister if, in the Minister's opinion, it is, at any time, no longer appropriate; and
 - (ii) to propose an amended program to the Minister.

13.3 The Authority must at its cost—

- (a) implement the approved program; and
- (b) keep a record of—
 - (i) all work undertaken under Paragraph (a); and
 - (ii) separate accounts of all costs and payments for this work.

14. Metering Program

14.1 The Authority must propose to the Minister within 12 months of the date of this Order a metering program to demonstrate compliance with this bulk entitlement with respect to—

- (a) the flow into the reservoirs in the system; and
- (b) the volume in each reservoir in the system; and
- (c) the actual passing flow; and
- (d) the flow passing through each power station in the system.

14.2 The Minister may—

- (a) approve the program proposed under Sub-clause 14.1; or
- (b) require the Authority to amend the proposed program; and
- (c) require the Authority to—
 - (i) review the program approved by the Minister if, in the Minister's opinion, it is, at any time, no longer appropriate; and
 - (ii) propose an amended program to the Minister.

14.3 The Authority must, at its cost, and in accordance with any guidelines issued from time to time by the Minister—

- (a) implement and maintain the approved metering program and implement any request by the Minister to upgrade the metering equipment or install new metering equipment; and
- (b) maintain metering equipment and associated measurement structures in good condition, ensure that metering equipment is periodically re-calibrated and, if rating curves are used to calculate flows, ensure that these curves are regularly checked and, if necessary, revised; and
- (c) keep a record of all work undertaken under Paragraphs (a) and (b).

15. Reporting Requirements

15.1 The Minister may require the Authority to report on all or any of the following matters, as provided in this clause:

- (a) the hourly amount of water passing through any one or more of the power stations in the system;
- (b) the daily amount of water diverted by the Authority from the waterway at any of the Authority's diversion works;
- (c) the hourly amount of water returned to the waterway from the works of the Authority;
- (d) the annual amount of water diverted by the Authority from the waterway at any of the Authority's diversion works;
- (e) the annual amount of water returned to the waterway from the works of the Authority;
- (f) the number of occasions where planned maintenance works resulted in flows below the specified passing flow and the details of the minimum flow and duration below the specified passing flow in each instance;

- (g) The number of occasions when water is taken under Clause 12 and an estimate of the amount of water taken in each instance;
 - (h) the amount of water in each or any of the Authority's storages mentioned in Clause 8;
 - (i) the work undertaken as part of the metering program under Sub-clause 14.3;
 - (j) any bulk entitlement or licence in respect of the waterway temporarily or permanently transferred to the Authority;
 - (k) any amendment to this bulk entitlement;
 - (l) any failure by the Authority to comply with any provision of this bulk entitlement; and
 - (m) any difficulties experienced or anticipated by the Authority in complying with this bulk entitlement and any remedial action taken or proposed.
- 15.2 The Minister may require the Authority to report on all or any of the matters set out in Sub-clause 15.1—
- (a) in writing or in such electronic form as may be agreed between the Authority and the Minister; and
 - (b) within 14 days of receiving the Minister's written request or such longer period as the Minister may determine.
- 15.3 The Authority must, for the period of the preceding year, report, by 1 August in any year, to the Minister on each of the matters set out in Sub-clause 15.1, except Paragraphs (a), (b) and (c) of Sub-clause 15.1;
- 15.4 The Resource Manager may require the Authority to report from time to time, on all or any of the matters set out in Paragraphs (a) to (m) of Sub-clause 15.1.
- 15.5 Any report under Sub-clause 15.4 must be made—
- (a) in such form as may be agreed between the Authority and the person to whom the report is made; and
 - (b) unless the Authority and that person agree otherwise—
 - (i) within 24 hours of the Authority receiving a request for a report on any matter set out in Paragraph (a), (b) and (c) of Sub-clause 15.1; or
 - (ii) within 14 days of the Authority receiving a request for a report on any matter set out in Paragraph (d) to (m) of Sub-clause 15.1.
16. Water Resource Management Costs
- 16.1 Subject to Sub-clause 17.1, the Authority must pay the Resource Manager a fair and reasonable proportion of the costs incurred by the Resource Manager to—
- (a) prepare the Kiewa Basin Water Accounts; and
 - (b) monitor whether entitlement holders in its portion of the Kiewa Basin comply with the conditions of their bulk entitlements; and
 - (c) investigate and mediate disputes between entitlement holders in its portion of the Kiewa Basin; and
 - (d) investigate and deal with significant unauthorised uses of water in its portion of the Kiewa Basin; and
 - (e) supervise the qualification of any rights to water made by the Minister during periods of declared water shortage under Section 13 of the Act.
- 16.2 The proportion of the costs referred to in Sub-clause 16.1 will be as determined under Sub-clause 17.3.

17. Duty to Keep Accounts and Fix Proportions

- 17.1 The Authority is not obliged to make any payment to the Resource Manager under Clause 16, unless the Resource Manager chooses to comply with the provisions of this clause relevant to that payment.
- 17.2 The Resource Manager must keep separate accounts of all costs and payments referred to in Sub-clause 16.1.
- 17.3 The Resource Manager must, by 1 July in any year, determine for the Authority in respect of the ensuing year, a fair and reasonable proportion of the costs referred to in Sub-clause 16.1.
- 17.4 Accounts required to be kept under this clause must be made available for inspection by the Authority on request.

18. Duty to Make Payments

Any amount payable by the Authority under Clause 16 must be paid in arrears, within 28 days of the Authority receiving an invoice, unless the Authority and the person to whom the amount payable agrees otherwise.

19. Data

- 19.1 Subject to Sub-clause 14.3, the Minister will use the Minister's best endeavours to ensure that all hydrological and other data required by the Authority to comply with this bulk entitlement are made available to the Authority, subject to the Authority paying any fair and reasonable access fee to cover the costs of making the data available.
- 19.2 The Authority must make available data collected for the purpose of the metering program and reporting under Sub-clauses 14.1 and 15.1 to any person, subject to the person paying any fair and reasonable access fee imposed by the Authority, to cover the costs of making the data available.

20. Dispute Resolution

- 20.1 If any difference or dispute arises between the Authority, the Minister and, with their consent, the Resource Manager or any of them (the "parties") concerning the interpretation or application of this Order, is not resolved within 14 days of it arising, any party may give written notice to the others requiring the matter to be determined by an independent expert, if it is not otherwise resolved, within 14 days of that notice.
- 20.2 The independent expert will be either—
- (a) a person agreed on by the parties to the difference or dispute; or
 - (b) if those parties cannot agree, a person nominated by the President of the Institute of Arbitrators Australia.
- 20.3 The independent expert must reach a conclusion on the matter within 30 days of it being referred, but has power to extend the period for determining the matter by a further 30 days.
- 20.4 The independent expert must send a copy of the conclusion and its supporting reasons to each party to the difference or dispute.
- 20.5 (a) In any difference or dispute to which the Minister is a party, the independent expert must express the conclusion as a recommendation.
- (b) The Minister must consider any recommendation made under Paragraph 20.5 (a) before deciding to give a direction under Section 307 or to take any other action under the Act in relation to the difference or dispute.
- 20.6 In any difference or dispute to which the Minister is not a party, any conclusion by an independent expert is final and binding on the parties.
- 20.7 The apportionment of costs of and incidental to every reference, including the costs of the independent expert, shall be at the discretion of the independent expert.

Note: An explanatory note that accompanies this Order is available from the Department of Natural Resources and Environment.

SCHEDULE 1
DESCRIPTION OF WORKS

1. Racelines

Langfords East and West and Rocky Valley and Frying Pan Racelines

24 km of racelines, comprising the Langfords East and West, Rocky Valley and Frying Pan systems, providing an additional 14.1 km² of catchment area to the Rocky Valley Dam. The Langfords East and West Racelines divert water from the Bundara River. The Rocky Valley and Frying Pan Racelines collect water from small creeks downstream of the Rocky Valley Dam.

Cope East and West and Niggerhead Racelines

9 km of racelines, comprising the Cope East and West and Niggerhead systems, providing an additional 7 km² of catchment area to the Pretty Valley Diversion works. The Cope East and West Racelines divert water from the Bundara River. The Niggerhead Raceline collects water from small creeks downstream of the Pretty Valley Diversion.

Bogong Creek Raceline

9 km concrete lined open channel diverts water from Bogong Creek and other neighbouring minor tributaries directly to the Clover Power Station at a maximum rate of 6.12 ML/hour.

2. Reservoirs

Rocky Valley Reservoir

Rocky Valley Dam consists of an earth and rockfill embankment about 30.5 metres high, with a crest length of 518.16 metres and has a storage capacity of 28 294 ML. The spillway has a maximum flood discharge capacity of 306 ML/hour. A 610 millimetre (mm) scour pipe exists through the base of the dam however, there is no outlet through which a passing flow can be provided.

Pretty Valley Desilting Pondage and Diversion

Pretty Valley Diversion consists of a concrete dam about 6.7 metres high, with a crest length of 34.0 metres. A small desilting pondage located just upstream of the diversion consists of an earth and rockfill embankment 9 metres high and approximately 85 metres long.

Lake Guy (Junction Dam)

Junction Dam is a concrete slab and buttress dam about 25.9 metres high, with a crest length of 121.9 metres and has a capacity of 1 416.5 ML. There is a scour outlet in the base of the dam but there is currently no mechanism through which a passing flow can be provided.

Clover Dam

Clover Dam is located downstream of the Clover Power Station and Lake Guy (Junction Dam), it gains water from a natural catchment of 8.4 km² in addition to the regulated discharge from the Clover Power Station's tailrace. The concrete slab and buttress dam is 20.1 m high, with a crest length of 60.9 m and has an operating capacity of 254.8 ML.

Mt. Beauty Regulating Pondage

The Pondage regulates the water received from the West Kiewa Power Station, via the power station's tailrace tunnel and canal, and releases the water to the Kiewa River. The pondage is 6.1 m high and a capacity of 861.5 ML. The outlet to Kiewa River has a maximum discharge rating of 145 ML/hour, with the regulating gate fully open.

3. Diversions

Pretty Valley Diversion

The Pretty Valley Diversion diverts water either to McKay Creek Power Station or to Rocky Valley Reservoir.

Lower West Kiewa Diversion

The Lower West Kiewa Diversion diverts water from the West Kiewa River through a 3.658 km long tunnel at a maximum rate of 36.8 ML per hour to the West Kiewa Power Station or the Clover Pondage.

4. Power Stations

The three power stations in the system are known as the McKay Creek, the Clover and the West Kiewa Power Stations.

McKay Creek Power Station

The McKay Creek Power Station is supplied with water from the Pretty Valley Diversion Weir and the Rocky Valley Reservoir.

Clover Power Station

The Clover Power Station is supplied with water from Lake Guy. It is possible to pass water around power station, into Clover Pondage, without spilling Lake Guy by operating the "Junction Diversion Valve".

West Kiewa Power Station

West Kiewa Power Station is supplied with water from Clover Pondage, via the power station's headrace tunnel and West Kiewa Diversion, which exits the Pondage.

SCHEDULE 2

WATER TAKEN FROM THE WATERWAY

<i>Licence</i>	<i>Volume</i>	<i>Purpose/details</i>
Alpine Resorts Commission	500 ML maximum per annum	Supply of water from Rocky Valley Reservoir to provide for domestic usage in the Falls Creek Ski Village
Falls Creek Ski Lift Company	1000 ML maximum per annum	To draw water from Rocky Valley Reservoir for purposes of making snow during the skiing season
Howmans Gap Camp <i>Licence not yet issued</i>	25 ML per annum	Various domestic and industrial uses
Licences on East Kiewa River below Clover Dam—5 No.	311 ML per annum	Irrigation

<i>Bulk Entitlement</i>	<i>Volume</i>	<i>Details</i>
Southern Hydro	50 ML per annum	Supply to Bogong Village

SCHEDULE 3

BULK ENTITLEMENTS HELD BY OTHER AUTHORITIES AS PRIMARY ENTITLEMENTS

<i>Authority</i>	<i>Order</i>
Kiewa Murray Water	Bulk Entitlement (Mount Beauty - Tawonga) Conversion Order 1997

SCHEDULE 4

CALCULATION OF NATURAL INFLOW

Subject to the circumstances set out in Sub-clause 10.3, the natural inflow to the waterway will be calculated as the sum of the following components, (a) to (d) listed below inclusive, averaged over the previous seven day period.

Where it is not possible to release water from Rocky Valley Reservoir, as per Clause 10.4, the natural inflow to the waterway is the sum of items (b) to (d) listed below inclusive, averaged over the previous seven day period.

(a) Total inflow into Rocky Valley Reservoir

The calculation uses the method of "known outflow through power station outlet" (computed from turbine load/ flow tables) plus "change in stored volume over the period" (computed from height/ capacity tables) plus an allowance for any spill (computed from height/ flow tables). The figures thus calculated are "net" of evaporation and seepage losses, and include all inflows to the Reservoir, whether "natural" or "diverted".

(b) Natural inflow into Lake Guy / Junction Dam (Rocky Valley Branch and Pretty Valley Branch of the East Kiewa River)

Natural inflows to the storage are the combined flows gauged at Rocky Valley Branch upstream of the junction with the Pretty Valley Branch and at Pretty Valley Branch upstream of the junction with the Rocky Valley Branch less any water released from Rocky Valley Reservoir and less any water released via McKay Creek Power Station.

(c) Natural flow in Bogong Creek just upstream of the Bogong Creek Raceline

The Natural flow in Bogong Creek just upstream of the raceline will be treated as total flow diverted into the raceline. This flow is gauged at the end of the raceline, where it enters the tunnel systems connecting Lake Guy to Clover Power Station.

(d) Natural flow in West Kiewa River just upstream of the Lower West Kiewa Diversion Tunnel

Natural flow in West Kiewa River just upstream of the Lower West Kiewa diversion tunnel will be treated as the diverted flow into the diversion tunnel. This flow is gauged at the desilting basins at the end of the diversion tunnel, where it enters the tunnel system connecting Clover Pondage to the West Kiewa Power Station.

Dated 1 July 1997

PATRICK JOHN McNAMARA
Minister administering the **Water Act 1989**

Water Act 1989

BULK ENTITLEMENT (MOUNT BEAUTY-TAWONGA) CONVERSION ORDER 1997

I, Patrick John McNamara, as Minister administering the **Water Act 1989**, make the following Order—

1. Citation

This Order may be cited as the Bulk Entitlement (Mount Beauty-Tawonga) Conversion Order 1997.

2. Empowering Provisions

This Order is made under Sections 43 and 47 of the **Water Act 1989**.

3. Commencement

This Order comes into operation on the day it is published in the Government Gazette.

4. Definitions

In this Order—

"Act" means the **Water Act 1989**;

"annual entitlement" means the total amount of water which the Authority may take from Waterway A, Waterway B and the diversion tunnel in any year;

"Authority" means the Kiewa Murray Region Water Authority;

"diversion tunnel" means the Lower West Kiewa Diversion—a 3.658 km long tunnel, controlled by the Kiewa Entitlement Holder, which can divert water from the West Kiewa River through to the West Kiewa Power Station or the Clover Pondage at a maximum rate of 36.8 ML/hour.

"entitlement holder" means a person holding a bulk entitlement under the Act;

"licence" means any licence granted under Part 4 of the Act;

"Minister", in relation to any provision, includes any person authorised by the Minister to act on the Minister's behalf in relation to that provision, or to whom the Minister has delegated the relevant power, discretion, function, authority or duty under Section 306 of the Act;

"Kiewa Basin Water Accounts" means an annual report, required by the Minister, on compliance by entitlement holders and licensees, respectively, in the Kiewa Basin, with the terms of their bulk entitlements or licences;

"Kiewa Entitlement Holder" means the holder of the Bulk Entitlement (Kiewa-Southern Hydro Ltd) Conversion Order 1997;

"Resource Manager" means any person appointed by the Minister to do all or any of the following—

- (a) prepare the Kiewa Basin Water Accounts; and
- (b) monitor whether entitlement holders in the Kiewa Basin comply with the conditions of their bulk entitlements; and
- (c) direct the release of any water set aside for maintaining water quality in the Kiewa Basin; and
- (d) investigate and mediate disputes between entitlement holders in the Kiewa Basin; and
- (e) investigate and deal with significant unauthorised uses of water in the Kiewa Basin; and
- (f) supervise the qualification of any rights to water made by the Minister during periods of declared water shortage under Section 13 of the Act;

"season" means one of the four divisions of the year, being winter, spring, summer and autumn;

"Southern Hydro" means Southern Hydro Limited (A.C.N. 065 325 091) (a generation company within the meaning of the **Electricity Industry Act 1993**) or successor body;

"specified point A" means immediately upstream of the pump station located on Waterway A and operated by the Authority;

"specified point B" means immediately upstream of the diversion weir located on Waterway B and operated by the Authority;

"Waterway A" means the West Kiewa River below the diversion tunnel offtake;

"Waterway B" means the Simmonds Creek;

"year" means the 12 months next following 1 July.

5. Conversion to a Bulk Entitlement

All of the Authority's entitlement to take water from Waterway A, Waterway B and the diversion tunnel offtake to supply water to the Mount Beauty-Tawonga Water Supply System is converted to a bulk entitlement on the conditions set out in this Order.

6. Bulk Entitlement

- 6.1 Until the Minister makes a determination under Sub-clause 6.2, the Authority may take up to a total of 718 ML of water from Waterway A, Waterway B and the diversion tunnel offtake in any year.

6.2 The Minister may, from time to time, determine a different amount for the purpose of Sub-clause 6.1 if, in the opinion of the Minister, it is necessary in order to comply with Victoria's obligations to reduce or limit consumption under the Murray Darling Basin Agreement.

6.3 Whenever the Minister makes a determination under Sub-clause 6.2, the amount so determined is deemed to be substituted for the amount specified in Sub-clause 6.1, by force of this Order.

7. Share of Flow

7.1 The Authority may take a share of flow:

(a) at the diversion tunnel offtake of up to 5.9 ML/d, except for any amount of water under transfer pursuant to Sub-clause 7.3; or

(b) in Waterway A passing specified point A, calculated as follows:

(i) when $F_A \leq 5.9$ ML/day,

$E_A = F_A$, and

(ii) when $F_A > 5.9$ ML/day,

$E_A = 5.9$ ML/day,

where—

" E_A " means the Authority's entitlement from Waterway A; and

" F_A " means the flow past the specified point A less any amount of water under transfer pursuant to Sub-clause 7.3.

7.2 In emergency situations, the Authority may take a share of the flow in Waterway B passing specified point B, calculated as follows:

(i) when $F_B \leq 1.0$ ML/day,

$E_B = F_B$, and

(ii) when $F_B > 1.0$ ML/day,

$E_B = 1.0$ ML/day,

where—

" E_B " means the Authority's entitlement from Waterway B; and

" F_B " means the flow past the specified point B less any amount of water under transfer pursuant to Sub-clause 7.3.

7.3 The Authority is not entitled to any flow past specified point A or specified point B or at the diversion tunnel offtake, as part of its bulk entitlement, which is being transferred by the holder of—

(a) any other bulk entitlement or licence held by another person; or

(b) any licence—

to a transferee pursuant to the Act.

8. Making Allowances

8.1 In calculating water available to the Authority under this bulk entitlement at any point downstream of the specified points, allowance must be made for—

(a) any losses of water incurred between that point and the relevant specified point; and

(b) the time taken by the flow to reach that point from the relevant specified point.

8.2 If the Authority proposes to take water under this entitlement from a point downstream of the specified points, it must first—

(a) propose to the Minister—

(i) fair, reasonable and representative means for calculating the allowances required by Sub-clause 8.1; and

- (ii) details of the proposed point and amount of extraction; and
 - (b) ascertain and provide to the Minister any operational requirements of the Resource Manager; and
 - (c) satisfy the Minister that the proposal will have no impact on any other bulk entitlement or licence held by another person.
- 8.3 The Minister may—
 - (a) approve a proposal made under Sub-clause 8.2; or
 - (b) require the Authority to amend the proposal; and
 - (c) require the Authority—
 - (i) to review all or part of any proposal approved by the Minister if, in the Minister's opinion, it is, at any time, no longer fair, reasonable or representative; and
 - (ii) to make an amended proposal to the Minister.
- 8.4 Authority must—
 - (a) advise the Resource Manager in writing within 14 days of any proposal approved by the Minister under Sub-clause 8.3; and
 - (b) provide the Resource Manager with such other information concerning the proposed diversion as the Resource Manager may, from time to time, require.
- 9. Environmental Obligations
- 9.1 The Authority must propose to the Minister, within 12 months of the date of this Order, a program to manage the environmental effects of the Authority's works to take water under this bulk entitlement which includes—
 - (a) impacts on the bed and banks of Waterway A and Waterway B in the vicinity of the Authority's works; and
 - (b) operational practices to remove silt from works; and
 - (c) operational practices to manage the water quality in works on Waterway A and Waterway B.
- 9.2 The Minister may—
 - (a) approve the program proposed under Sub-clause 9.1; or
 - (b) require the Authority to amend the proposed program; and
 - (c) require the Authority—
 - (i) to review the program approved by the Minister if, in the Minister's opinion, it is, at any time, no longer appropriate; and
 - (ii) to propose an amended program to the Minister.
- 9.3 The Authority, must at its cost—
 - (a) implement the approved program; and
 - (b) keep a record of all work undertaken under Paragraph (a).
- 10. Metering Program
- 10.1 The Authority, must propose to the Minister, within 12 months of the date of this Order, a metering program to determine the amount of water taken by the Authority under this bulk entitlement for the purpose of—
 - (a) assessing whether or not the Authority complies with this bulk entitlement; and
 - (b) determining how much water has been taken by the Authority under its annual entitlement from the diversion tunnel to calculate water supply costs.

10.2 The Minister may—

- (a) approve the program proposed under Sub-clause 10.1; or
- (b) require the Authority to amend the proposed program; and
- (c) require the Authority—
 - (i) to review the program approved by the Minister if, in the Minister's opinion, it is, at any time, no longer appropriate; and
 - (ii) to propose an amended program to the Minister.

10.3 The Authority, must at its cost, and in accordance with any guidelines issued from time to time by the Minister—

- (a) implement and maintain the approved metering program; and
- (b) maintain metering equipment and associated measurement structures in good condition, ensure that metering equipment is periodically re-calibrated and, if rating curves are used to calculate flows, ensure that these curves are regularly checked and, if necessary, revised; and
- (c) keep a record of all work undertaken under Paragraph (b).

10.4 If the Kiewa-Entitlement Holder so requests in writing, the Authority must have the accuracy of metering equipment installed under Sub-clause 10.3 tested. If the equipment is—

- (a) found to be accurate, or inaccurate by no more than 5%, the Kiewa-Entitlement Holder must pay the cost of testing it; or
- (b) found to be accurate, or inaccurate by more than 5%, the Authority must pay the cost of testing it.

10.5 Equipment must be tested in accordance with the relevant Australian Standards by a person or authority accredited for that purpose.

11. Reporting Requirements

11.1 The Authority may be required to report on all or any of the following matters, as provided in this clause:

- (a) the daily amount of water taken by the Authority from the diversion tunnel;
- (b) the daily amount of water taken by the Authority from Waterway A at the Kiewa pump;
- (c) the daily amount of water taken by the Authority from Waterway B;
- (d) the seasonal and annual amount of water taken under this entitlement from the diversion tunnel;
- (e) the seasonal and annual amount of water taken under this entitlement from Waterway A at the Kiewa pump;
- (f) the seasonal and annual amount of water taken under this entitlement from Waterway B;
- (g) the approval, amendment and implementation of programs and proposals under Clauses 8, 9 and 10;
- (h) any temporary or permanent transfer of all or part of this bulk entitlement;
- (i) any bulk entitlement or licence in respect of Waterway A or Waterway B temporarily or permanently transferred to the Authority with respect to the Mount Beauty-Tawonga Water Supply System;
- (j) any amendment to this bulk entitlement;
- (k) any new bulk entitlement granted to the Authority with respect to the Mount Beauty-Tawonga Water Supply System;

- (l) any failure by the Authority to comply with any provision of this bulk entitlement;
 - (m) any difficulties experienced or anticipated by the Authority in complying with this bulk entitlement and any remedial action taken or proposed.
- 11.2 The Minister may require the Authority to report on all or any of the matters set out in Sub-clause 11.1—
- (a) in writing, or in such electronic form as may be agreed between the Authority and the Minister; and
 - (b) within 14 days of receiving the Minister's written request.
- 11.3 The Authority must, for the period of the preceding year, report in its Annual Report on each of the matters set out in Sub-clause 11.1, except —
- (a) Paragraphs (a) to (c) of Sub-clause 11.1; and
 - (b) with the approval of the Minister, any particular failure referred to in Paragraph (l) of Sub-clause 11.1.
- 11.4 The Resource Manager may require the Authority to report to it, from time to time, on all or any of the matters set out in Sub-clause 11.1.
- 11.5 Any report under Sub-clause 11.1 must be made—
- (a) in such form as may be agreed between the Authority and the Resource Manager; and
 - (b) unless the Authority and the Resource Manager agree otherwise—
 - (i) within 24 hours of the Authority receiving a request for a report on any matter set out in Paragraphs (a) to (c) of Sub-clause 11.1; or
 - (ii) within 14 days of the Authority receiving a request for a report on any matter set out in Paragraphs (d) to (m) of Sub-clause 11.1.
12. Water Supply Costs
- 12.1 The Authority must pay the Kiewa Entitlement Holder a season charge for the supply of water from the diversion tunnel, calculated as follows:
- $S = A_{SV} \times T_{VD}$
- S = Season charge in dollars
- A_{SV} = Average season value of water based on lost generation revenue from the West Kiewa Power Station, in dollars per megalitre.
- T_{VD} = Total volume of water diverted from the diversion tunnel during the season, in megalitres.
13. Water Accounting
- 13.1 For the purpose of—
- (a) determining how much water has been taken by the Authority under its annual entitlement from the diversion tunnel; and
 - (b) calculating the season charge under Clause 12;
- the amounts measured under Clause 10.1 are conclusive.
- 13.2 If the equipment referred to in Sub-clause 10.3 fails for any reason to operate accurately or correctly for any period, the amounts for the purpose of Sub-clause 13.1 are—
- (a) as estimated to the reasonable satisfaction of the Authority and the Kiewa Entitlement Holder; or
 - (b) if the Authority and the Kiewa Entitlement Holder can not agree on the amounts they are deemed to be the same as the average amount taken by the Authority under its annual entitlement for the same period for the preceding three years.

14. Water Resource Management Costs

14.1 Subject to Sub-clause 15.1, the Authority must pay the Resource Manager a fair and reasonable proportion of the costs incurred by the Resource Manager to—

- (a) prepare the Kiewa Basin Water Accounts; and
- (b) monitor whether entitlement holders in the Kiewa Basin comply with the conditions of their bulk entitlements; and
- (c) direct the release of any water set aside for maintaining water quality in the Kiewa Basin; and
- (d) investigate and mediate disputes between entitlement holders in the Kiewa Basin; and
- (e) investigate and deal with significant unauthorised uses of water in the Kiewa Basin; and
- (f) supervise the qualification of any rights to water made by the Minister during periods of declared water shortage under Section 13 of the Act.

14.2 The proportion of the costs referred to in Sub-clause 14.1 is to be determined by the Resource Manager under Sub-clause 15.3.

15. Duty to Keep Accounts and Fix Proportions

15.1 The Authority is not obliged to make any payment to:

- (a) the Kiewa-Entitlement Holder, under Clause 12; or
- (b) the Resource Manager, under Clause 14—

unless the person to whom payment is to be made chooses to comply with the provisions of this clause relevant to those payments.

15.2 Separate accounts of all costs and payments must be kept:

- (a) by the Resource Manager in respect to Clause 14; and
- (b) by the Kiewa-Entitlement Holder in respect to Clause 12—

15.3 The Resource Manager must, by 1 July in any year, determine for the Authority, in respect of the ensuing year, a fair and reasonable proportion of the costs referred to in Sub-clause 14.1.

15.4 Accounts required to be kept under this clause must be made available for inspection by the Authority upon request.

16. Duty to Make Payments

Any amount payable by the Authority—

- (a) under Clause 12 must be paid at the end of each season; and
- (b) under Clause 14 must be paid—

in arrears, within 28 days of the Authority receiving an invoice, unless the Authority and the person to whom the amount is payable agree otherwise.

17. Data

17.1 Subject to Clause 10.3, the Minister will use the Minister's best endeavours to ensure that all hydrological and other data required by the Authority to comply with this bulk entitlement are made available to the Authority.

17.2 The Authority must make available data collected for the purpose of the metering program and reporting under Clauses 10 and 11 to any person, subject to the person paying any fair and reasonable access fee imposed by the Authority, to cover the costs of making the data available.

18. Dispute Resolution

18.1 If any difference or dispute arises between the Authority, the Kiewa Entitlement Holder, the Minister and, with its consent, the Resource Manager, or any of them (the "parties") concerning the interpretation or application of this Order, which is not resolved within 14 days of it arising, any party may give written notice to the others requiring the matter to be determined by an independent expert, if it is not otherwise resolved, within 14 days of that notice.

18.2 The independent expert will be either—

- (a) a person agreed on by the parties to the difference or dispute; or
- (b) if those parties cannot agree, a person nominated by the Minister.

18.3 The independent expert must reach a conclusion on the matter within 30 days of it being referred, but has power to extend the period for reaching a conclusion on the matter by a further 30 days.

18.4 The independent expert must send a copy of the conclusion and its supporting reasons to each party to the difference or dispute.

18.5 (a) In any difference or dispute to which the Minister is a party, the independent expert must express the conclusion as a recommendation.

- (b) The Minister must consider any recommendation made under Paragraph (a) before deciding to give a direction under Section 307 or to take any other action under the Act in relation to the difference or dispute.

18.6 In any difference or dispute to which the Minister is not a party, any conclusion by an independent expert is final and binding on the parties.

18.7 The apportionment of the costs of and incidental to every reference, including the costs of the independent expert, shall be at the discretion of the independent expert.

Note: An explanatory note that accompanies this Order is available from the Department of Natural Resources and Environment.

Dated 1 July 1997

PATRICK JOHN McNAMARA
Minister administering the **Water Act 1989**

Water Act 1989
BULK ENTITLEMENT (RUBICON-SOUTHERN HYDRO LTD)
CONVERSION ORDER 1997

I, Patrick John McNamara, Minister administering the **Water Act 1989**, make the following Order:

1. Citation

This Order may be cited as the Bulk Entitlement (Rubicon-Southern Hydro Ltd) Conversion Order 1997.

2. Empowering Provisions

This Order is made under Sections 43 and 47 of the **Water Act 1989**.

3. Commencement

This Order comes into operation on the day on which it is published in the Government Gazette.

4. Definitions

In this Order—

"Act" means the **Water Act 1989**;

"AHD" means Australian Height Datum;

"*Authority*" means Southern Hydro Limited (A.C.N. 065 325 091) (a generation company within the meaning of the *Electricity Industry Act 1993*);

"*entitlement holder*" means a person holding a bulk entitlement under the Act;

"*Goulburn Basin Water Accounts*" means an annual report, required by the Minister, on compliance by entitlement holders and licensees, respectively, in the Goulburn Basin, with the terms of their bulk entitlements or licences;

"*licence*" means any licence granted under Part 4 of the Act;

"*Minister*", in relation to any provision, includes any person authorised by the Minister to act on the Minister's behalf in relation to that provision, or to whom the Minister has delegated the relevant power, discretion, function, authority or duty under Section 306 of the Act;

"*passing flow*" means the flow in the Rubicon River immediately downstream of the discharge point from the Lower Rubicon Power Station;

"*Pondage*" means a natural or artificial pond of water;

"*power station*" means the works associated with converting the energy of flowing (flow) and falling water (head) into electricity;

"*raceline*" means an open channel or pipeline or combination of both for conveying water;

"*Resource Manager*" means any person appointed by the Minister to do all or any of the following—

- (a) prepare the Goulburn Basin Water Accounts; and
- (b) monitor whether entitlement holders in the Goulburn Basin comply with the conditions of their bulk entitlements; and
- (c) investigate and mediate disputes between entitlement holders in the Goulburn Basin; and
- (d) investigate and deal with significant unauthorised uses of water in the Goulburn Basin; and
- (e) supervise the qualification of any rights to water made by the Minister during periods of declared water shortage under Section 13 of the Act;

"*system*" means the Rubicon, Royston and Rubicon Falls reservoirs, the Upper Rubicon, Royston, Main Rubicon and Lower Rubicon Racelines, the diversion weirs on Lubra Creek North, Lubra Creek South, Beech Creek, Royston River, and Rubicon River, the water pipelines through the Royston, Rubicon, Rubicon Falls and Lower Rubicon Power Stations from which the water is returned to the waterway;

"*waterway*" means the Rubicon and the Royston Rivers and all tributaries upstream of the discharge point from the Lower Rubicon Power Station into the Rubicon River;

"*year*" means the 12 months next following 1 July.

5. Conversion to Bulk Entitlement

All of the Authority's entitlement to divert water into the system is converted to a bulk entitlement on the conditions set out in this Order.

6. Bulk Entitlement

- 6.1 Subject to the flow sharing arrangements of Clause 8 and the passing flow arrangements specified in Clause 9, the Authority may divert all of the flows from the waterway into the system, provided that all water, except as nominated in Schedule 3 or those quantities taken under Clause 10, is returned to the waterway.
- 6.2 This entitlement cannot be transferred for use at any other location, except for the water nominated in Schedule 3.

7. Share of Storage Capacity

The Authority, and no other person, is entitled to store water in—

- (a) Rubicon Reservoir, up to 17.9 ML at a full supply level of 851.43 metres AHD; and

- (b) Royston Reservoir, up to 26.3 ML at a full supply level of 920.84 metres AHD; and
- (c) Rubicon Falls Reservoir, up to 12.2 ML at a full supply level of 610.14 metres AHD.

8. Share of Flow

8.1 The Authority may:

- (a) divert all inflows to—
 - (i) Lubra Creek North Weir;
 - (ii) Lubra Creek South Weir; and
 - (iii) Beech Creek Weir;at a combined rate not exceeding 1.3 ML per hour; and
- (b) divert all inflows along—
 - (i) Upper Rubicon Raceline;
 - (ii) Royston Raceline;
 - (iii) Main Rubicon Raceline; and
 - (iv) Lower Rubicon Raceline—at rates not exceeding the available capacity of the respective raceline; and
- (c) divert all inflow to the Silt Trap offtake on the Rubicon River at a rate not exceeding 5.5 ML per hour; and
- (d) divert all inflow to the Lower Royston Weir at a rate not exceeding the capacity of the works at the date of this Order when :
 - (i) the passing flow specified in Sub-clause 9.1(a) is satisfied; and
 - (ii) the inflow to Royston Reservoir exceeds 0.625 ML per hour.

8.2 The Authority may impound all inflow to:

- (a) Rubicon Reservoir when it is below full supply level;
- (b) Royston Reservoir when it is below full supply level; and
- (c) Rubicon Falls Reservoir when it is below full supply level.

8.3 The Authority may divert inflows to or release water from:

- (a) Rubicon Reservoir into Upper Rubicon Raceline at a rate not exceeding 4.9 ML per hour; and
- (b) Rubicon Falls Reservoir into Rubicon Falls Power Station at a rate not exceeding 1.5 ML per hour; and
- (c) Royston Reservoir into Royston Raceline at a rate not exceeding 5.7 ML per hour.

9. Passing Flow

9.1 The Authority must provide, to its best endeavours, sufficient flow through the system to maintain a minimum passing flow in the Rubicon River immediately downstream of the discharge point from the Lower Rubicon Power Station, equivalent to the lesser of :

- (a) 3.5 ML per hour; and
- (b) the natural inflow to the waterway.

9.2 For the purpose of Sub-clause 9.1, and subject to Sub-clause 9.3, the natural inflow to the waterway is to be calculated as specified in Schedule 2.

9.3 When planned maintenance works are undertaken and it is not practical to maintain the passing flow specified in Sub-clause 9.1, or it is otherwise not possible to maintain the passing flow specified in Sub-clause 9.1, the Authority must—

- (a) ensure that both the duration and the magnitude of the reduction in flow rates are minimised; and
- (b) ensure that there are no diversions from the Lower Royston weir; and

- (c) report on the shortfalls in the provision of the passing flow and any consequent adverse environmental impact to the Department of Natural Resources and Environment within 28 days.

9.4 When inflows into the Royston Reservoir fall below 0.625 ML/hour, the Authority is not permitted to divert water at the Lower Royston Weir.

10. Supply of Water for Emergency Purposes

The Authority may use water from the system in various quantities to provide emergency supplies.

11. Environmental Obligations

11.1 The Authority must propose to the Minister, within 12 months of the date of this Order, a program to manage the environmental effects of the Authority's works that allow water to be taken into the system or returned to the waterway, including—

- (a) the effects on the bed and banks of the waterway in the vicinity of the Authority's works; and
- (b) operational practices to remove silt from works; and
- (c) operational practices to manage the water quality in works on the waterway; and
- (d) operational rules to control releases from works to the waterway; and
- (e) operational rules to manage flood flows through works on the waterway.

11.2 The Minister may—

- (a) approve the program proposed under Sub-clause 11.1; or
- (b) require the Authority to amend the proposed program; and
- (c) require the Authority—
 - (i) to review the program approved by the Minister if, in the Minister's opinion, it is, at any time, no longer appropriate; and
 - (ii) to propose an amended program to the Minister.

11.3 The Authority must at its cost—

- (a) implement the approved program; and
- (b) keep a record of—
 - (i) all work undertaken under Paragraph (a); and
 - (ii) separate accounts of all costs and payments for this work.

12. Metering Program

12.1 The Authority must propose to the Minister within 12 months of the date of this Order a metering program to demonstrate compliance with this bulk entitlement with respect to—

- (a) the flow into each of the reservoirs in the system; and
- (b) the volumes in storage in each reservoir in the system; and
- (c) the flows passing through each power station in the system; and
- (d) the actual passing flow; and
- (e) the amounts of water taken from the system and not returned to the waterway.

12.2 The Minister may—

- (a) approve the program proposed under Sub-clause 12.1; or
- (b) require the Authority to amend the proposed program; and

- (c) require the Authority to—
 - (i) review the program approved by the Minister if, in the Minister's opinion, it is, at any time, no longer appropriate; and
 - (ii) propose an amended program to the Minister.
- 12.3 The Authority must, at its cost, and in accordance with any guidelines issued from time to time by the Minister—
 - (a) implement and maintain the approved metering program and implement any request by the Minister to upgrade the metering equipment or install new metering equipment; and
 - (b) maintain metering equipment and associated measurement structures in good condition, ensure that metering equipment is periodically re-calibrated and, if rating curves are used to calculate flows, ensure that these curves are regularly checked and, if necessary, revised; and
 - (c) keep a record of all work undertaken under Paragraphs (a) and (b).
- 13. Reporting Requirements
- 13.1 The Minister may require the Authority to report on all or any of the following matters, as provided in this clause:
 - (a) the hourly amount of water going through any one or more of the four power stations in the system;
 - (b) the hourly amount of water returned to the waterway from the system;
 - (c) the amount of water in each or any of the Authority's reservoirs in the system;
 - (d) the actual passing flow and the estimated natural inflow to the waterway when the actual passing flow is less than the amount specified in Sub-clause 9.1 (a);
 - (e) the annual amount of water passing through each of the four power stations;
 - (f) the number of occasions where planned maintenance works or other causes resulted in flows less than the flow specified in Sub-clause 9.1, with details of the duration and flows for each occasion;
 - (g) The number of occasions when water is taken under Clause 10 and an estimate of the amount of water taken in each instance;
 - (h) the work undertaken as part of the metering program under Sub-clause 12.3;
 - (i) any bulk entitlement or licence in respect of the system temporarily or permanently transferred to the Authority;
 - (j) any amendment to this bulk entitlement;
 - (k) any failure by the Authority to comply with any provision of this bulk entitlement; and
 - (l) any difficulties experienced or anticipated by the Authority in complying with this bulk entitlement and any remedial action taken or proposed.
- 13.2 The Minister may require the Authority to report on all or any of the matters set out in Sub-clause 13.1—
 - (a) in writing or in such electronic form as may be agreed between the Authority and the Minister; and
 - (b) within 14 days of receiving the Minister's written request or such longer period as the Minister may determine.
- 13.3 The Authority must, for the period of the preceding year, report, by 1 August in any year, to the Minister on each of the matters set out in Sub-clause 13.1, except Paragraphs (a), (b), (c) and (d) of Sub-clause 13.1;

13.4 The Resource Manager may require the Authority to report from time to time, on all or any of the matters set out in Paragraphs (a) to (l) of Sub-clause 13.1.

13.5 Any report under Sub-clause 13.4 must be made—

- (a) in such form as may be agreed between the Authority and the person to whom the report is made; and
- (b) unless the Authority and that person agree otherwise—
 - (i) within 24 hours of the Authority receiving a request for a report on any matter set out in Paragraph (a), (b), (c) and (d) of Sub-clause 13.1; or
 - (ii) within 14 days of the Authority receiving a request for a report on any matter set out in Paragraph (e) to (k) of Sub-clause 13.1.

14. Water Resource Management Costs

14.1 Subject to Sub-clause 15.1, the Authority must pay the Resource Manager a fair and reasonable proportion of the costs incurred by the Resource Manager to—

- (a) prepare the Goulburn Basin Water Accounts; and
- (b) monitor whether entitlement holders in its portion of the Goulburn Basin comply with the conditions of their bulk entitlements; and
- (c) investigate and mediate disputes between entitlement holders in its portion of the Goulburn Basin; and
- (d) investigate and deal with significant unauthorised uses of water in its portion of the Goulburn Basin; and
- (e) supervise the qualification of any rights to water made by the Minister during periods of declared water shortage under Section 13 of the Act.

14.2 The proportion of the costs referred to in Sub-clause 14.1 will be as determined under Sub-clause 15.3.

15. Duty to Keep Accounts and Fix Proportions

15.1 The Authority is not obliged to make any payment to the Resource Manager under Clause 14, unless the Resource Manager chooses to comply with the provisions of this clause relevant to that payment.

15.2 The Resource Manager must keep separate accounts of all costs and payments referred to in Sub-clause 14.1.

15.3 The Resource Manager must, by 1 July in any year, determine for the Authority in respect of the ensuing year, a fair and reasonable proportion of the costs referred to in Sub-clause 14.1.

15.4 Accounts required to be kept under this clause must be made available for inspection by the Authority on request.

16. Duty to Make Payments

Any amount payable by the Authority under Clause 14 must be paid in arrears, within 28 days of the Authority receiving an invoice, unless the Authority and the person to whom the amount payable agrees otherwise.

17. Data

17.1 Subject to Sub-clause 12.3, the Minister will use the Minister's best endeavours to ensure that all hydrological and other data required by the Authority to comply with this bulk entitlement are made available to the Authority.

17.2 The Authority must make available data collected for the purpose of the metering program and reporting under Sub-clauses 12.1 and 13.1 to any person, subject to the person paying any fair and reasonable access fee imposed by the Authority, to cover the costs of making the data available.

18. Dispute Resolution

18.1 If any difference or dispute arises between the Authority, the Minister and, with their consent, the Resource Manager or any of them (the "parties") concerning the interpretation of application of this Order, is not resolved within 14 days of it arising, any party may give written notice to the others requiring the matter to be determined by an independent expert, if it is not otherwise resolved, within 14 days of that notice.

18.2 The independent expert will be either—

- (a) a person agreed on by the parties to the difference or dispute; or
- (b) if those parties cannot agree, a person nominated by the President of the Institute of Arbitrators Australia.

18.3 The independent expert must reach a conclusion on the matter within 30 days of it being referred, but has power to extend the period for determining the matter by a further 30 days.

18.4 The independent expert must send a copy of the conclusion and its supporting reasons to each party to the difference or dispute.

18.5 (a) In any difference or dispute to which the Minister is a party, the independent expert must express the conclusion as a recommendation.

- (b) The Minister must consider any recommendation made under Paragraph (a) before deciding to give a direction under Section 307 or to take any other action under the Act in relation to the difference or dispute.

18.6 In any difference or dispute to which the Minister is not a party, any conclusion by an independent expert is final and binding on the parties.

18.7 The apportionment of costs of and incidental to every reference, including the costs of the independent expert, shall be at the discretion of the independent expert.

Note: An Explanatory note that accompanies this Order is available from the Department of Natural Resources and Environment.

SCHEDULE 1
DESCRIPTION OF WORKS

1. Racelines

Upper Rubicon Raceline

3,433 metres of open channel with syphons at Beech Creek and Lubra Creek. The raceline extends from the Rubicon Reservoir at 841.92 metres AHD to the Royston Power Station at 825.65 metres AHD. The channel conveys water from the Rubicon Reservoir, Beech Creek diversion weir and Lubra Creek North and South diversion weirs to the Main Rubicon Raceline. The channel has a maximum carrying capacity of 4.9 ML per hour.

Royston Raceline

2,063 metres of open channel extending from the Royston Reservoir at 915.22 metres AHD to the Royston Forebay at 907.70 metres AHD. The channel conveys water from the Royston Reservoir to a pipeline feeding the Royston Power Station. The channel has a maximum carrying capacity of 5.7 ML per hour.

Main Rubicon Raceline

5,344 metres of open channel extending from the Royston Power Station at 825.65 metres AHD to the Rubicon Forebay at 814.01 metres AHD. The channel conveys water from the Royston Power Station and the Upper Rubicon Raceline to a pipeline feeding the Rubicon Power Station.

Lower Rubicon Raceline

3,144 metres of open channel extending from the Rubicon Power Station at 368.08 metres AHD to the Lower Rubicon Forebay at 361.24 metres AHD. The channel conveys water from the Rubicon Power Station to a pipeline feeding the Lower Rubicon Power Station. The channel has maximum carrying capacity of 15.3 ML per hour.

2. Reservoirs

Royston Reservoir

Royston Reservoir has a storage capacity of 26.3 ML at a full supply level of 920.84 metres AHD. Water can be diverted from the reservoir to the Royston Raceline and Power Station at up to 5.7 ML/hour.

Rubicon Reservoir

Rubicon Reservoir has a storage capacity of 17.9 ML at a full supply level of 851.43 metres AHD. Water can be diverted from the reservoir to the Upper Rubicon Raceline at up to 4.9 ML/hour.

Rubicon Falls Reservoir

Rubicon Falls Reservoir has a storage capacity of 12.2 ML at a full supply level of 610.14 metres AHD. Water can be diverted from the reservoir to the Rubicon Falls Power Station at up to 1.5 ML/hour.

3. Power Stations

The four power stations in the system are known as the Royston, the Rubicon, the Rubicon Falls and the Lower Rubicon Power Stations.

Royston Power Station

The Royston Power Station is supplied with water from the Royston Raceline. Tail water joins with water from the Upper Rubicon Raceline as it enters the Main Rubicon Raceline.

Rubicon Power Station

The Rubicon Power Station is supplied with water from the Main Rubicon Raceline. Tail water passes through to the Lower Rubicon Raceline.

Rubicon Falls Power Station

The Rubicon Falls Power Station is supplied with water from the Rubicon Falls Reservoir. Tail water returns to the Rubicon River.

Lower Rubicon Power Station

The Lower Rubicon Power Station is supplied with water from the Lower Rubicon Raceline. Tail water returns to the Rubicon River at the lowest point in the system.

SCHEDULE 2

CALCULATION OF NATURAL INFLOWS

Subject to the circumstances set out in Clause 9, the natural inflows to the waterway will be calculated by scaling up the measured inflows to Rubicon and Royston reservoirs, in proportion to the respective catchment areas.

This is calculated using the following formula

$$Q_0 = ax[bxQ_1 + cxQ_2]$$

where

Q_0 is the estimated flow in the Rubicon River downstream of the Lower Rubicon Power Station

Q_1 is the measured inflow to Rubicon Reservoir

Q_2 is the measured inflow to Royston Reservoir

and

a, b and c are constants (with values 1.128, 2.790 and 1.305 respectively), being

- (a) the ratio of the total catchment area upstream of the Lower Rubicon Power Station; to the total catchment area upstream of the confluence of the Rubicon and Royston rivers,

- (b) the ratio of the catchment area of the Rubicon River upstream of its confluence with the Royston River; to the catchment area upstream of the Rubicon dam,
- (c) the ratio of the catchment area of the Royston River upstream of its confluence with the Rubicon River; to the catchment area upstream of the Royston Reservoir.

Note: Q1 and Q2 are calculated by observing the change in pondage volume (as determined by a rating curve of volume versus level) over time, and adjusting for diverted outflow from the pondage (as determined by a rating curve of flow versus depth) and for spill (as determined by a rating curve of flow versus height).

SCHEDULE 3

SUMMARY OF CONSUMPTIVE USE FROM RUBICON SYSTEM

<i>Supply point from System</i>	<i>Estimated annual amount</i>	<i>Purpose / Details</i>
Lower Rubicon Raceline	20 ML	Rubicon Village, including 15 residences, School Camp, workshop and electricity substation
Lower Rubicon Raceline	5 ML	Seven (7) rural properties
Lower Rubicon Raceline	5 ML	Camp Jungai
Royston Raceline	0.5 ML	Directorate of School Education's timber residence and the Authority's domestic supply
Power stations	1.0 ML	Domestic supply
Reservoirs and open channels	not quantified	Evaporative and seepage losses

PATRICK JOHN McNAMARA
Minister administering the **Water Act 1989**

Water Act 1989

BULK ENTITLEMENT (BOGONG VILLAGE) CONVERSION ORDER 1997

I, Patrick John McNamara, as Minister administering the **Water Act 1989**, make the following Order—

1. Citation

This Order may be cited as the Bulk Entitlement (Bogong Village) Conversion Order 1997.

2. Empowering Provisions

This Order is made under Sections 43 and 47 of the **Water Act 1989**.

3. Commencement

This Order comes into operation on the day it is published in the Government Gazette.

4. Definitions

In this Order—

"*Act*" means the **Water Act 1989**;

"*annual entitlement*" means the total amount of water which the Authority may take from waterway A and waterway B in any year for consumptive use;

"*Authority*" means the Southern Hydro Limited (A.C.N. 065 325 091) (a generation company within the meaning of the **Electricity Industry Act 1993**);

"entitlement holder" means a person holding a bulk entitlement under the Act;

"licence" means any licence granted under Part 4 of the Act;

"Minister", in relation to any provision, includes any person authorised by the Minister to act on the Minister's behalf in relation to that provision, or to whom the Minister has delegated the relevant power, discretion, function, authority or duty under Section 306 of the Act;

"Kiewa Basin Water Accounts" means an annual report, required by the Minister, on compliance by entitlement holders and licensees, respectively, in the Kiewa Basin, with the terms of their bulk entitlements or licences;

"Resource Manager" means any person appointed by the Minister to do all or any of the following—

- (a) prepare the Kiewa Basin Water Accounts; and
- (b) monitor whether entitlement holders in the Kiewa Basin comply with the conditions of their bulk entitlements; and
- (c) direct the release of any water set aside for maintaining water quality in the Kiewa Basin; and
- (d) investigate and mediate disputes between entitlement holders in the Kiewa Basin; and
- (e) investigate and deal with significant unauthorised uses of water in the Kiewa Basin; and
- (f) supervise the qualification of any rights to water made by the Minister during periods of declared water shortage under Section 13 of the Act;

"specified point A" means immediately upstream of the diversion weir located on the waterway A and operated by the Authority;

"specified point B" means immediately upstream of the diversion weir located on the waterway B and operated by the Authority;

"waterway A" means the Staff Camp Creek;

"waterway B" means the Bald Hill Creek (also known as Ferny Creek);

"year" means the 12 months next following 1 July.

5. Conversion to a Bulk Entitlement

All of the Authority's entitlement to take water from waterway A and waterway B to supply water to the Bogong Village Water Supply System is converted to a bulk entitlement on the conditions set out in this Order.

6. Bulk Entitlement

The Authority may take up to a total of 50 ML of water for consumptive use from waterway A and waterway B in any year, subject to the flow sharing arrangements specified in Clause 7.

7. Share of Flow

7.1 The Authority may take a share of the flow in waterway A passing specified point A, calculated as follows:

- (a) when $F_A \leq 2 \text{ ML/day}$,
 $E_A = F_A$, and
- (b) when $F_A > 2 \text{ ML/day}$,
 $E_A = 2 \text{ ML/day}$,

where—

" E_A " means the Authority's entitlement from waterway A; and

" F_A " means the flow past the specified point A, less any water being transferred pursuant to Sub-clause 7.3.

7.2 The Authority may take a share of the flow in waterway B passing specified point B, calculated as follows:

(a) when $F_B \leq 2$ ML/day,

$E_B = F_B$, and

(b) when $F_B > 2$ ML/day,

$E_B = 2$ ML/day,

where—

" E_B " means the Authority's entitlement from waterway B; and

" F_B " means the flow past the specified point B, less any water being transferred pursuant to Sub-clause 7.3.

7.3 The Authority is not entitled to any flow past specified point A or specified point B, as part of its bulk entitlement, which is being transferred by the holder of—

(a) any other bulk entitlement or licence held by another person; or

(b) any licence—

to a transferee pursuant to the Act.

8. Making Allowances

8.1 In calculating water available to the Authority under this bulk entitlement at any point downstream of the specified points, allowance must be made for—

(a) any losses of water incurred between that point and the relevant specified point; and

(b) the time taken by the flow to reach that point from the relevant specified point.

8.2 If the Authority proposes to take water under this entitlement from a point other than a specified point, it must first—

(a) propose to the Minister—

(i) fair, reasonable and representative means for calculating the allowances required by Sub-clause 8.1; and

(ii) details of the proposed location and amount of the extraction; and

(b) ascertain and provide to the Minister any operational requirements of the Resource Manager; and

(c) satisfy the Minister that the proposal will have no impact on any other bulk entitlement or licence held by another person.

8.3 The Minister may—

(a) approve a proposal made under Sub-clause 8.2; or

(b) require the Authority to amend the proposal; and

(c) require the Authority—

(i) to review all or part of any proposal approved by the Minister if, in the Minister's opinion, it is, at any time, no longer fair, reasonable or representative; and

(ii) to make an amended proposal to the Minister.

8.4 The Authority must—

(a) advise the Resource Manager in writing within 14 days of any proposal approved by the Minister under Sub-clause 8.3; and

(b) provide the Resource Manager with such other information concerning the proposed diversion as the Resource Manager may, from time to time, require.

9. Environmental Obligations

9.1 The Authority must propose to the Minister, within 12 months of the date of this Order, a program to manage the environmental effects of the Authority's works to take water under this bulk entitlement which includes—

- (a) impacts on the bed and banks of waterway A and waterway B in the vicinity of the Authority's works; and
- (b) operational practices to remove silt from works; and
- (c) operational practices to manage the water quality in works on waterway A and waterway B.

9.2 The Minister may—

- (a) approve the program proposed under Sub-clause 9.1; or
- (b) require the Authority to amend the proposed program; and
- (c) require the Authority—
 - (i) to review the program approved by the Minister if, in the Minister's opinion, it is, at any time, no longer appropriate; and
 - (ii) to propose an amended program to the Minister.

9.3 The Authority, must at its cost—

- (a) implement the approved program; and
- (b) keep a record of all work undertaken under Paragraph (a).

10. Metering Program

10.1 The Authority, must propose to the Minister, within 12 months of the date of this Order, a metering program to determine the amount of water taken by the Authority under this bulk entitlement for the purpose of assessing whether or not the Authority complies with this bulk entitlement.

10.2 The Minister may—

- (a) approve the program proposed under Sub-clause 10.1; or
- (b) require the Authority to amend the proposed program; and
- (c) require the Authority—
 - (i) to review the program approved by the Minister if, in the Minister's opinion, it is, at any time, no longer appropriate; and
 - (ii) to propose an amended program to the Minister.

10.3 The Authority, must at its cost, and in accordance with any guidelines issued from time to time by the Minister—

- (a) implement and maintain the approved metering program; and
- (b) maintain metering equipment and associated measurement structures in good condition, ensure that metering equipment is periodically re-calibrated and, if rating curves are used to calculate flows, ensure that these curves are regularly checked and, if necessary, revised; and
- (c) keep a record of all work undertaken under Paragraph (b).

11. Reporting Requirements

11.1 The Authority may be required to report on all or any of the following matters, as provided in this clause:

- (a) the daily amount of water taken by the Authority for consumptive use from waterway A and waterway B;

- (b) the approval, amendment and implementation of programs and proposals under Clauses 8, 9 and 10;
 - (c) the annual amount of water taken under this entitlement for consumptive use;
 - (d) any temporary or permanent transfer of all or part of this bulk entitlement;
 - (e) any bulk entitlement or licence in respect of waterway A or waterway B temporarily or permanently transferred to the Authority with respect to the Bogong Village Water Supply System;
 - (f) any amendment to this bulk entitlement;
 - (g) any new bulk entitlement granted to the Authority with respect to the Bogong Village Water Supply System;
 - (h) any failure by the Authority to comply with any provision of this bulk entitlement;
 - (i) any difficulties experienced or anticipated by the Authority in complying with this bulk entitlement and any remedial action taken or proposed by the Authority.
- 11.2 The Minister may require the Authority to report on all or any of the matters set out in Sub-clause 11.1—
- (a) in writing, or in such electronic form as may be agreed between the Authority and the Minister; and
 - (b) within 14 days of receiving the Minister's written request.
- 11.3 The Authority must, for the period of the preceding year, report in its Annual Report on each of the matters set out in Sub-clause 11.1, except—
- (a) Paragraph (a) of Sub-clause 11.1; and
 - (b) with the approval of the Minister, any particular failure referred to in Paragraph (h) of Sub-clause 11.1.
- 11.4 The Resource Manager may require the Authority to report to it, from time to time, on all or any of the matters set out in Sub-clause 11.1.
- 11.5 Any report under Sub-clause 11.4 must be made—
- (a) in such form as may be agreed between the Authority and the Resource Manager; and
 - (b) unless the Authority and the Resource Manager agree otherwise—
 - (i) within 24 hours of the Authority receiving a request for a report on any matter set out in Paragraph (a) of Sub-clause 11.1; or
 - (ii) within 14 days of the Authority receiving a request for a report on any matter set out in Paragraphs (b) to (i) of Sub-clause 11.1.
12. Water Resource Management Costs
- 12.1 Subject to Sub-clause 13.1, the Authority must pay the Resource Manager a fair and reasonable proportion of the costs incurred by the Resource Manager to—
- (a) prepare the Kiewa Basin Water Accounts; and
 - (b) monitor whether entitlement holders in the Kiewa Basin comply with the conditions of their bulk entitlements; and
 - (c) direct the release of any water set aside for maintaining water quality in the Kiewa Basin; and
 - (d) investigate and mediate disputes between entitlement holders in the Kiewa Basin; and
 - (e) investigate and deal with significant unauthorised uses of water in the Kiewa Basin; and

(f) supervise the qualification of any rights to water made by the Minister during periods of declared water shortage under Section 13 of the Act.

12.2 The proportion of the costs referred to in Sub-clause 12.1 is to be determined by the Resource Manager under Sub-clause 13.3.

13. Duty to Keep Accounts and Fix Proportions

13.1 The Authority is not obliged to make any payment to the Resource Manager, under Clause 12 unless the Resource Manager chooses to comply with the provisions of this clause relevant to that payment.

13.2 Separate accounts of all costs and payments must be kept by the Resource Manager in respect to Sub-clause 12.1.

13.3 The Resource Manager must, by 1 July in any year, determine for the Authority, in respect of the ensuing year, a fair and reasonable proportion of the costs referred to in Sub-clause 12.1.

13.4 Accounts required to be kept under this clause must be made available for inspection by the Authority upon request.

14. Duty to Make Payments

Any amount payable by the Authority under Sub-clause 12.1 must be paid in arrears, within 28 days of the Authority receiving an invoice, unless the Authority and Resource Manager agree otherwise.

15. Data

15.1 Subject to Clause 10.3, the Minister will use the Minister's best endeavours to ensure that all hydrological and other data required by the Authority to comply with this bulk entitlement are made available to the Authority.

15.2 The Authority must make available data collected for the purpose of the metering program and reporting under Clauses 10 and 11 to any person, subject to the person paying any fair and reasonable access fee imposed by the Authority, to cover the costs of making the data available.

16. Dispute Resolution

16.1 If any difference or dispute arises between the Authority, the Minister and, with its consent, the Resource Manager, or any of them (the "parties") concerning the interpretation or application of this Order, which is not resolved within 14 days of it arising, any party may give written notice to the others requiring the matter to be determined by an independent expert, if it is not otherwise resolved, within 14 days of that notice.

16.2 The independent expert will be either—

- (a) a person agreed on by the parties to the difference or dispute; or
- (b) if those parties cannot agree, a person nominated by the Minister.

16.3 The independent expert must reach a conclusion on the matter within 30 days of it being referred, but has power to extend the period for reaching a conclusion on the matter by a further 30 days.

16.4 The independent expert must send a copy of the conclusion and its supporting reasons to each party to the difference or dispute.

16.5 (a) In any difference or dispute to which the Minister is a party, the independent expert must express the conclusion as a recommendation.

- (b) The Minister must consider any recommendation made under Paragraph (a) before deciding to give a direction under Section 307 or to take any other action under the Act in relation to the difference or dispute.

16.6 In any difference or dispute to which the Minister is not a party, any conclusion by an independent expert is final and binding on the parties.

16.7 The apportionment of the costs of and incidental to every reference, including the costs of the independent expert, shall be at the discretion of the independent expert.

OF THE EXHIBITION STREET
EXTENSION PROJECT WITH THE
MELBOURNE CITY LINK PROJECT"

Notice is hereby given of the variation, described in the Schedule below, to the provisions of the Agreement for the Melbourne City Link Project made in accordance with the terms of the Agreement and section 15 of the **Melbourne City Link Act 1995**.

The variation comes into operation on the date this notice is published in the Government Gazette.

A statement of the variation has been published and may be inspected free of charge during office hours at the Department of Infrastructure, Level 3 Plaza, Nauru House, 80 Collins Street, Melbourne 3000 and at the offices of the Melbourne City Link Authority, Level 13, Nauru House, 80 Collins Street, Melbourne 3000.

The statement of variation is called "Statement of Variation No. 4/1997: Integration of the Exhibition Street Extension Project with the Melbourne City Link Project".

SCHEDULE

The variation comprises a number of changes related to the implementation of the Exhibition Street Extension Project and the integration of that Project with the Melbourne City Link Project.

The Exhibition Street Extension Project is a proposed road connection from Exhibition Street to the Southern Link of the Melbourne City Link Project.

The changes are detailed by a written Notice dated 30 June 1997 from the State to Transurban City Link Limited A.C.N. 070 810 678 (the "Company") and Perpetual Trustee Company Limited A.C.N. 000 001 007 ("Perpetual"). A copy of the Notice is attached to the Statement of Variation.

The changes specified in the Notice include, in summary:

- (a) Redesign of the Punt Road interchange;
- (b) Provision for additional exit ramps at Punt Road and Burnley Street for traffic using the Exhibition Street Extension;
- (c) Redesign of the part of the Southern Link between Punt Road and Burnley Street to provide an additional East-bound traffic lane; and
- (d) Modifications to landscaping and other consequential and ancillary design modifications.
